***URBAN FOREST MASTER PLAN TASK FORCE MEETING***  
Tuesday, June 12<sup>th</sup>

The City is developing an Urban Forest Master Plan (UFMP) that will guide the development of the urban forest into the future. The UFMP will include a strategic plan to evaluate, maintain and expand the urban forest canopy enabling it to be more resilient to climate change, reduce the urban heat island effect, mitigate stormwater runoff, reduce nutrient runoff, and contribute to the community well-being. The UFMP will coordinate with the efforts of the citywide comprehensive plan (Envision Cambridge) and the Climate Change Preparedness & Resilience Plan.

An UFMP Task Force has been selected to advise and provide guidance and feedback to a project team charged with developing the UFMP. Task Force meetings are open to the public.
