Subject: RE: MWRA/Cambridge/Somerville Revised Typical Year
Date: Tuesday, July 25, 2023 9:54:22 AM

Mr. Coppes, Mr. Raiche, and Ms. Woodbury,

MassDEP has reviewed the information provided to date regarding the development of a “Typical Year” by the MWRA, City of Somerville, and City of Cambridge, as part of the process of MWRA and the two cities developing updated CSO Long Term Control Plans, as required by the 2019 Variances for CSO Discharges to the Alewife Brook/Upper Mystic River Basin and the Charles River Basin. MassDEP concurs with EPA’s May 23, 2023 letter regarding Typical Year development and with the plan for MWRA and the two cities to incorporate the revised Typical Year into Updated Long Term Control Plans.
