

Traffic Calming Request Form

What is traffic calming? The goal of traffic calming is to make streets safer for people to bike, walk and drive. Making physical changes to the roadway, such as horizontal shifts (curb extensions, chicanes) and vertical shifts (raised crosswalks and intersections), helps reduce speeding and enhances the quality of life by making the street more comfortable for all users. If you would like to get a copy of our Traffic Calming Brochure for a more detailed description of traffic calming and the various tools and techniques available, please call (617) 349- 4655 or email traffic-calming@cambridgema.gov. To see pictures of completed traffic calming projects, visit our website at www.cambridgema.gov/~envirotrans/trafcalm/index/html.

Traffic Calming Request Form Directions: Please fill out this form, then mail to the City of Cambridge Community Development Department (address on back). This form can also be filled out online by going to the traffic calming section of our website (see address above). By using this form you will help us assess the type of issues or concerns you are having with a street in your neighborhood. We will then gather additional data, such as crash records and speed studies. This information, together with any related roadway work schedules, will help us prioritize your request among others we've received.
