

Fresh Pond Bioblitz

Saturday, June 6th

-SCHEDULE OF EVENTS-

7:30-9:30AM

BIRDS

We will visit various habitats around the reservation to look and listen for our resident birds. Meets at the Water Treatment Facility.

10AM-12PM

PLANTS: WOODY & HERBACEOUS

Meets at Lusitania meadow. Join local plant enthusiasts Walter Kittredge and Meg Muckenhoupt to look at wildflowers, grasses and trees!

2-3 PM

FUNGUS AMONG US : A WALK IN SEARCH OF FUNGI

Join Larry Millman and staff on a walk to see how many species of fungi reside on the reservation. Meets outside the Water Treatment Facility.

3-4 PM

LIFE, AQUATIC & INSECTS

Meets at Neville Place. Join Susan Agger, CWD staff and our entomologically-savvy volunteers to look for aquatic life in the ponds and insect life in the meadows and woodlands.

8-9:30 PM

CREATURES OF THE NIGHT: OWLS, BATS & INSECTS

With the help of ecologist Eric Olsen, we'll do an owl prowl, look for bats and other mammals, and use a light to attract moths and other nocturnal insects. Meets at the treatment facility.
