6"3 x 2'3" Skylight at 10 and 12 Mason St.

Existing view from Mason Street:

Currently the entire skylight housing measures 50" to the peak. We propose to replace this with a new traditional skylight unit. The unit measures 30" to the top of the hip and will sit on a curb. The new total height will be less than 50" and the traditional hip design will be a visual improvement.

Existing skylights and housing:

Proposed replacement - shop drawings may change glazing layout:
