Cambridge Public Library,
Main Branch, 449
Broadway
- Alewife Visioning Workshop**
July 21, 6:30-8:30 pm
Tobin School Cafeteria,
197 Vassal Lane

With input from those who live, work, study, and play in our city, Envision Cambridge will create a shared vision for the future of our city. The plan will result in recommendations on a broad range of topics such as housing, mobility, economic opportunity, urban form, and climate and the environment. To learn more about the project, visit www.cambridgema.gov/citywideplan

Translation and childcare can be provided with prior request. The City of Cambridge does not discriminate on the basis of disability. The City will provide auxiliary aids and services, written materials in alternative format, and reasonable modifications in policies and procedures to individuals with disabilities with prior request. Please notify us at envision@cambridgema.gov at least 48 hours before the event with any requests.

How is Cambridge's population changing?

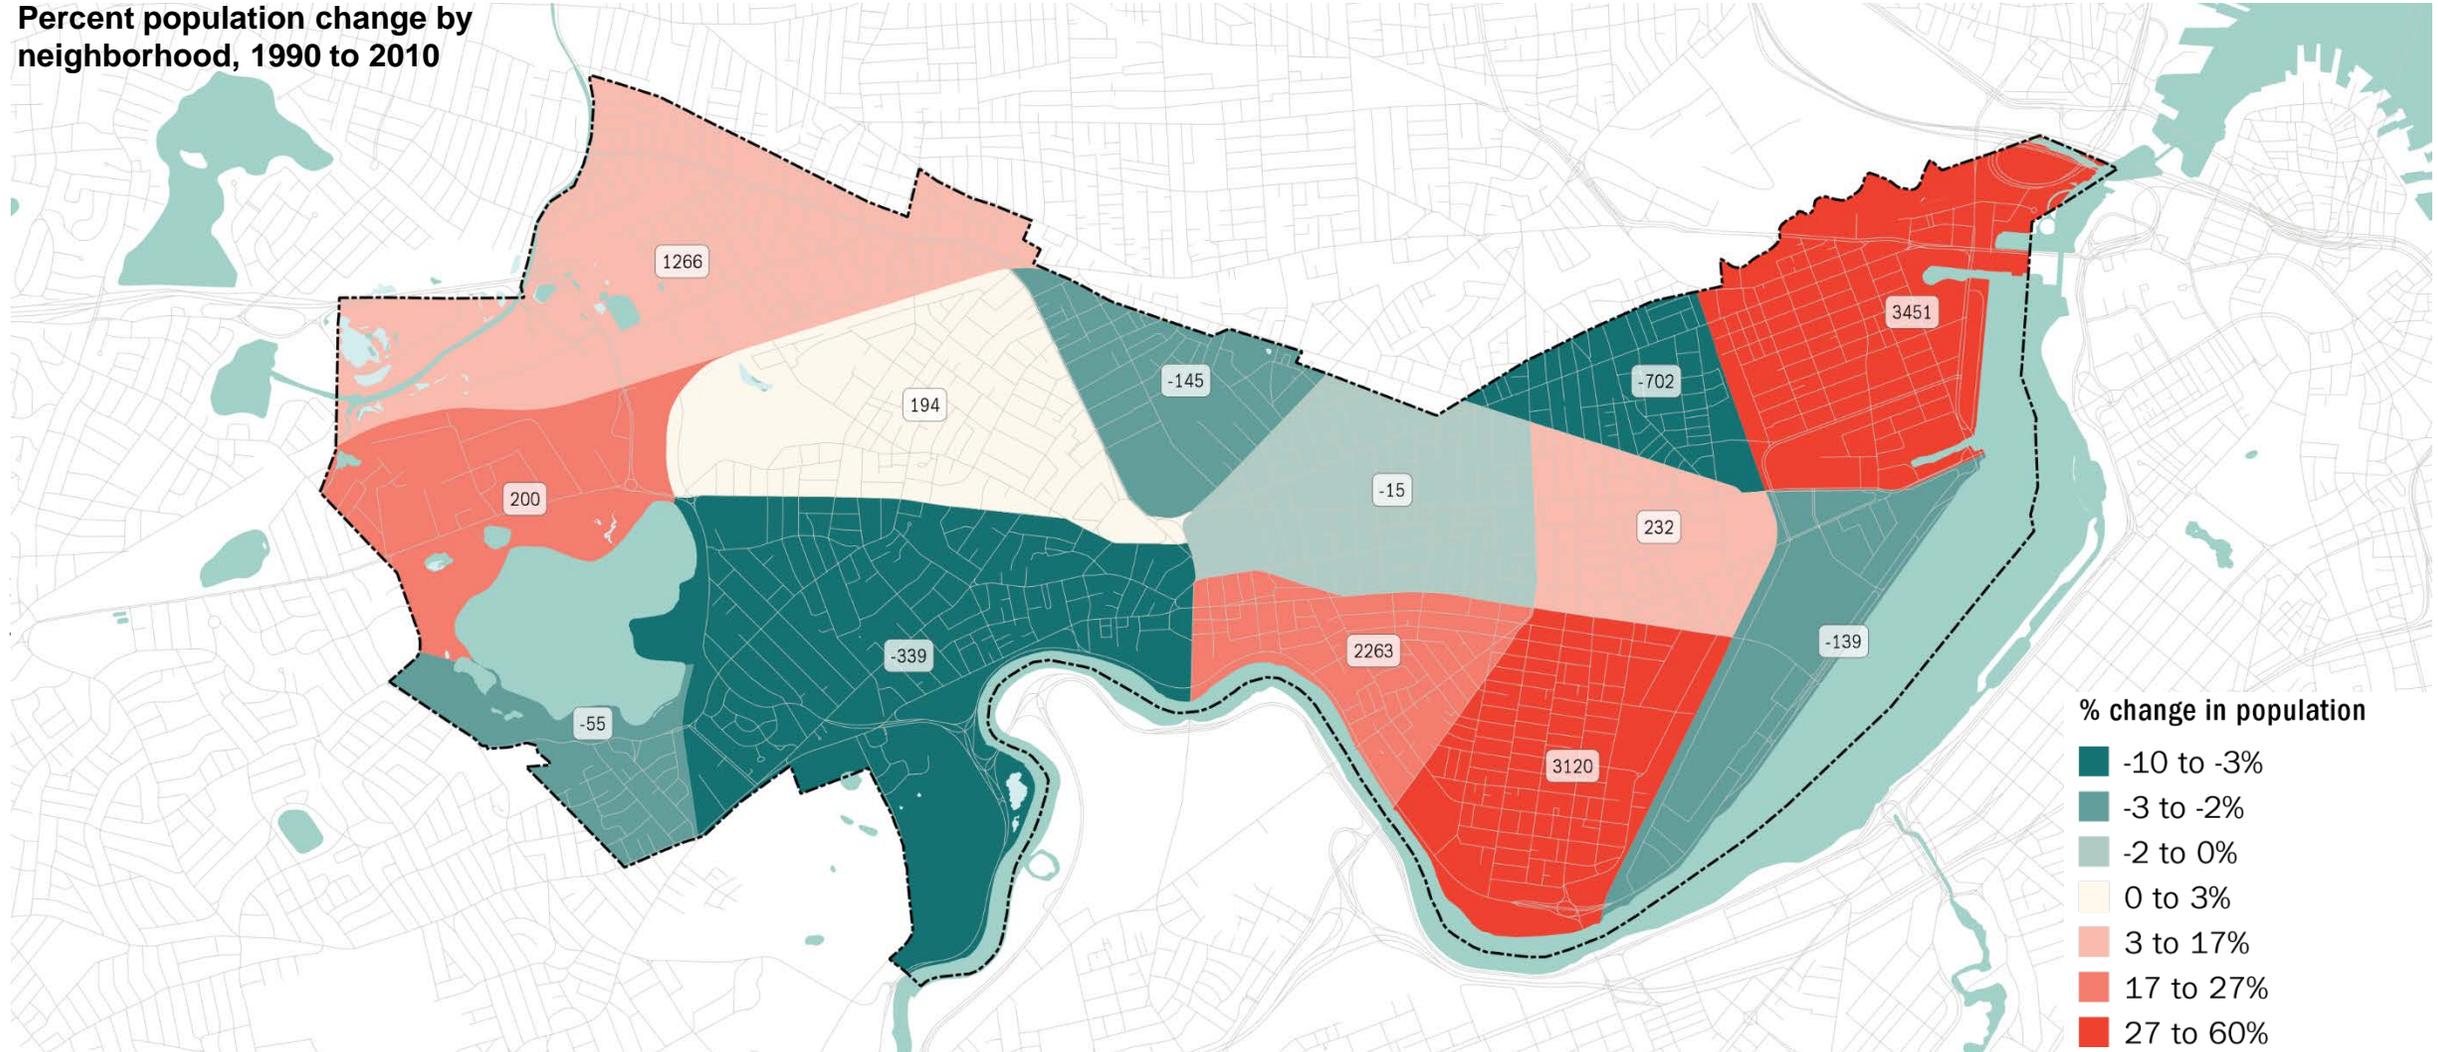

Cambridge's population is almost at its previous mid-century peak.

Source: Census 2011 Statistical Abstract; 2014 MAPC growth projections – Strong Core Scenario

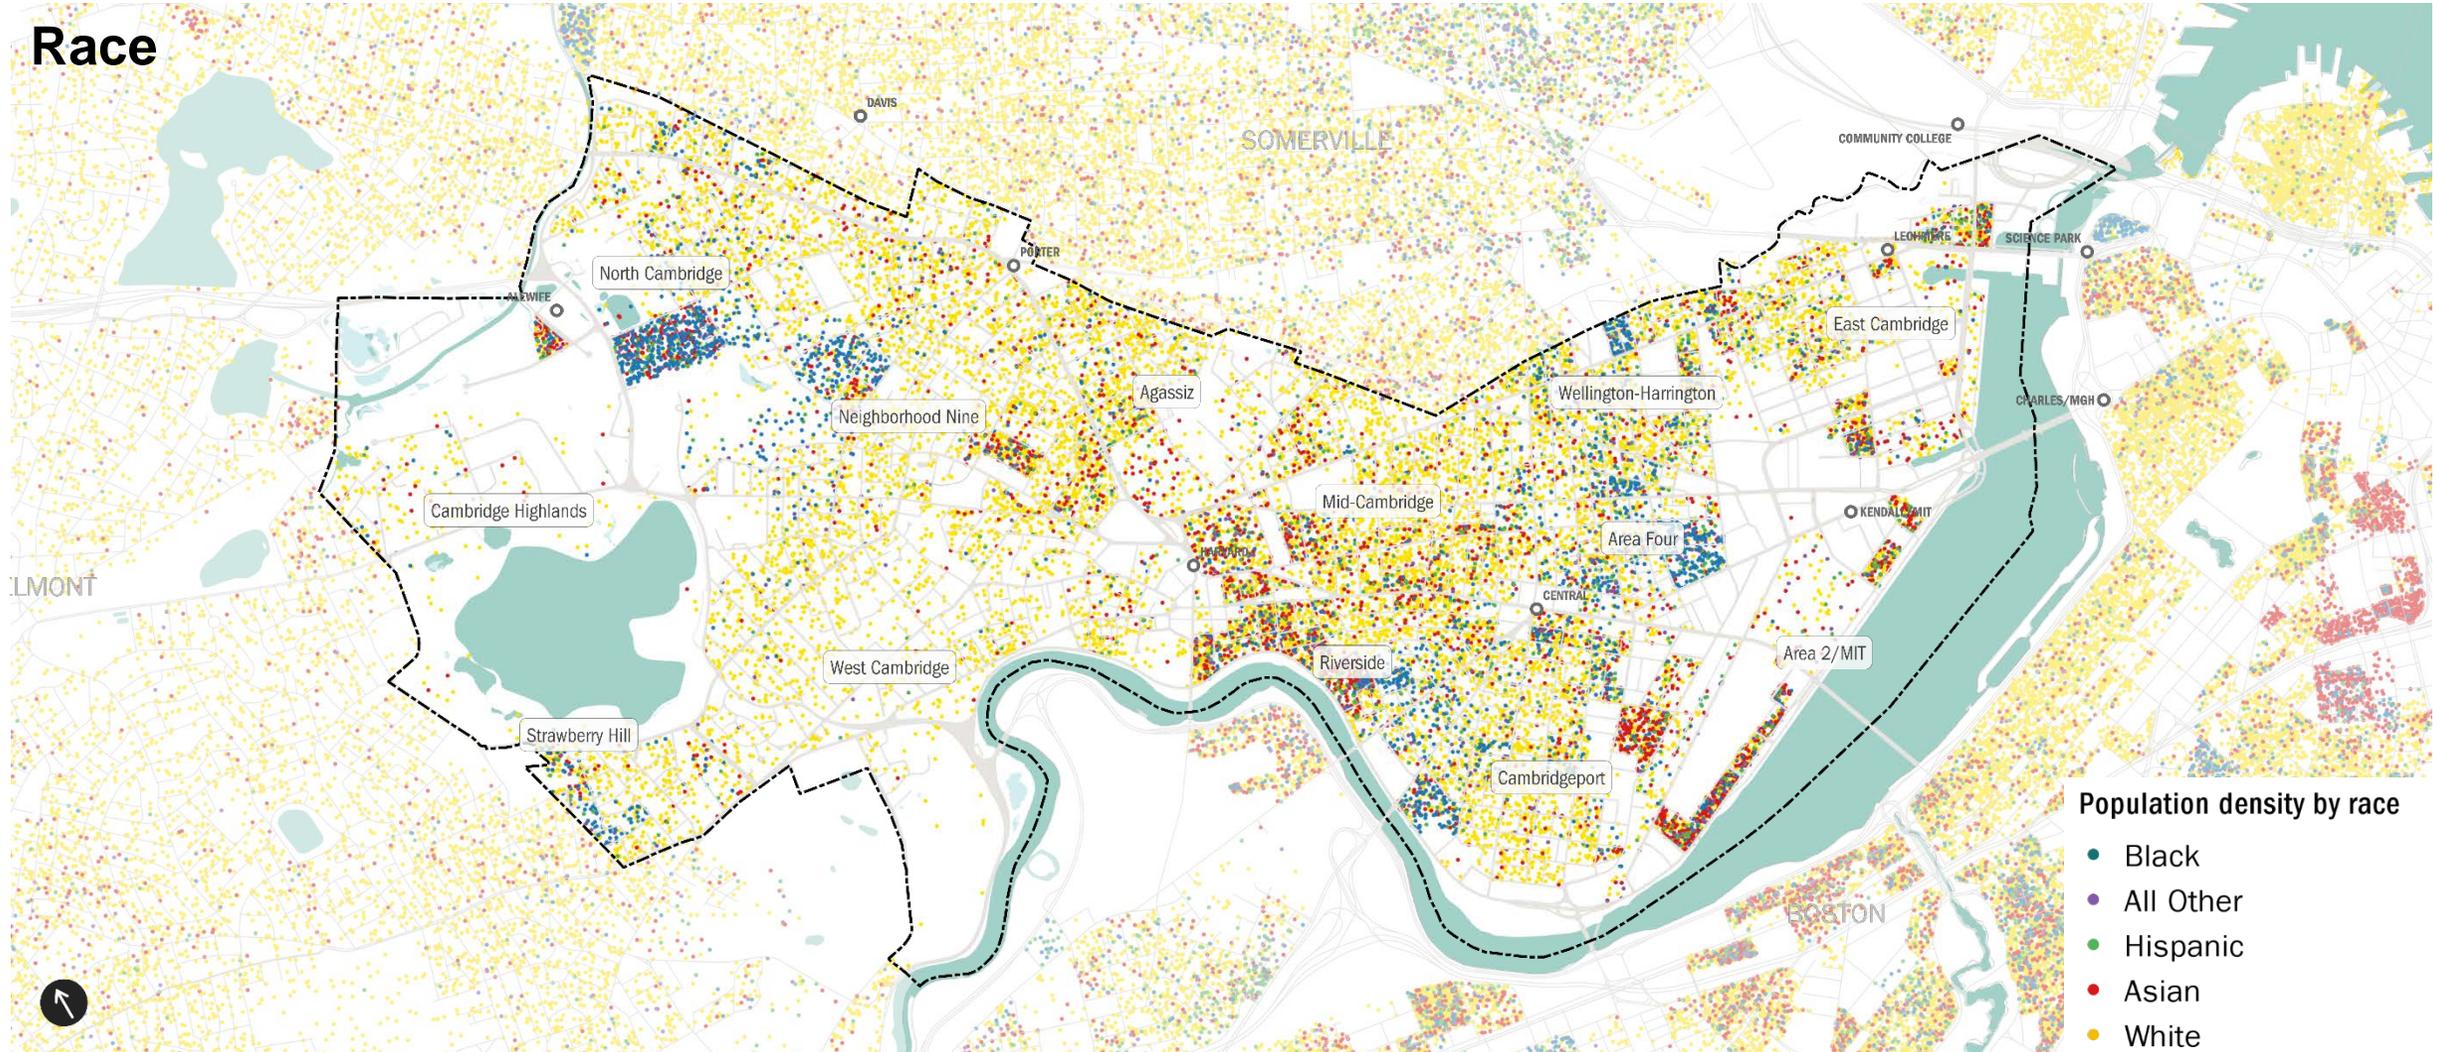

Population growth varies by neighborhood.

Percent population change by neighborhood, 1990 to 2010

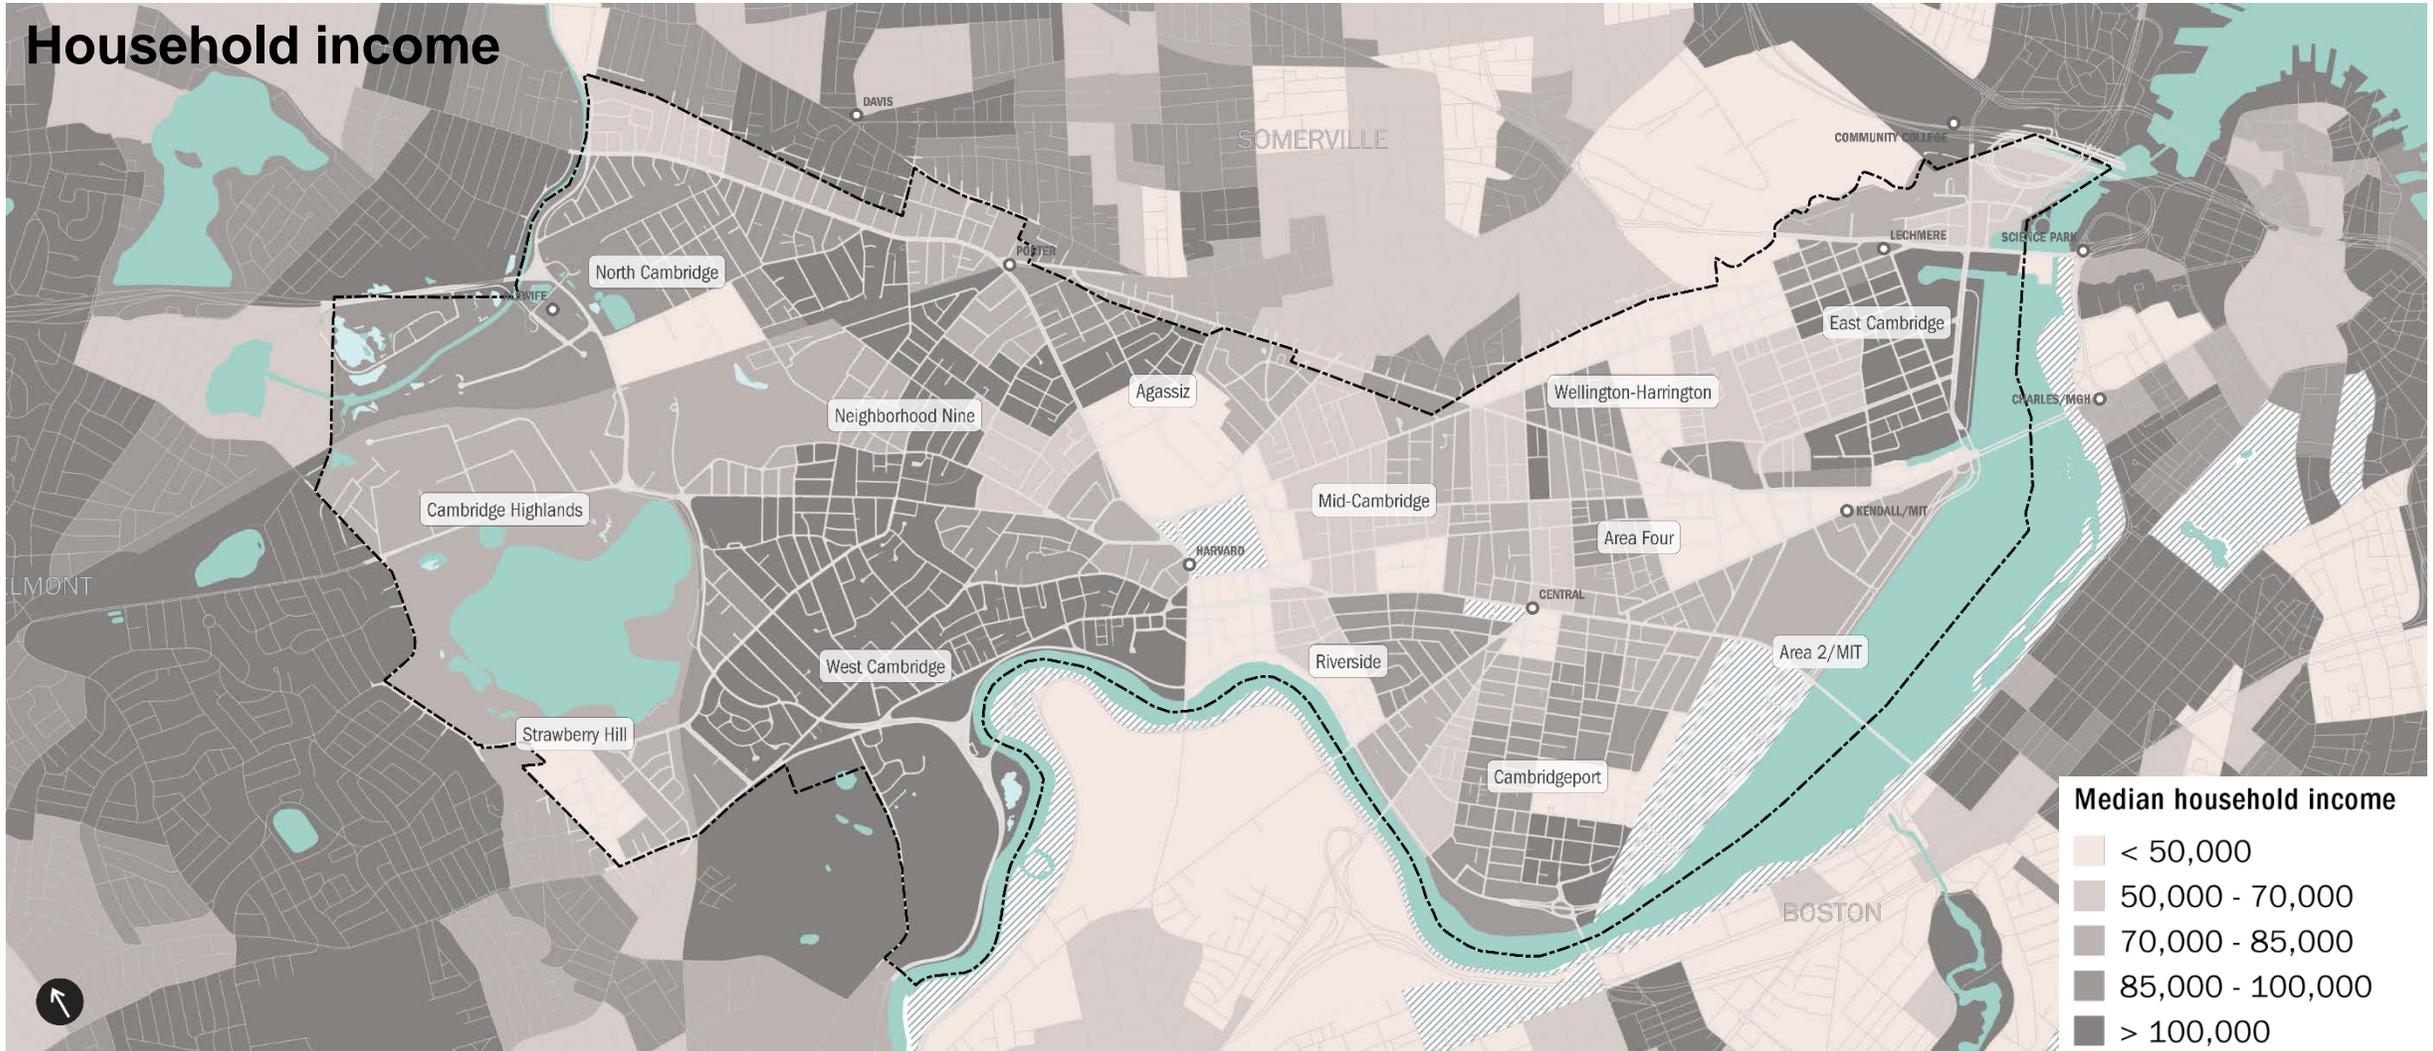

Source: U.S. Census Bureau 1990 and 2010 Population Counts

Race, income, and education levels all vary by location.

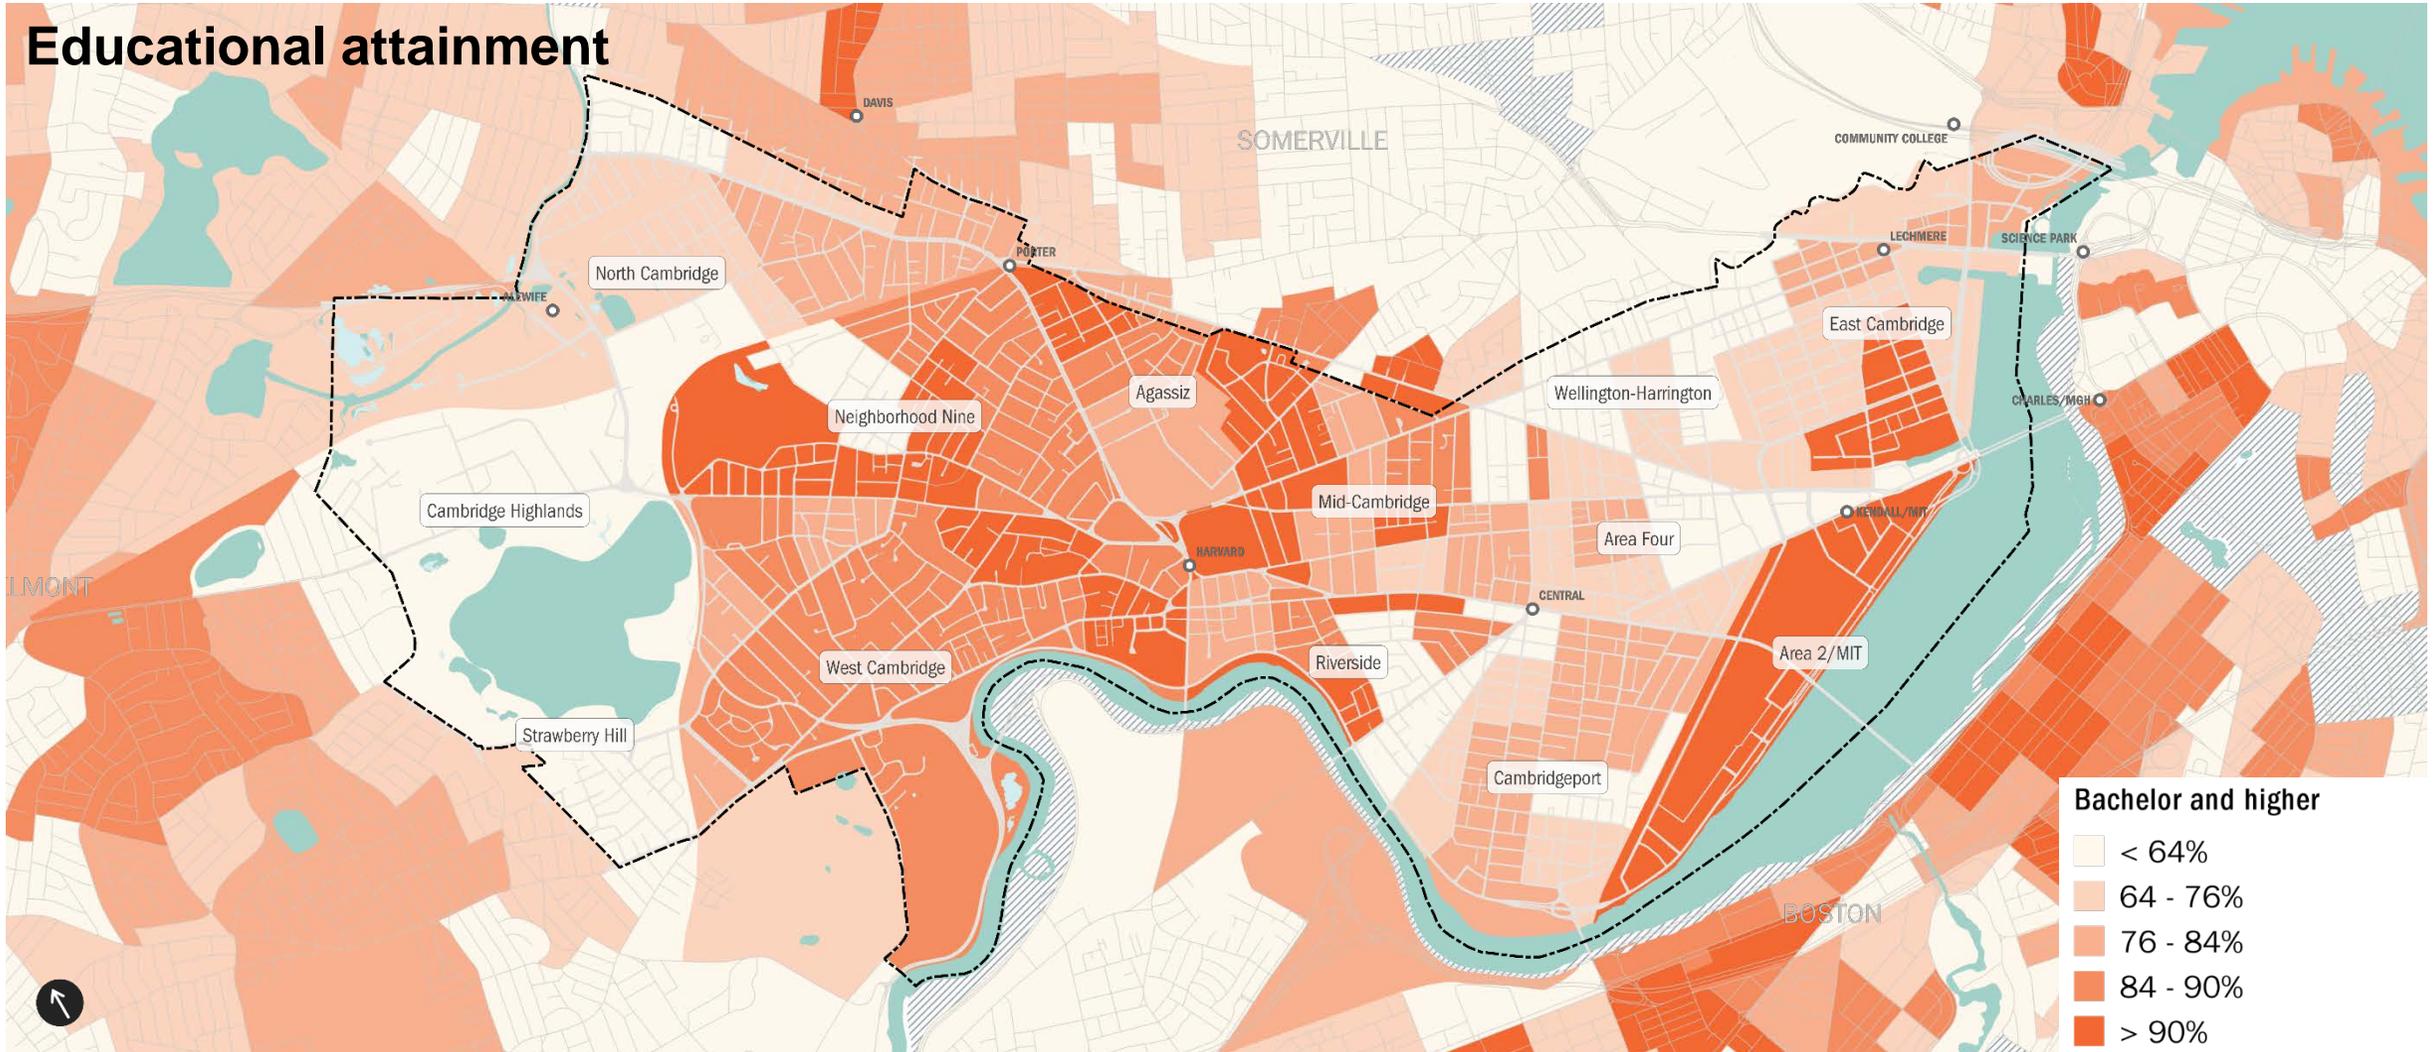

Source: U.S. Census 2010 Population Count

Race, income, and education levels all vary by location.

Race, income, and education levels all vary by location.

Source: 2014 American Community Survey 5-year block group estimates

What drives this change?

Community assets and urban form

Cambridge thrives because it is diverse, walkable, and sustainable.

Density supports a vibrant public realm.

Neighborhood vitality

Businesses (especially niche businesses) need lots of people around and fare better with more foot traffic. Density supports a diverse business ecosystem.

Cambridge's density also feels human and inviting.

What drives this change?

Economic assets and opportunity

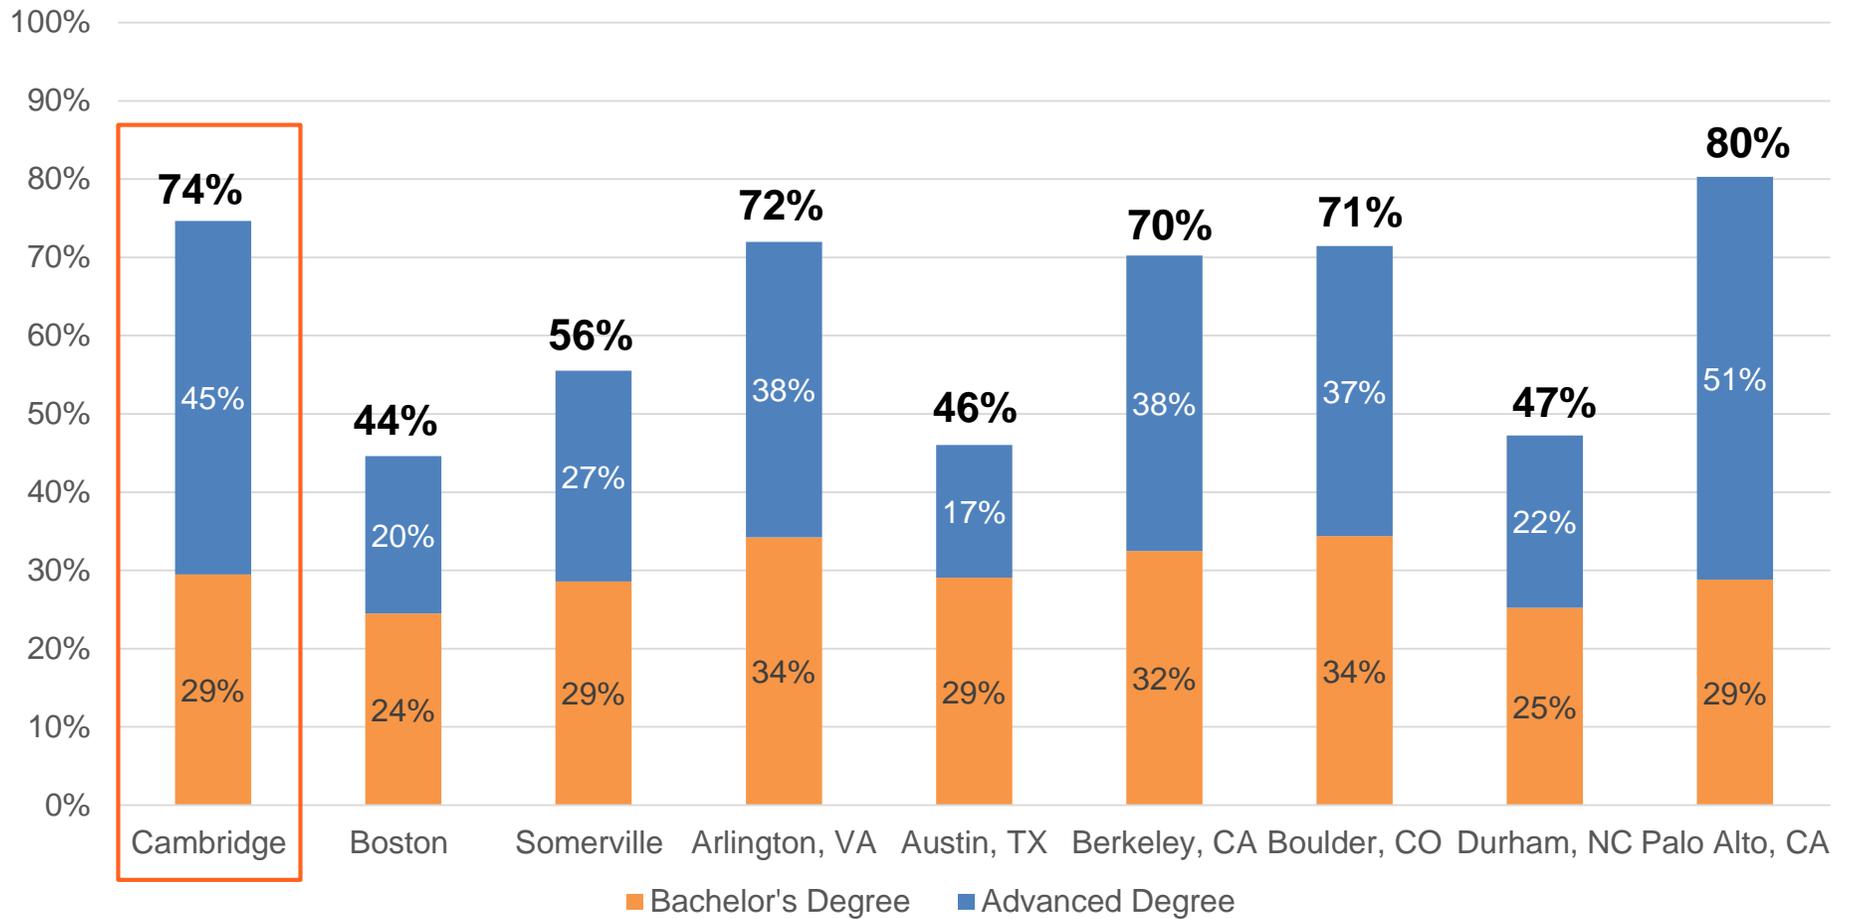

Cambridge is at the leading edge of the knowledge economy.

Cambridge has a particularly educated workforce.

Educational Attainment vs. Peer Cities

Residents and jobs in 2014

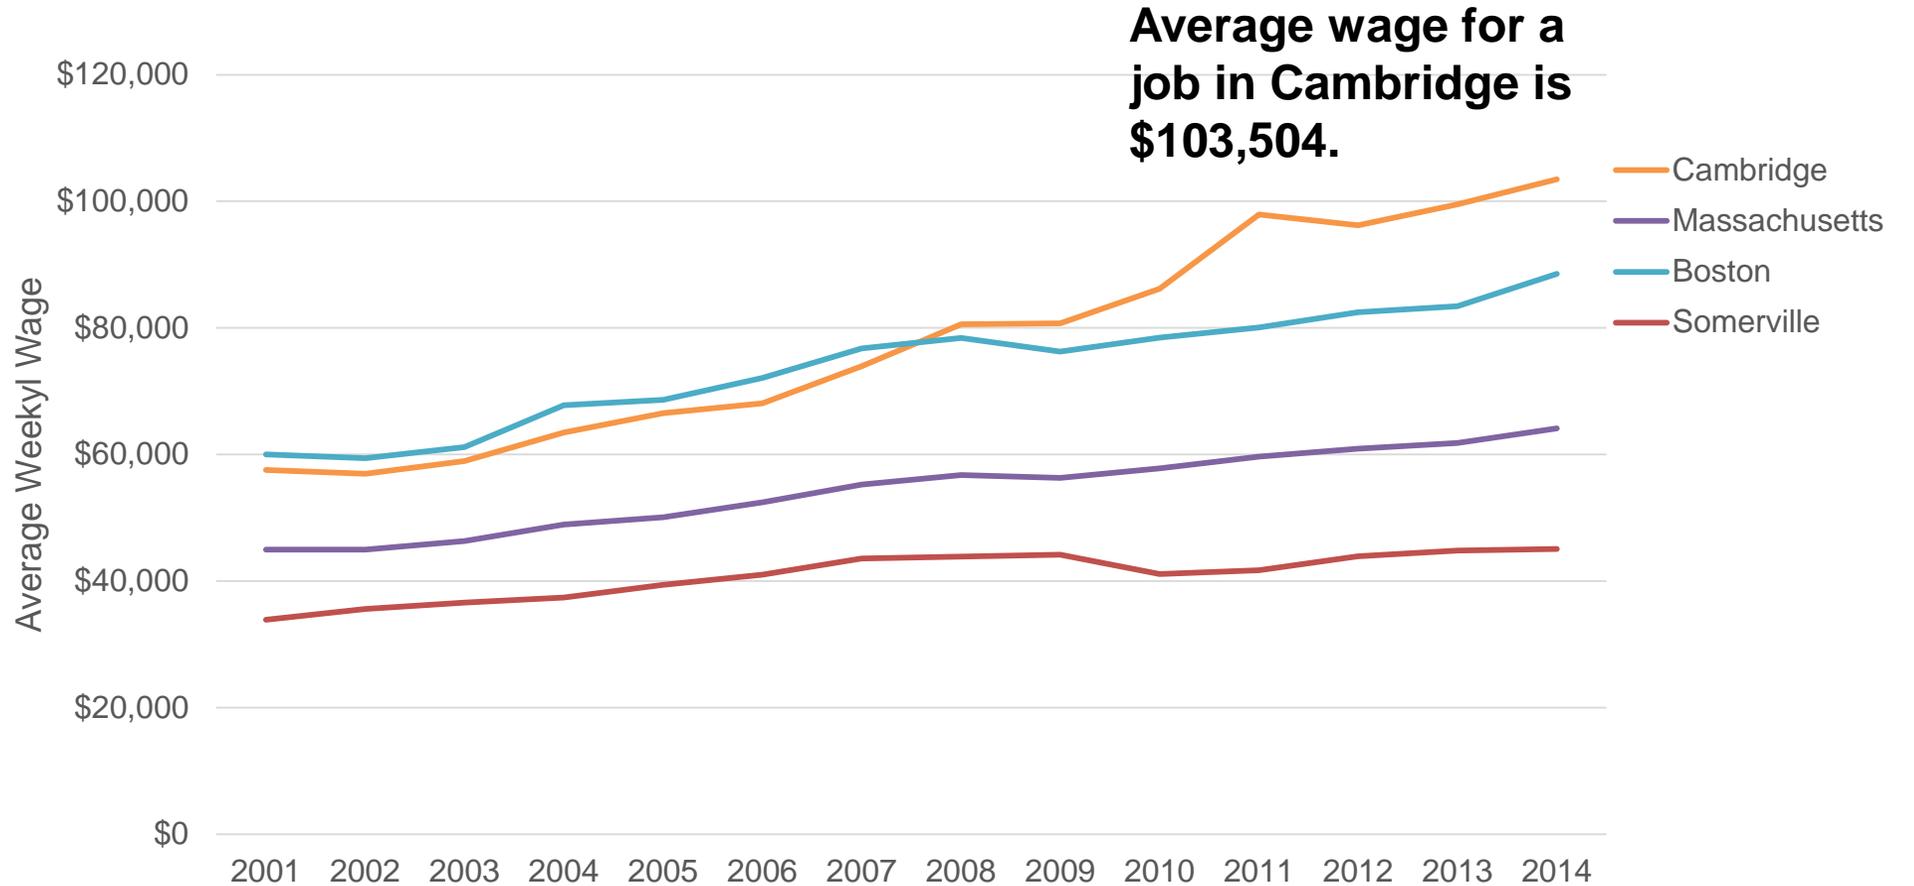

- **110,000** people living in the city
- **63,000** people in the labor force (able to work)
- **112,000** jobs in the city

- **12%** of people working in Cambridge for their primary job also live in Cambridge
- **28%** of people living in Cambridge also work in Cambridge for their primary job

Source: 2010-2014 ACS Data, 5-Year Estimates, Mass Executive Office of Labor & Workforce Development, U.S. Census Bureau Center for Economic Studies

Wages have grown faster in Cambridge than in its neighbors.

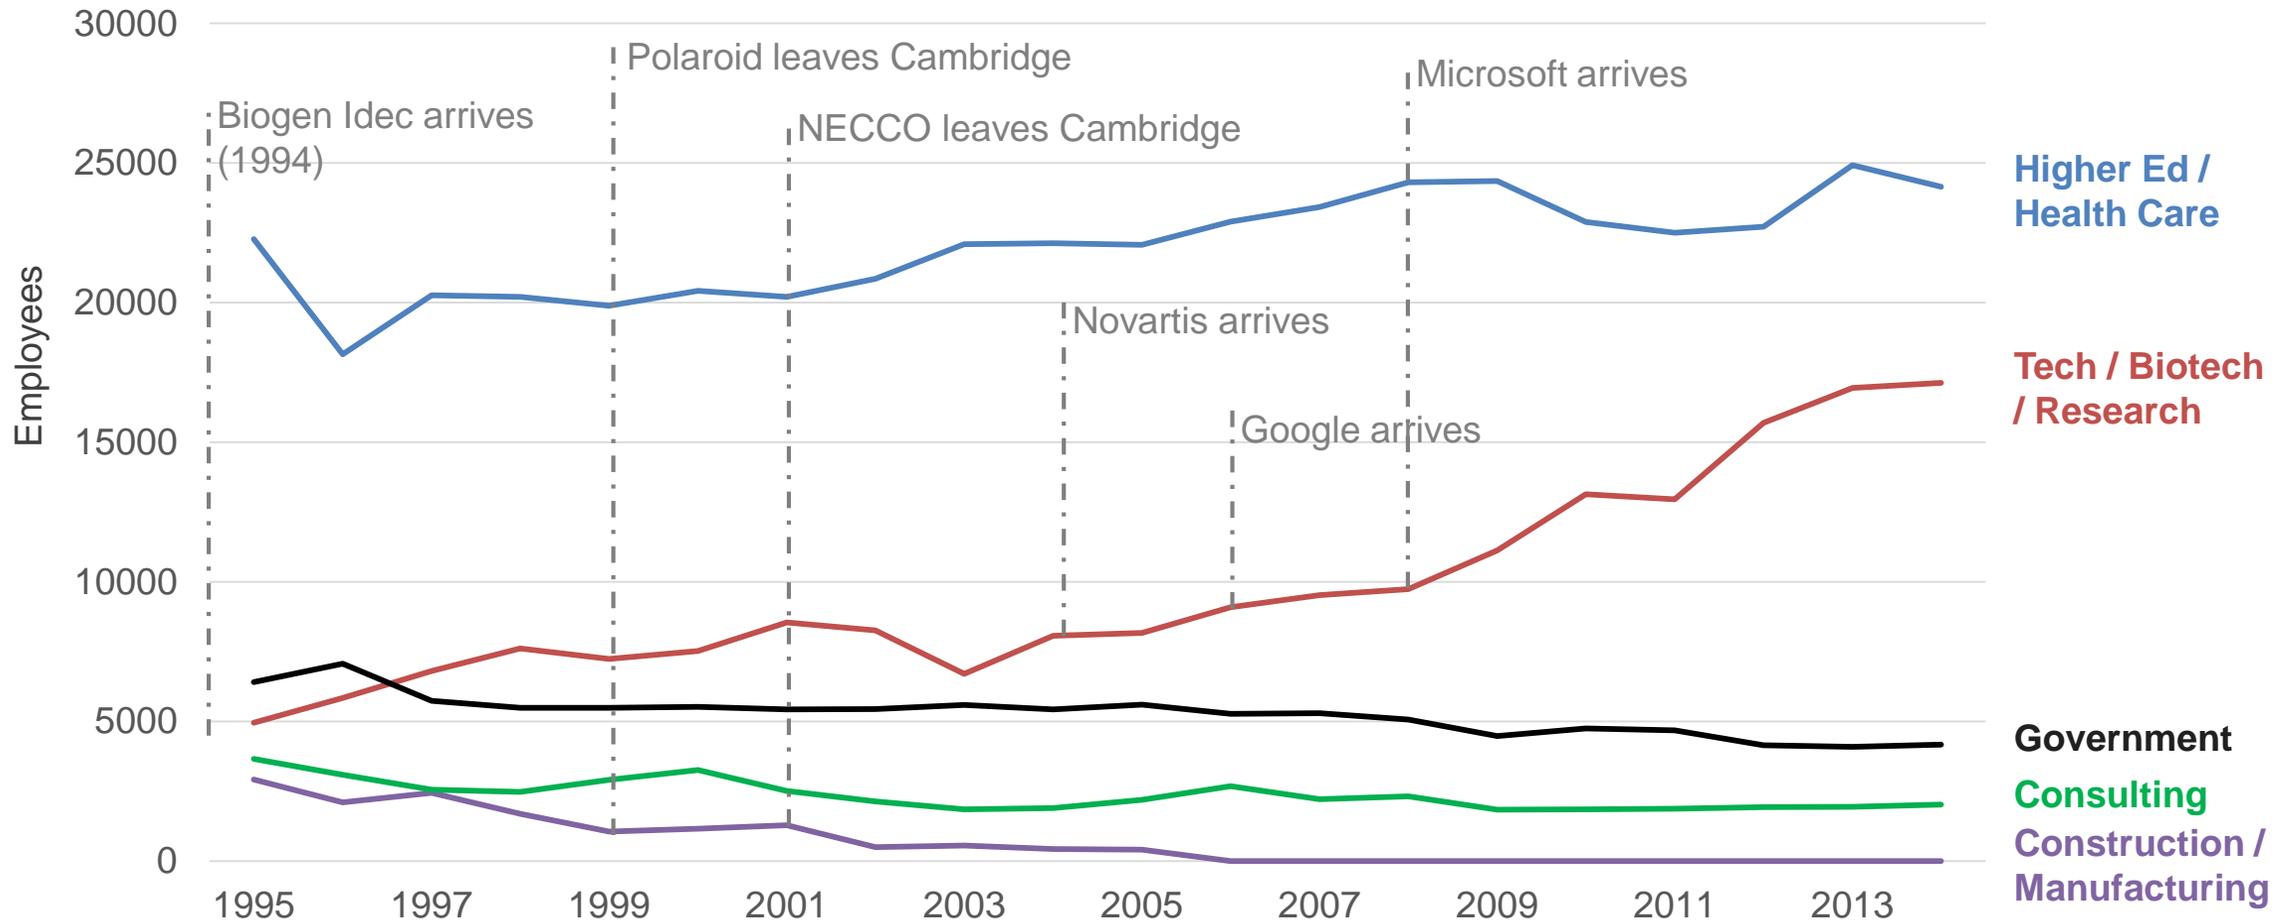

**Average Annual Wage,
2001–2014**

Source: Mass Executive Office of Labor & Workforce Development

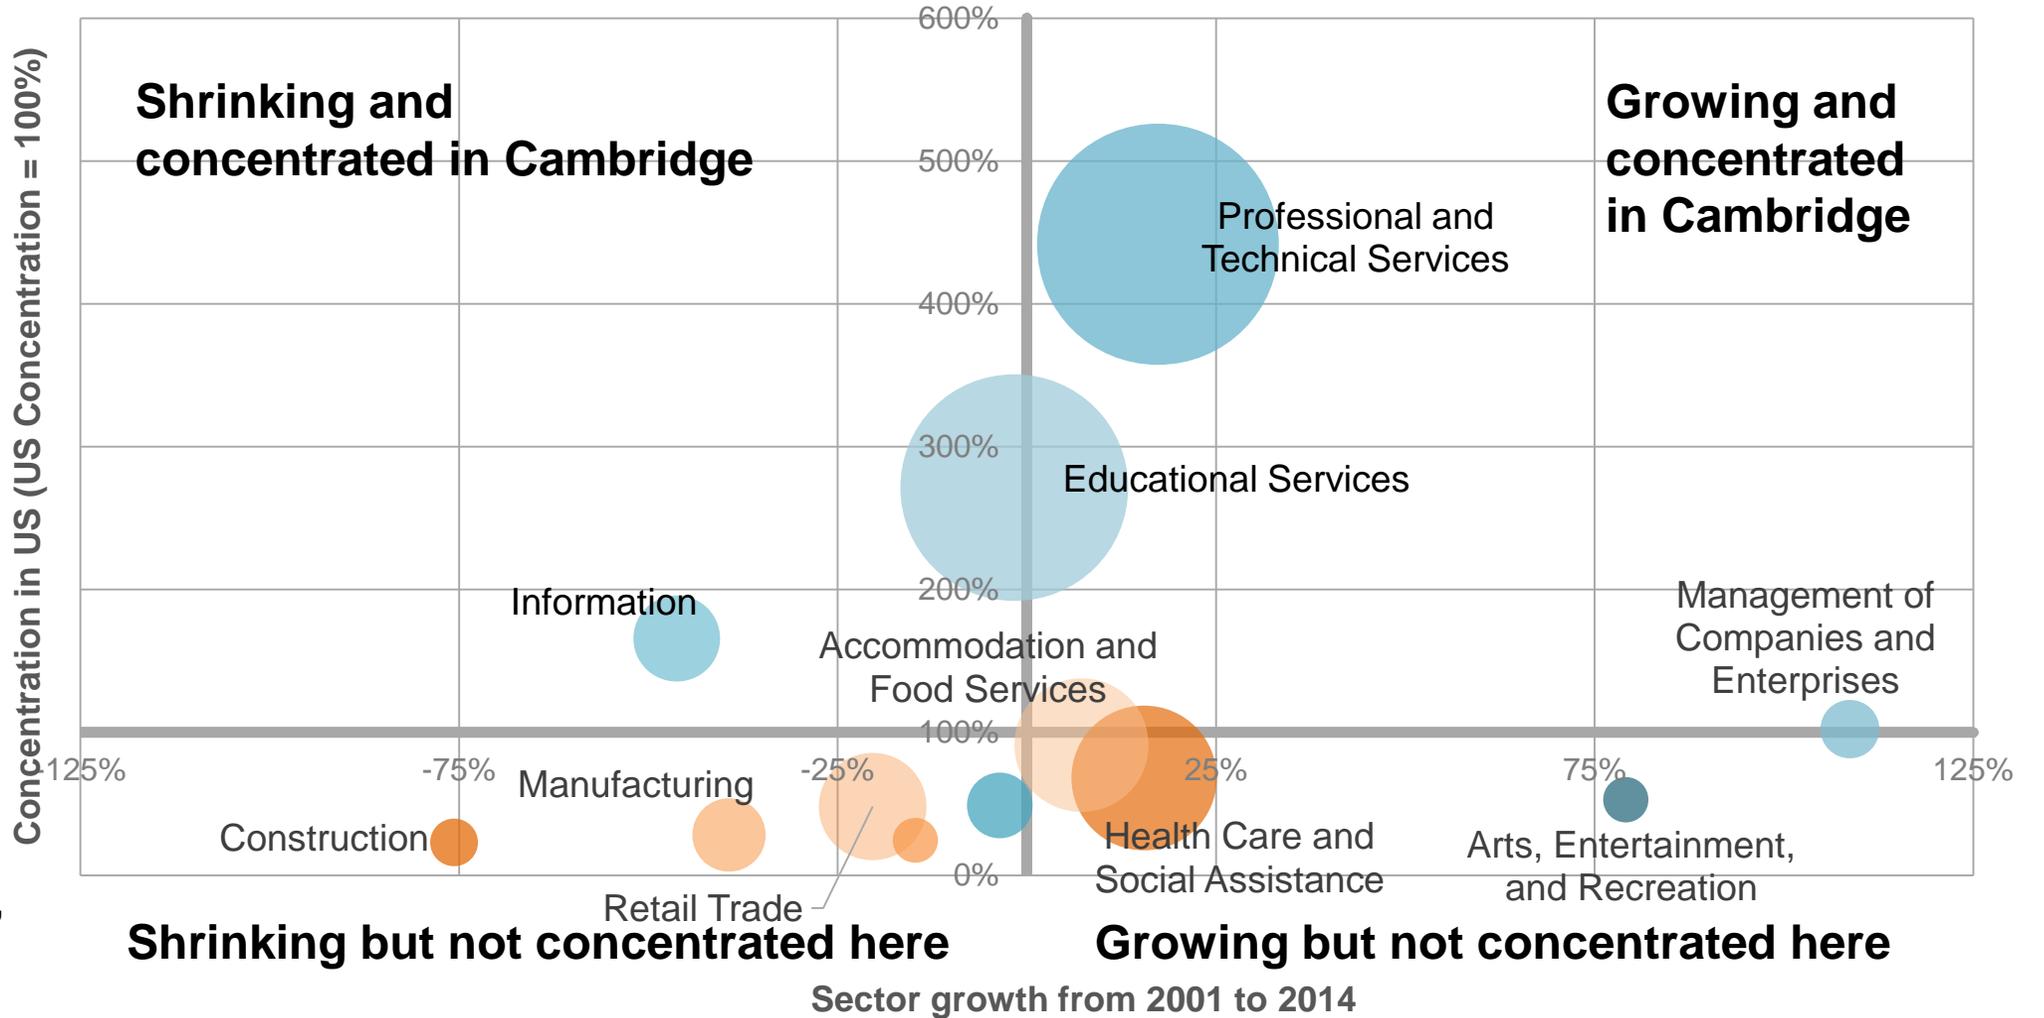

The largest employers are increasingly in tech and biotech.

Cambridge's Top Employers by Sector by Number of Employees

Source: City of Cambridge, Top 25 Employers, 1995-2014

Knowledge economy sectors are concentrated and growing quickly.

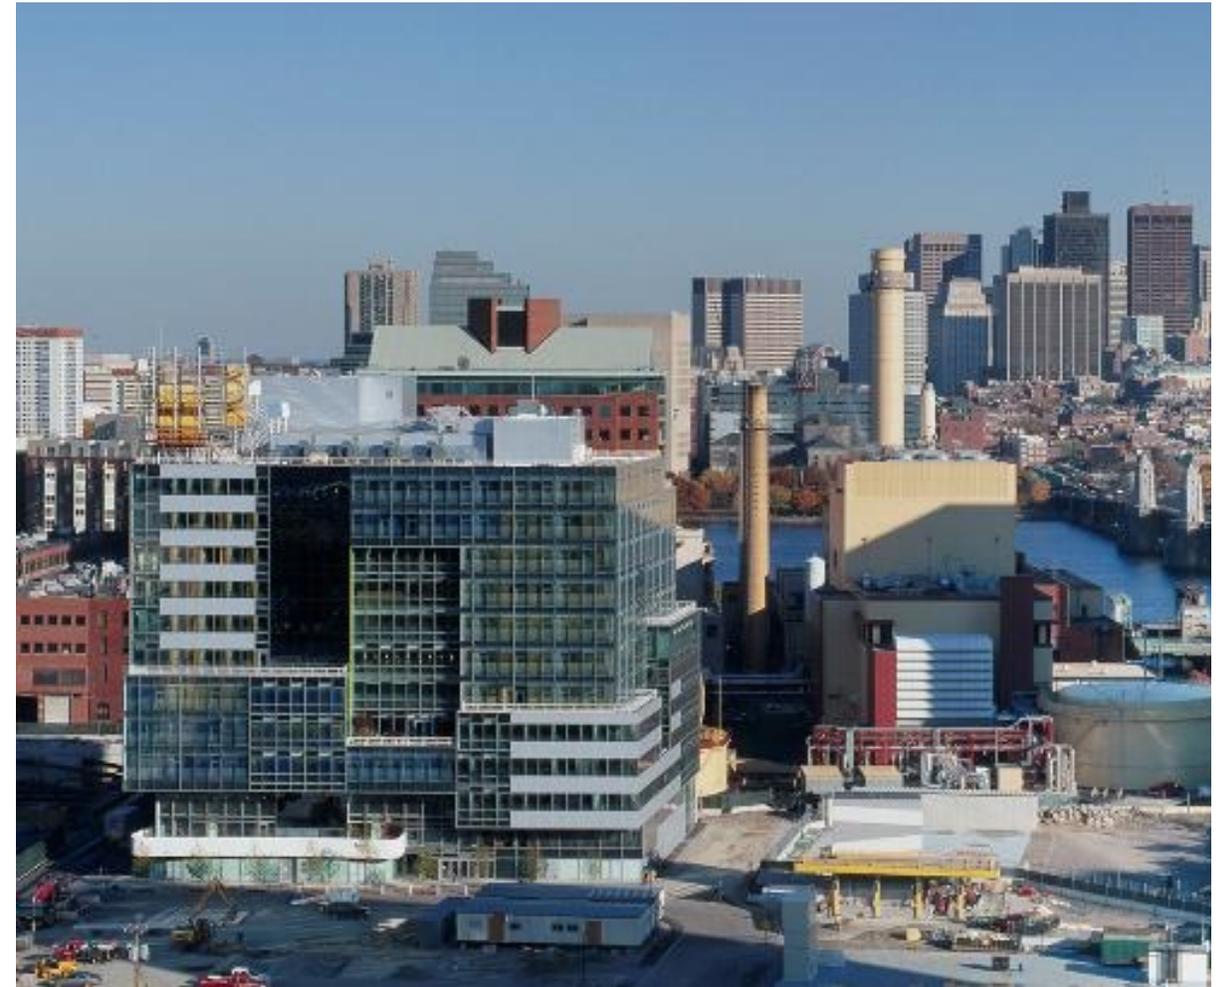

Sector Growth, 2001-2014 and Location Quotient, 2014

Source: Mass Executive Office of Labor & Workforce Development & U.S. Bureau of Labor Statistics

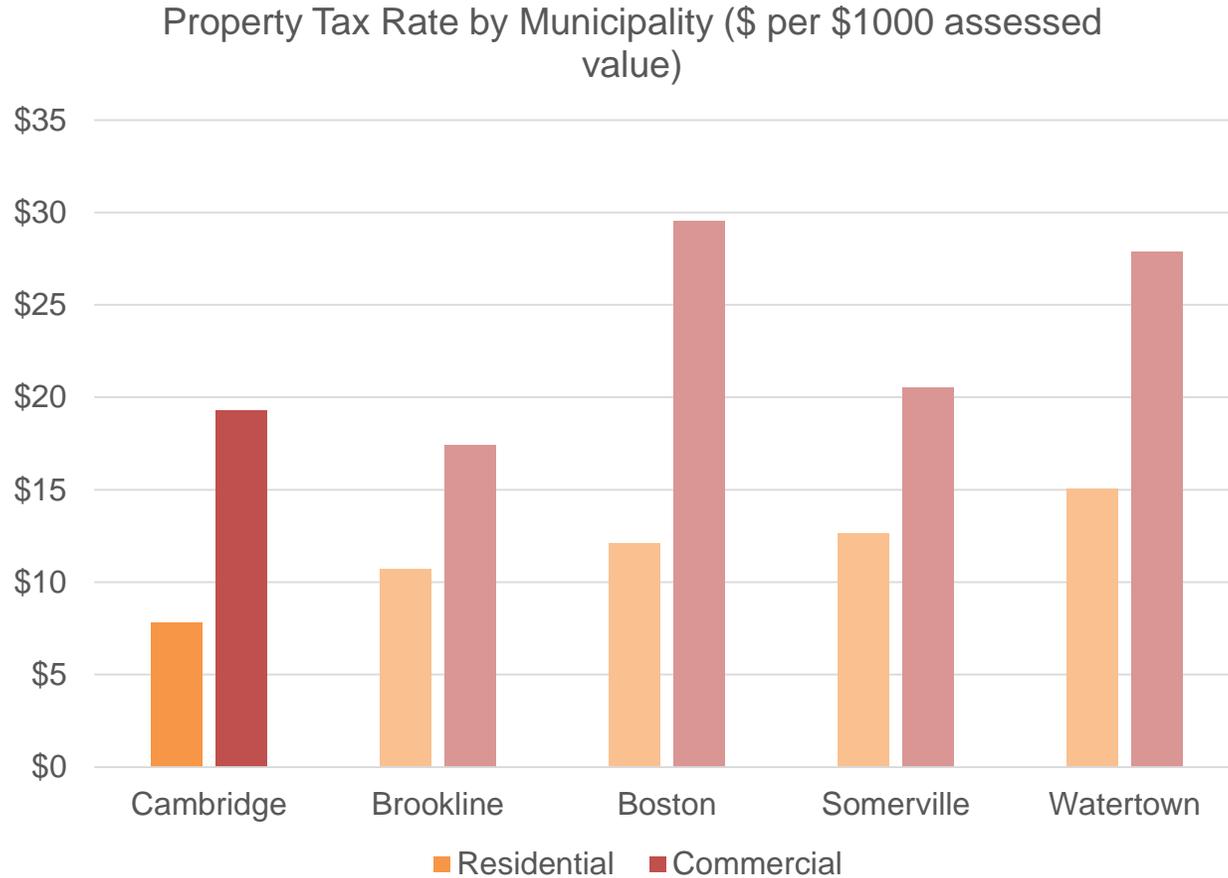

Businesses and commercial development

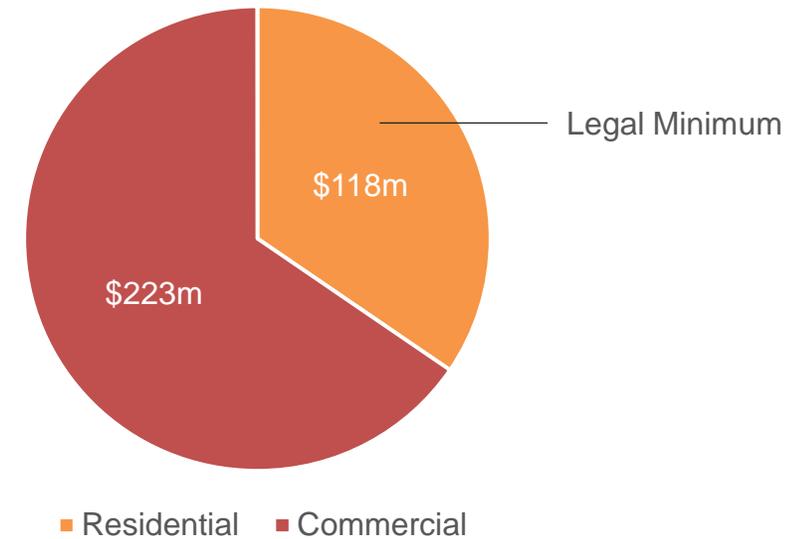

Knowledge economy firms drive up commercial rents for everyone.

Commercial taxes fund city services and reduce residential taxes.

Cambridge Property Tax Levy by Property Type

Source: City of Cambridge Budget, Fiscal Year 2016

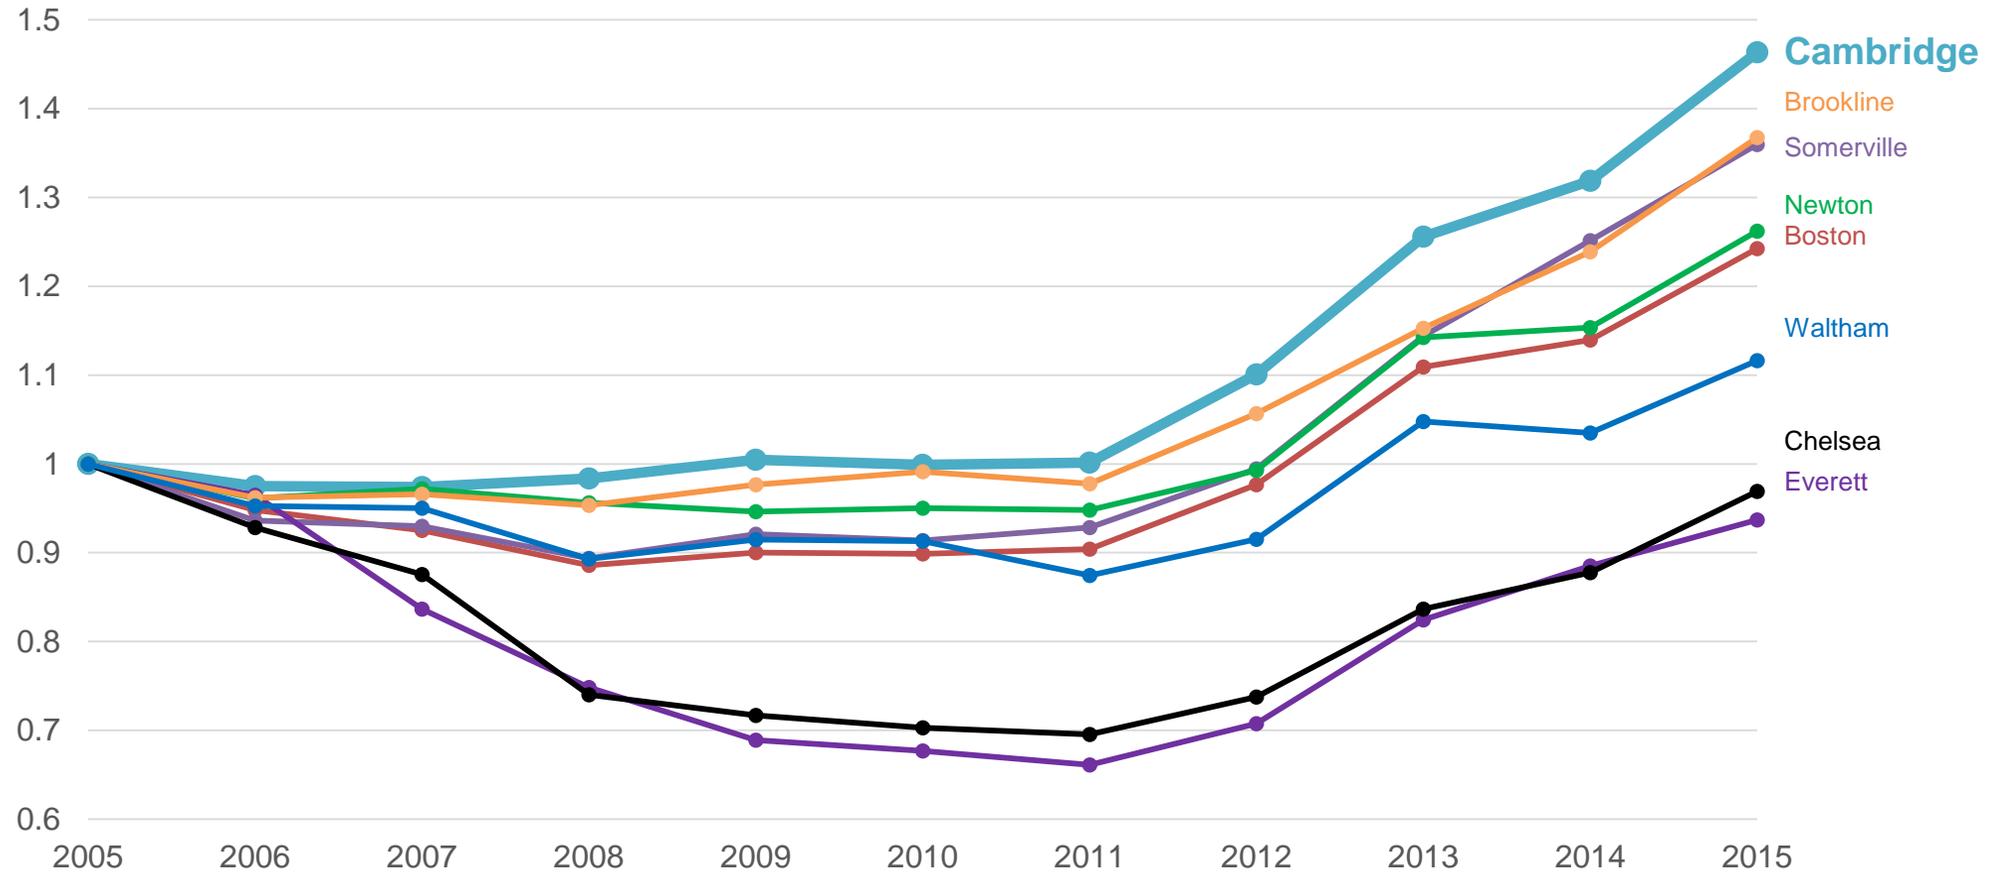

Housing and affordability

In Cambridge, home prices have risen faster than in its neighbors.

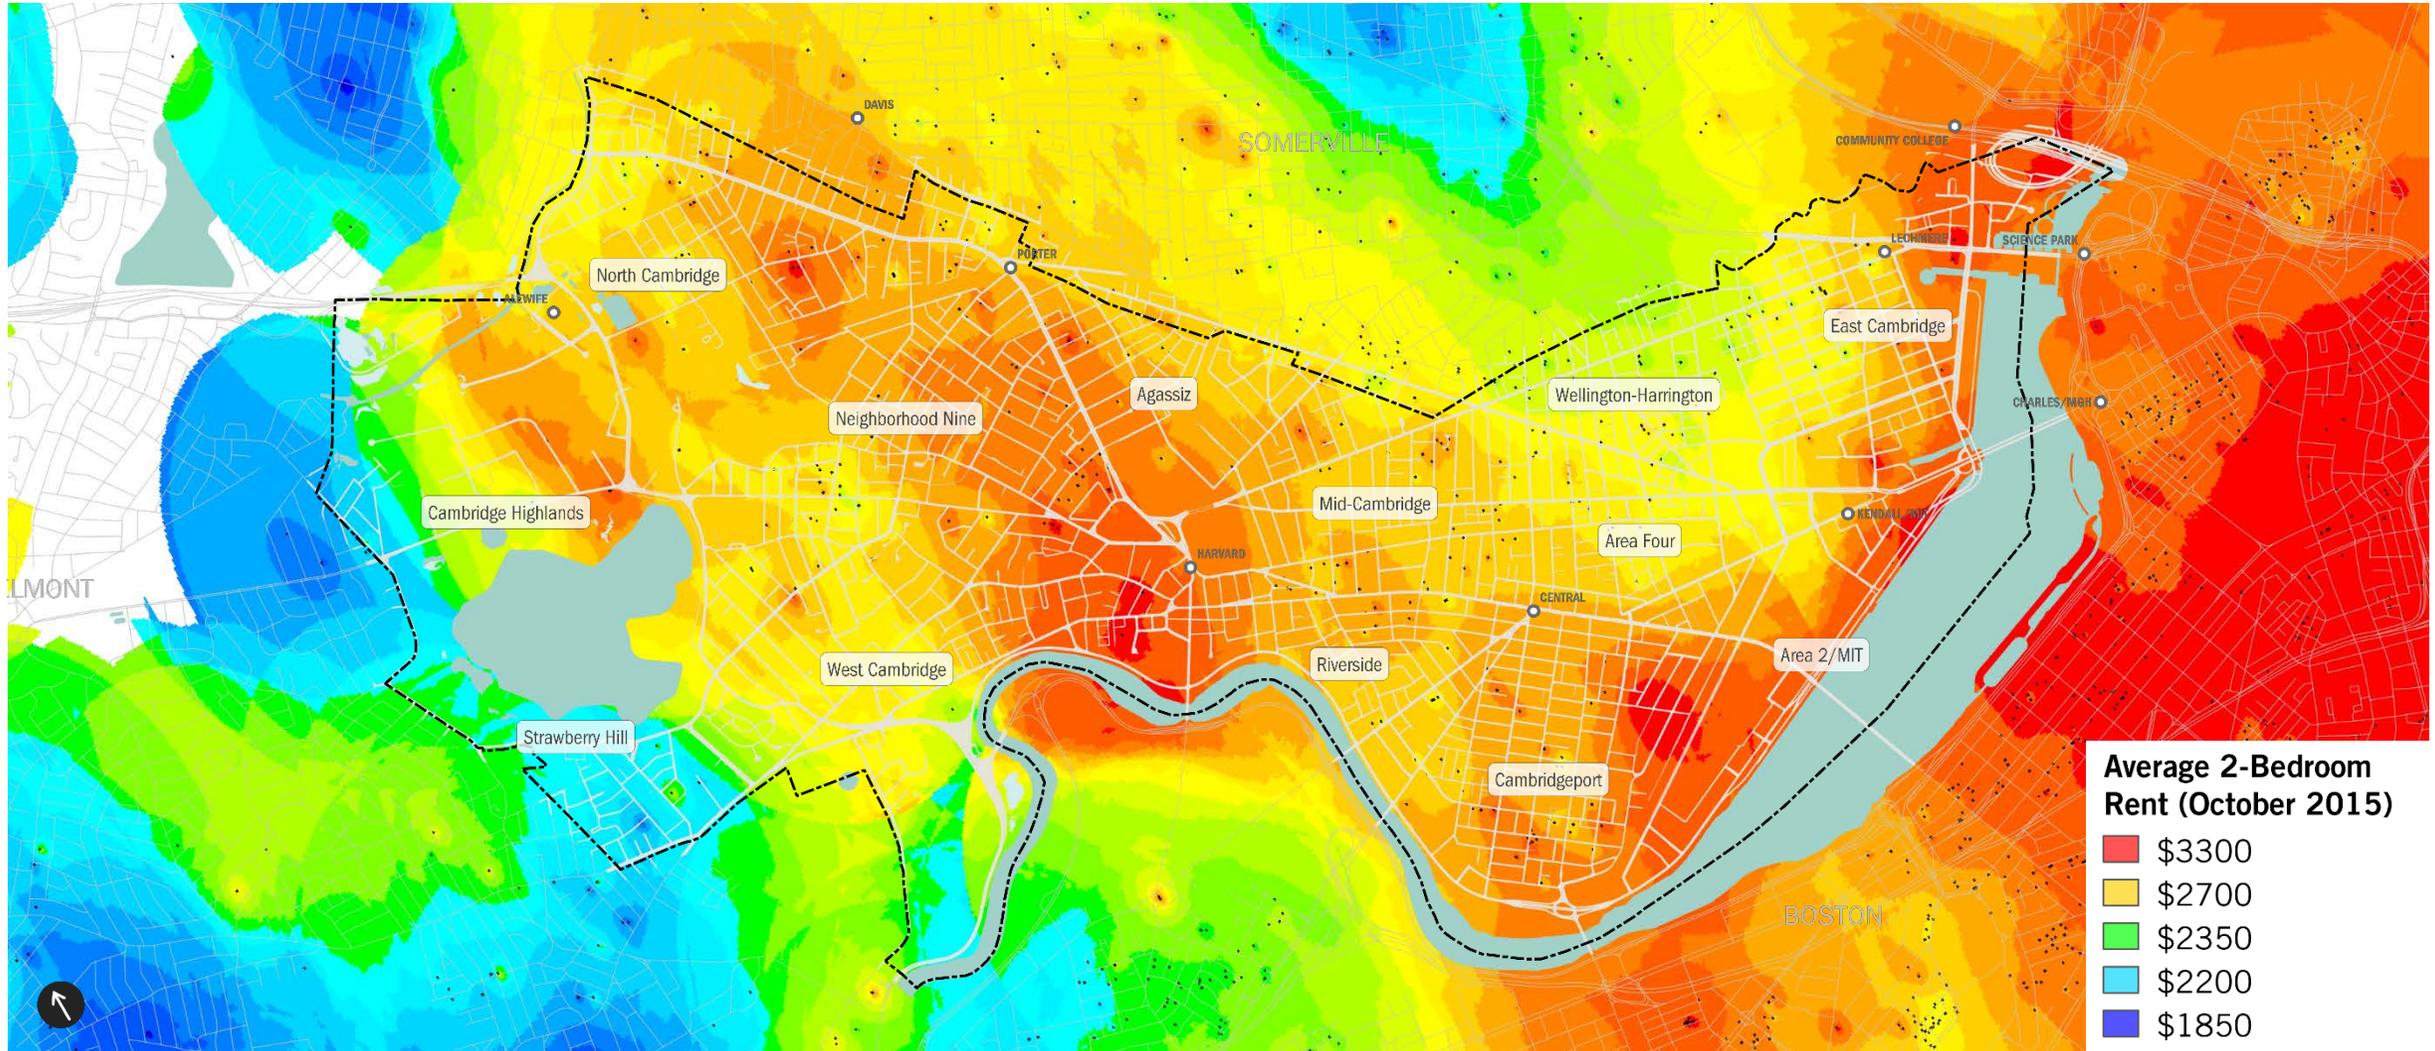

Surrounding Communities: Median Home Prices (2005=1)

A rapid rise in prices threatens to displace current and potential residents with low- and middle-range incomes.

Source Zillow Time Series, December 1996-2015. Includes single-family, condominium, and cooperative.

Cambridge also has some of the region's highest rents.

Beyond current measures, how else can we relieve pressure?

Cambridge seeks to tie building boom to affordable housing

DAVID L. RYAN/GLOBE STAFF/FILE MAY 2015

Cambridge leaders are hoping to harness the building boom underway in Kendall Square to raise millions of dollars for more lower-priced apartments across the city.

Climate change and resilience

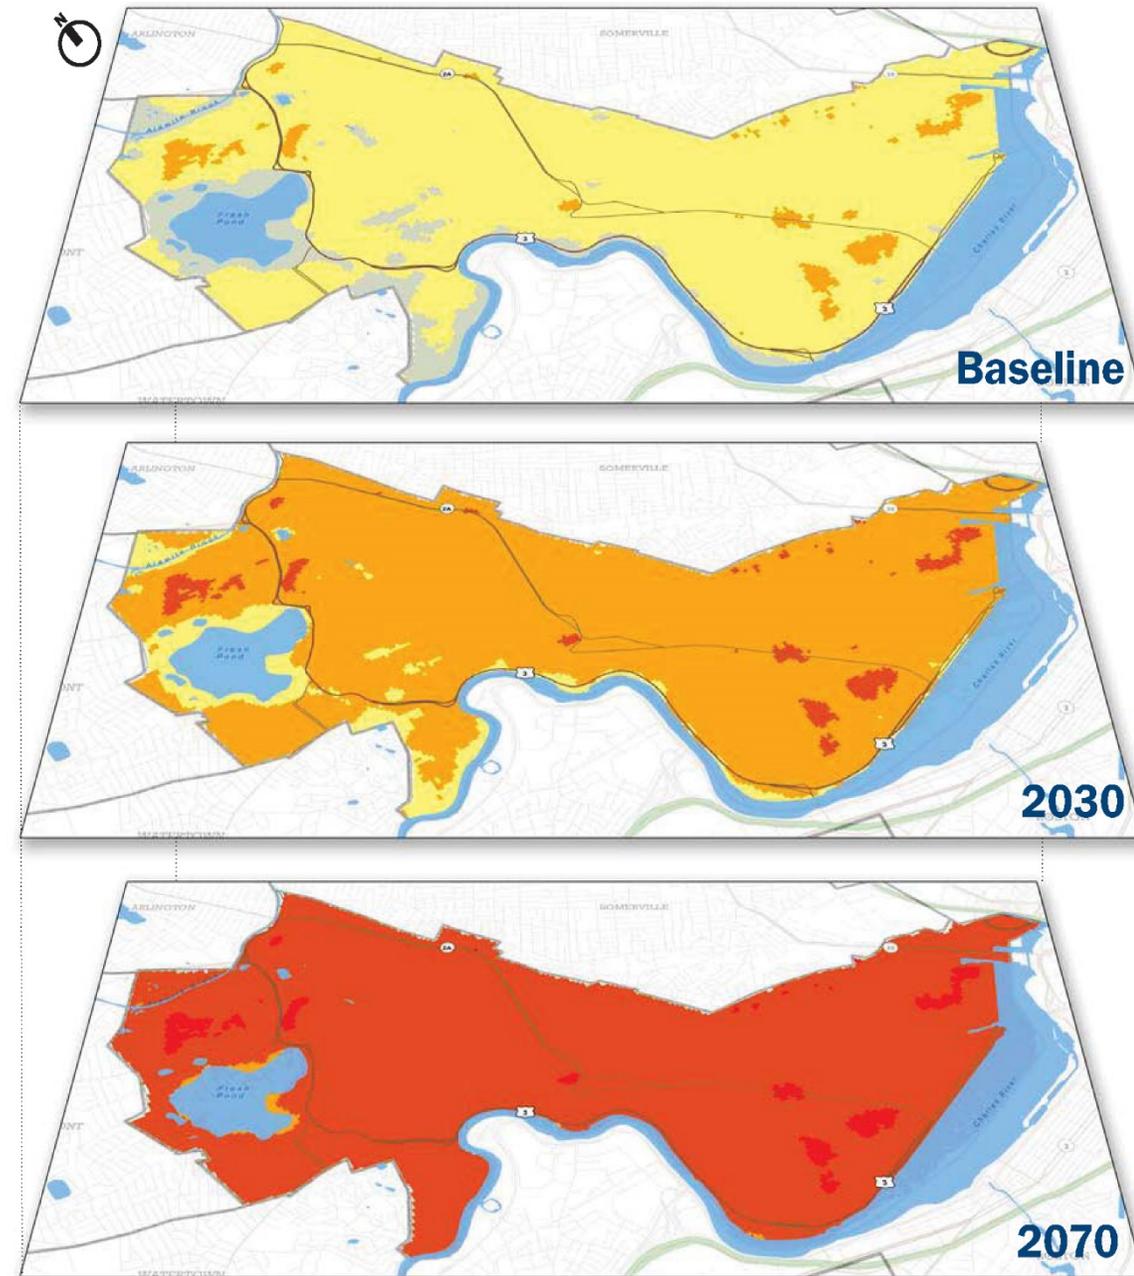

Flooding is a risk across Cambridge, especially in Alewife.

Inland Flooding – 100-year 24-hour storm

(Source: CCVA / Kleinfelder with MWH, VHB data)

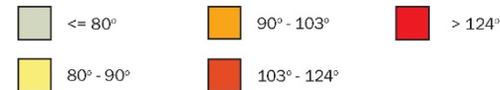

The city is increasingly vulnerable to heat waves in the future.

Heat Island / Heat Index

(Source: CCVA / Kleinfelder with ATMOS data)

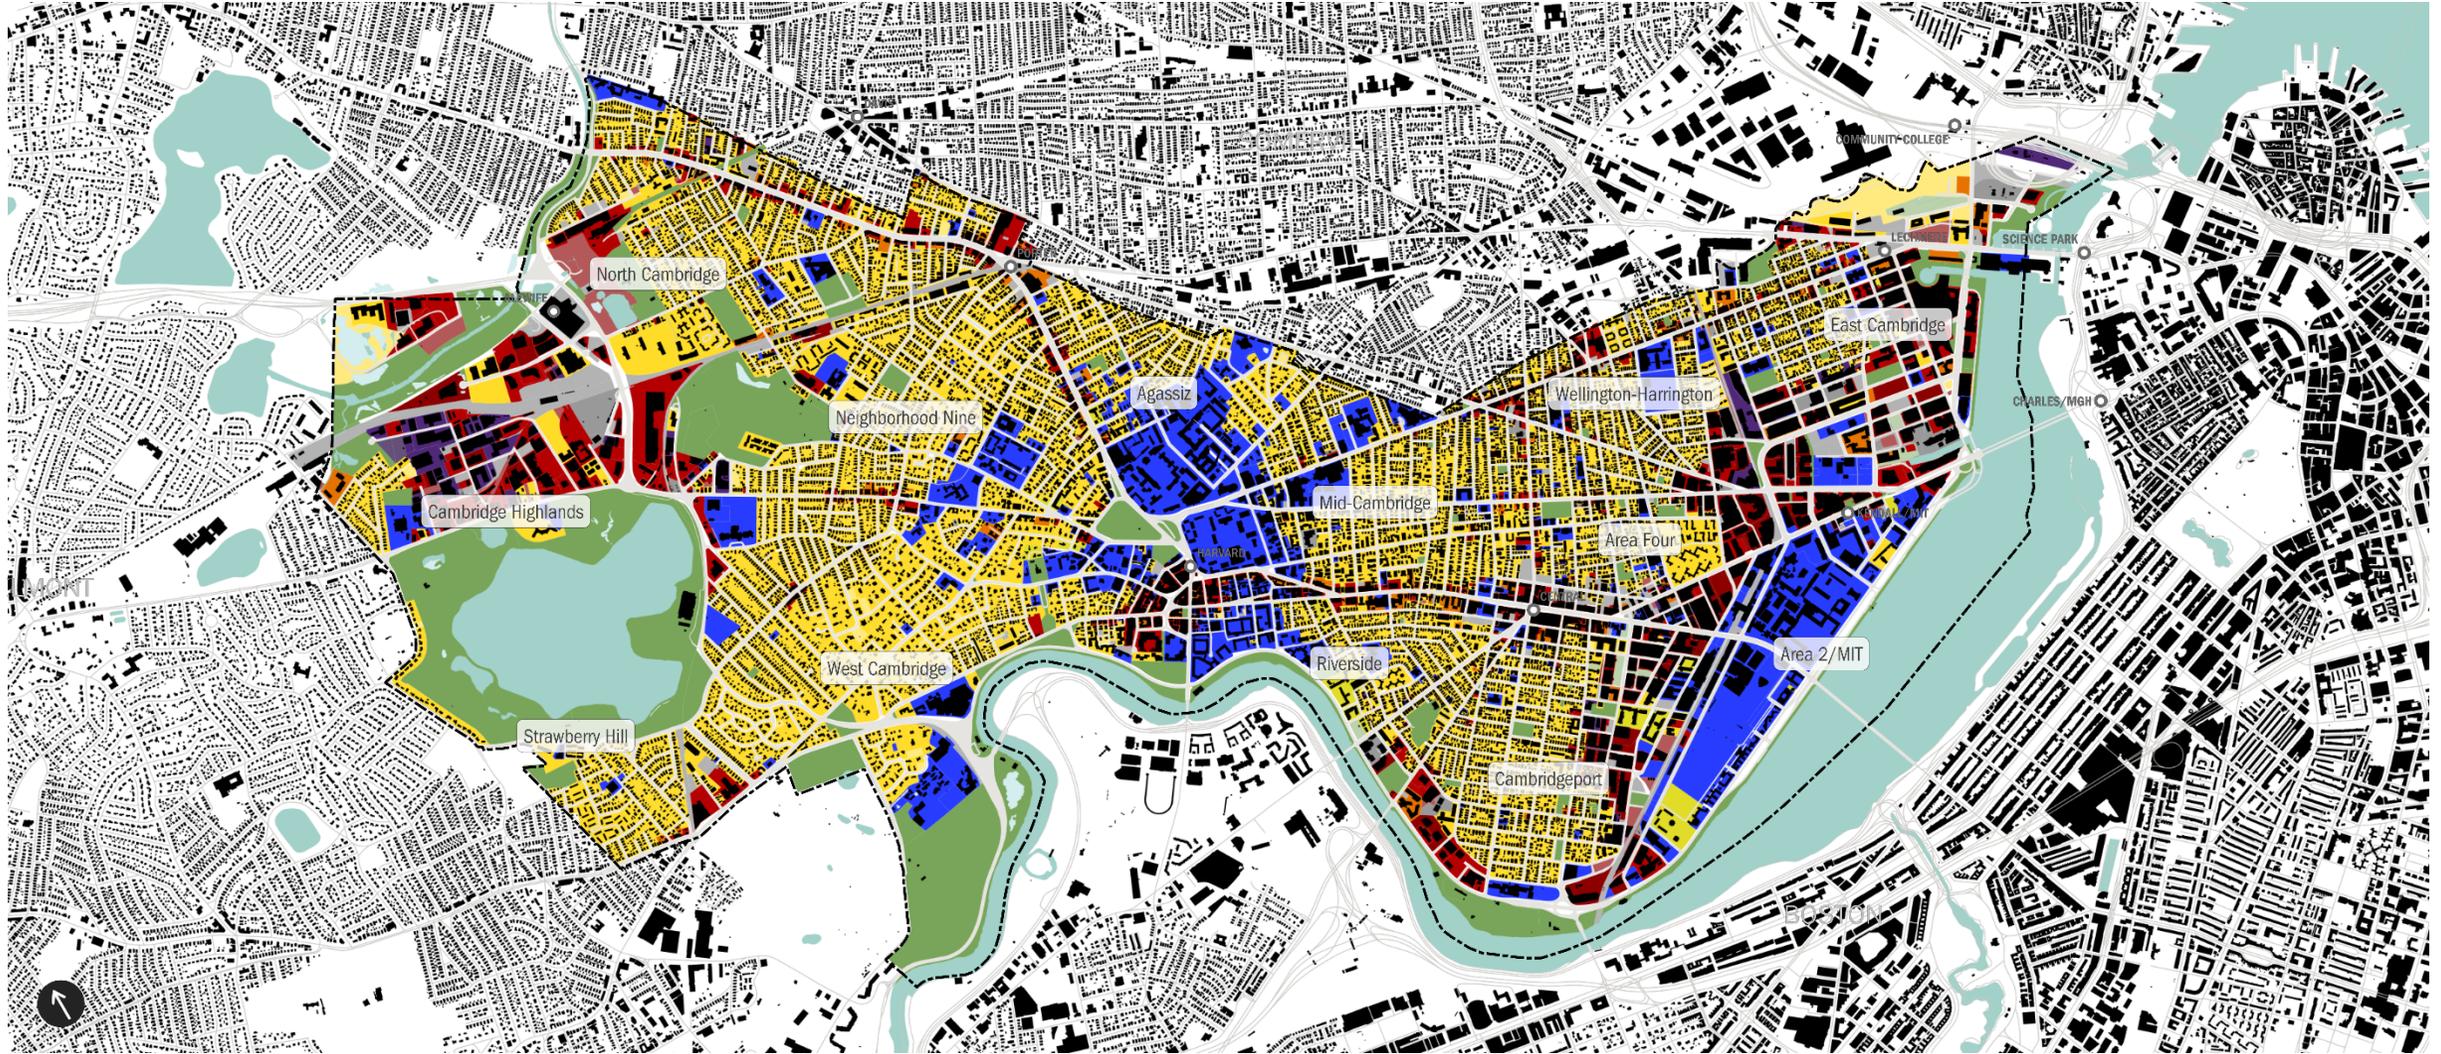

Estimated Heat Index (°F)

Urban form

The city is compact, memorable, and organized.

Residents' impressions of the city line up with physical maps.

Mobile Engagement Station
“Feedback”: places people marked

Modern construction and program types affect the city's character.

Discussion

As Cambridge faces growth and change, how do we best support livability, diversity, sustainability, and equity?
