

Cambridgeport Fulmore Park Area Zoning Petition

Whereas the Cambridgeport neighborhood surrounding Fulmore Park is an established and successful residential area consisting chiefly of triple-deckers in wood frame construction; and

Whereas in contrast to the other three sides of Fulmore Park that are zoned C-1 the eastern side is zoned SD-8A; and

Whereas the undersigned petitioners believe that the sanctity of open space should be preserved by having congruous housing around all four sides of neighborhood parks such as Fulmore; and

Whereas it seems increasingly likely that the SD-8A district will be redeveloped at a density which is out of scale with "Residence C-1", and undesired by the abutting community; and

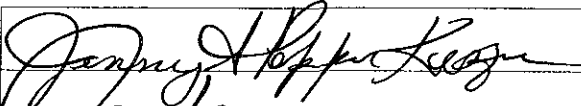

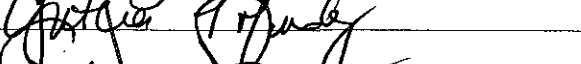

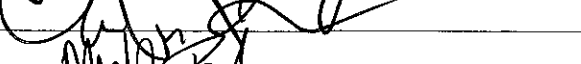

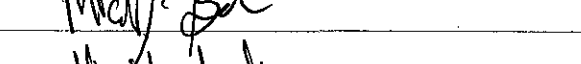

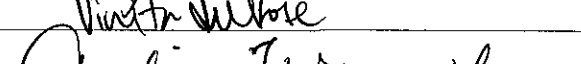

Whereas the undersigned petitioners believe that the livability of the Fulmore Park neighborhood will be greatly enhanced by encouraging small scale residential development and discouraging high-density or non-residential development;

NOW THEREFORE, we the Undersigned respectfully petition the Honorable City Council of the City of Cambridge, to amend the Zoning Ordinance and Map by doing the following:

A. Rezone from SD-8A to Residence C-1 the section of SD-8A bounded by Allston Street to the north, Putnam Avenue to the south, Sidney Street to the west and Waverly Street to the east.
