General Camp Information

Day to day will vary depending on age groups but will include a variety of visual and performing art activities, cooking lessons, field trips, swim lessons, water and outdoor activities.

Field trips for our older explorers have been a highlight at our summer camp in years past and happen once a week.

Walking trips around Boston and Cambridge are available for 3rd—6th graders and may include; a Fenway Park tour, Paul Revere's House, The Museum of Science and much more.

Explorers will enjoy healthy snacks in the morning and afternoon but should plan to bring their own lunches.

The World Explorers is an inclusive summer camp combining performing, visual & culinary arts with local travel adventures and cultural exploration. Our younger explorers days will be filled with a sampling of performing and visual arts. Campers will also enjoy weekly field trips & water activities. Along with their artistic exploration, our older explorers will join our City Explorers program for field trips exploring Boston and Cambridge's history and culture through public transportation and walking trips.
