

City of Cambridge
CLIMATE PROTECTION ACTION COMMITTEE

Agenda

Thursday, December 11, 2014
City Hall Annex, 344 Broadway, 2nd Floor Meeting Room

- 6:00 pm 1. Approval of Minutes – September 11, October 9, & November 13, 2014
- 6:05 2. ETP Director’s Report
- Recent initiatives and activities
 - Status of CPAC recommendations
- 6:15 3. CPAC Officers Update
- Objective:* The newly elected committee officers will discuss their approach to work planning and coordination with members.
- 6:30 4. CPAC Recommendation on Solar Energy
- Objective:* Review a draft recommendation to develop an initiative around aggregating off-takers of net metering credits and other steps to support the further deployment of solar energy use.
- 7:00 5. CPAC Workgroups
- Objective:* Now that the work on the urban heat island and solar topics is winding down, the committee needs to identify the next workgroups. Based on the discussions and survey of last spring, the committee indicated it would next pursue objectives I.14 – Grow community capacity in climate change knowledge, technology, and entrepreneurship and J – Have capacity to effectively mitigate GHG emissions and prepare for climate change. The committee will re-affirm this decision and break into workgroups.
- 8:00 6. Adjournment
