## **Newport Road and Roseland Street Infrastructure Improvements Project**

*Community Meeting: Wednesday, November 16*

Dear Neighbor,

As you may know, the City is planning to begin construction on Roseland St and Newport Rd this fall and winter. We expect construction to begin on Roseland St later this month, followed by Newport Rd in January. The scope of work includes sewer, storm and water drain replacement, drainage upgrades, reconstructed sidewalks, roadway paving, and a raised intersection at the intersection of Frost St and Roseland St. We will provide an additional notice in advance of construction.

Project staff will host a community meeting on November 16 to discuss the details of the project, including schedule, construction impacts and more.
