# New Staff Information

Hello! My name is Jamie Hennick and I am so excited to be able to join this vibrant classroom for the rest of the school year. I am originally from Connecticut, went to Dickinson College in Pennsylvania and just moved back east after working in California for three years. I recently finished two years of service with

AmeriCorps (the "national" Peace Corps) where I worked in a K-8 school teaching phonics, reading comprehension and writing. During after school hours, I was a classroom teacher, working mainly with 4<sup>th</sup>/5<sup>th</sup> graders lessons in literacy, art, history and providing homework help. I also have been a youth track and field coach, camp counselor and swim instructor, working with kids ages 4-18. In my spare time, I love to read, write, paint, swim and watch movies. The amazing children in this class have shown me such positivity and kindness so far that I really am looking forward to getting to know them in the upcoming months!
