For the Cambridge Planning Board

Revised 6/82

*** Please be complete; list all special permits and variances needed.

It is proposed to remove the existing entryway which is 79.50 sq. ft. in size. A new entry would be constructed of 261.24 sq ft, a net increase of 181.74 sq ft. The new addition has dimensions of 9'4"x28'0". A special permit is required for Hotel uses in the Office 2 District; as the existing hotel is non-conforming as to setback requirements in the office district a special permit is also required under Section 8.22 a to alter a non-conforming structure. Under Section 10.45 the Planning Board may also issue that permit.
