A Combined Sewer Overflow (CSO) occurred in the Alewife Brook and consisted of untreated sewage and waste.

Location -CAM401A: discharges upstream of the confluence of the Little River and Alewife Brook and upstream of the Route 2 Bridge.

Date: November 30, 2022  
Start time: 7:20PM  
End time: 7:36PM  
Duration: 16 minutes  
Estimated volume (average last 3 years): 0.78 MG

Potentially affected areas: Arlington, Cambridge, Somerville, and Medford  
Required public health warning: Avoid contact with these water bodies for 48 hours after the discharge or overflow ceases due to increased health risks from bacteria and other pollutants. See website for more information:
