About this Event

Cambridge City Manager Richard Rossi's Early Childhood Taskforce is conducting a collaborative and data-driven process to identify a range of options for expanding early childhood services in Cambridge. A number of focus groups have been held with providers and families—and now it's YOUR turn to share your thoughts, concerns, and ideas for improving Cambridge's early childhood network. The combined experiences of families currently within the system will be captured through these final two focus groups, providing important data that will inform the taskforce's effort to recommend system improvements.
