Green Line-replacement Bus Service Plan

- 1. GLX project will close Lechmere viaduct and station** between May 2020 and April 2021 other work to be completed on Lechmere Viaduct
- 2. Current plan is for a bus shuttle between Lechmere Station and North Station.**
 1. Stops will be Lechmere, Science Park, and North Station
 2. Approximately 15-20 buses needed during rush hours between Lechmere and North Station

- - - Closed Green Line
- Potential route
- . . . Alternate routes
- Open stations
- ✕ Closed stations

At Lechmere Station

Upcoming MBTA Actions

- Fiscal Management and Control Board to vote on project for the Lechmere Viaduct on 12/9
- Green Line Extension also requires closure of Lechmere station and part of viaduct for tie-in for extension to Somerville/Medford.

Transit Advisory Committee letters

- 1. Advisory Committees** have written letters to state agencies advocating for specific items during project planning, design, and construction
- Letters are signed by chair on behalf of the advisory committee but do not represent City staff's position
- Discussion is based on consensus decision-making model; simple majority required for quorum, simple majority to approve letter
