City of Cambridge

Community Development Department

Development Log

October / November / December 2012

The Development Log was started to keep an active record of large-scale development projects occurring in the City of Cambridge. The Log, updated on a quarterly basis, is distributed to City departments and the public to keep them posted of development progress from permitting and construction to completion. Criteria for the Log include:

- ◆ Commercial projects totaling over 50,000 square feet and any which have a significant impact on the neighborhood in which it is located.
- ◆ Residential projects of eight or more units that are new construction or rehab/renovation projects that alter the existing use either by adding to or subtracting from the existing number of units or square footage.
- ◆ All municipal projects in which a cross section of City departments may have an interest and all which are considered significant.

Projects meeting the criteria will be categorized by status, which include:

- **Permitting** = project under review by Community Development and/or Inspectional Services.
- **Special Permit Granted** = development received Special Permit from the Planning Board.
- **In Construction** = development received Building Permit.
- **Complete** = project received Certificate of Occupancy (CO) or Temporary CO.

This document is found on the City's website at: <http://www.cambridgema.gov/CDD/econdev/resources.aspx>

Forward any questions or comments about the Development Log to:
