

New England Aquarium
Giant Ocean Tank Encounter
Thursday, May 20, 2021

1:00-2:00

The Cambridge Council on Aging is inviting you to a virtual visit to the New England Aquarium.

Explore what it takes to care for the Aquarium's largest exhibit! Go behind-the-scenes with an aquarist to meet the Caribbean species who live in this 200,000-gallon habitat, and the diving and other equipment we use to maintain it. We'll also share what you can do to conserve delicate reef ecosystems around the world!

**To register
call The Council on Aging at 617-349-6220.**
