## Assistant Teacher

Katherine Ceron

## Inclusion Facilitator

Jordan Grace

NEWSFLASH

## Ch-Ch-Ch-Changes

Dear King 2-5 Families,

Our community has gone through some major changes this year! We have had students move on to new phases in their lives, our classroom transformed into a tropical rainforest during the nastiest New England winter months, and staff... we have had a lot of support from rotating teachers... and have finally found the PERFECT permanent staff for our community, **Miss Barbara Wilson**. Barbara grew up in Cambridge and has just relocated back home after spending most of her adult life on the west coast operating YMCA sites for the city of Seattle.

There are also four pennants hanging proudly in our classroom, representing the prestigious universities that our Assistant Teacher, **Katherine Ceron**, has been accepted into to complete her Master's degree in education.

For the remainder of the school year, each of our core staff will be running

Riddle Answer: The Ruler

"clubs" on different days of the week that represent our personal interests. Miss Barbara is focusing on literacy and language and will be leading groups to the Main Branch of Cambridge Public Libraries every Wednesday. Katherine will be focusing on leading STEAM activities and experiments on Mondays. Ashley's club is focused on fitness and endurance each Thursday, with a goal of being able to run a full mile by the last day of school!

Please see our programs new schedule attached to this newsletter for more information!

I am very proud of how much our program has grown and developed over this school year and I am very excited to wrap it up with an extremely strong team of staff!

-Ashley

## Just Call Her "Master"

We surprised Katherine with a party to celebrate all of these amazing graduate programs wanting her!
