ABOUT OUR PROGRAM

Tobin Kids Camp will provide your child with a summer of excitement and adventure in a safe and caring environment. **V**alues, **R**espect, **F**airness and **A**cceptance are part of our philosophy. We recognize and encourage each child's uniqueness. Your child will participate in a supervised, structured yet flexible program where children have the opportunity to develop special relationships with staff and peers.
Through weekly themes we provide campers the opportunity to experience science, music, arts and crafts, sports and cooking, as well as spending time in the computer lab and enjoying the outdoors in the park, fresh pond and water play in the sprinklers. Our staff to child ratio insures that your child will receive the individual attention they need.

Pre-School Group – 2.10 to 4 Years

Our pre- school program offers a fun, safe, loving environment which enables children to explore and learn through creative art and play. Our program is designed to promote social skills such as sharing, cooperating, and respect while developing listening skills and becoming independent learners. Children will participate in daily art, music, literacy, sports and dramatic arts with daily park and water play opportunities. Local field trips will enhance your child's summer camp experience.
(Children must be toilet trained)

School Age Groups – Ages 4 (by March 31st) to 10 Years

School age campers will venture out once or twice a week on field trips. Beach trips, trips to zoo's, museums, and other fun destinations will enhance our weekly themes. Campers will also be provided the opportunity to participate in weekly drama, music & gymnastics lessons with highly trained instructors.

Extended Day Program

The extended day program runs until 5:30 and is a more relaxed atmosphere. Children have had a busy day already, so our extended day staff provides a more informal environment with quiet games, crafts, and playground time. Pre Kindergarten and Kindergarten students are offered a rest period after lunch.
