A Combined Sewer Overflow (CSO) occurred in the Little River/Alewife Brook and consisted of untreated sewage and waste

Location -CAM401A: discharges upstream of the confluence of the Little River and Alewife Brook and upstream of the Route 2 Bridge.

Date: March 14, 2023
Start time: 7:11AM
End time: 12:46PM
Duration: 5 hours, 35 minutes
Estimated volume (average last 3 years): 0.66 MG

Potentially affected areas: Boston and Cambridge

Required public health warning: Avoid contact with these water bodies for 48 hours after the discharge or overflow ceases due to increased health risks from bacteria and other pollutants. See website for more information: www.cambridgema.gov/CSOreport
