Street & Sidewalk Construction Projects 2014 – 2015

A. Binney St – First St to Third St

- Utility construction is ongoing with several crews/work zones.
- Project includes new stormwater line, sidewalk and roadway reconstruction, cycle track, landscaping and street lighting.
- Scheduled to be completed: November 2014

B. Main Street – Ames St to Third St

- Construction scheduled to begin: Summer 2014
- Project includes sidewalk and roadway reconstruction, new vehicular connection from Third St to Main St, enhanced tree plantings and street lighting.

C. Longfellow Bridge – MassDOT Project

- Bridge reconstruction is currently underway.
- Project includes bridge restoration, enhanced bicycle and pedestrian access along bridge, Main St repaving from the bridge to Third St and enhanced median plantings.
- Revised plan for median to improve bike facility, pedestrian crossing and landscaping. More details on the median plan at: www.cambridgema.gov/theworks, under Construction, Main Street Reconstruction Project.
- See updated project website for information: <http://www.massdot.state.ma.us/charlesriverbridges/LongfellowBridge.aspx>
