Transit Advisory Committee Meeting

June 5, 2013 from 5:30 PM – 7:30 PM

Cambridge Citywide Senior Center

806 Massachusetts Avenue (across from Cambridge City Hall)

Final Agenda

- 5:30 PM Welcome by Jeff Rosenblum, Environmental & Transportation Planning Division, Community Development Department
- 5:35 PM Review of notes from last committee meeting
Handout: Notes from the May 8 committee meeting.
- 5:45 PM Workshop: Transit and Demographics Data, led by Jeff Rosenblum
This goal of this workshop is to get feedback from the committee on what transit and demographics data and analysis would be useful to the committee to help better understand who uses transit, how it is used, its impact on other urban planning and development issues, and identify opportunities for transit expansion.
Handout: Worksheet.
- 6:30 PM Short films: "Open Data" initiatives for transit arrival information.
These short films show how the "Open Data" movement, the publishing of information on-line in real time, has allowed software developers to produce a myriad of tools (for free) that have changed how we interact with our transit system. (Soft drinks and popcorn will be served).
- 7:00 PM Presentation: Preliminary transit data analysis
Two interns for our division will give a "sneak peek" into some of the preliminary data analysis we have been doing. Amos Wright is a recent graduate of the Tufts Urban Environmental Policy program. Chaoqun "Charlie" Guo is a recent Masters graduate from Northeastern University's Civil Engineering program.
- 7:20 PM Public comments
- 7:30 PM Adjourn
