Community Development Department
Development Log
January / February / March 2011

The Development Log was started to keep an active record of large-scale development projects occurring in the City of Cambridge. The Log, updated on a quarterly basis, is distributed to City departments to keep them posted of development progress from permitting and construction to completion. Criteria for the Log include:

- ♦ Commercial projects totaling over 50,000 square feet and any which have a significant impact on the neighborhood in which it is located.
- ♦ Residential projects of eight or more units that are new construction or rehab/renovation projects that alter the existing use either by adding to or subtracting from the existing number of units or square footage.
- ♦ All municipal projects in which a cross section of City departments may have an interest and all which are considered significant.

Projects meeting the criteria will be categorized by status, which include:

- ***Permitting*** = project under review by Community Development and/or Inspectional Services.
- ***Special Permit Granted*** = development received Special Permit from the Planning Board.
- ***In Construction*** = development received Building Permit.
- ***Complete*** = project received Certificate of Occupancy (CO) or Temporary CO.
