

Center for Families and Agenda for Children Community Playgroups

What are Cambridge Community Playgroups?

Community Playgroups are run by the Agenda for Children and the Center for Families. Community Playgroups are fun, FREE groups for Dads, Moms or caregivers from Cambridge and their children ages 15 months—5 years old. There are two Tiny Tot Community Playgroups for children ages 15 months—23 months and three Community Playgroups for children ages 2 years old—5 years old.

How do playgroups help my children?

Children play and learn with other children and you get time to play and learn with your child. You help them play with other kids and do fun activities together. The routines and activities help children grow and get ready for school.

When and where do they meet?

Community Playgroups run in series. Five Community Playgroups meet in 8-session series, 3 times per year: fall, winter, and spring. **You must register for each series. If you wish to attend each of the three series, you must re-register.** Playgroups meet in different locations around the City. You can choose the location closest to you! Playgroups run in the morning from 10am-11:30am. Exact group and location details are available on the registration form.

How does the registration process work?

All families who turn in their Community Playgroup registration forms by the due date will be submitted into our playgroup lottery. We only have 15 spaces per group available and in order to be as fair as possible, families who turn in their forms are randomly selected into playgroups.

Community Playgroups registration forms will be available in September, 2017.

- Fall registration will run the month of September and groups will begin in October, 2017.
- Winter registration will run the month of December and groups will begin January, 2018.
- Spring registration will run the month of March and groups will begin April, 2018.

If you have any questions about the registration process for Community Playgroups in general, please contact the Cynthia at 617-349-6327.
