Cambridge Arts Grant Program

About the Cambridge Arts Grant Program

The Cambridge Arts Council (Cambridge Arts) exists to ensure that the arts play an active and engaging role in the daily lives of people living, working, and visiting Cambridge. Cambridge Arts accomplishes this mission by cultivating public awareness and support for the arts, producing high-quality arts-programming which celebrate the city's diverse cultural heritage, displaying art in public places, convening conferences and symposia to promote the arts, designing art- education initiatives, and developing artistic collaborations to enhance the overall aesthetic experience for residents and visitors of Cambridge.

The Cambridge Arts Grant Program is funded by the City of Cambridge in partnership with the Massachusetts Cultural Council (MCC) as part of their statewide Local Cultural Council (LCC) program.

The goal of the Cambridge Arts Grant Program is to support, promote, and maintain a vital role for the arts in the lives of Cambridge citizens in each of the city's neighborhoods in order to improve the overall quality of life and contribute to the economic and cultural vitality of our community.

Cambridge Arts is committed to funding a diverse range of cultural activities, including:

- Projects from individuals and from organizations
- Projects in all art forms
- Interdisciplinary and collaborative projects
- Experimental projects that take the arts to non-traditional settings
- Projects that target specific populations - such as youth, the elderly, residents of a specific neighborhood, or underserved populations

The Grant Program will support creative and innovative programs:

- Demonstrating outstanding artistic quality
- Showing strong support from the intended audience and collaborators
- Demonstrating comprehensive planning
- Showing strong evidence of a marketing or public relations plan
- Which are publicly accessible
- Promoting a meaningful interaction between the artists and other members of the Cambridge community

****Continuing the tradition of robust support for the arts and culture sector the City of Cambridge has **doubled investment** in Cambridge Arts Grant Program for the 2017 cycle!****

Grants will range from \$200 to \$5,000.

Cambridge Arts receives 75-100 applications annually and funds approximately 30%.

Variable funding can affect these past trends.

Due to limited available funds and high demand for support, Cambridge Arts may award a smaller amount than is requested. The applicant should indicate on the grant application how this may affect the project. In cases of a partially-funded project, Cambridge Arts may request a written explanation detailing how the project will be modified. Applicants should be prepared not to receive full funding and plan to secure additional financial resources.

Application budgets with documentation of additional financial resources compete more successfully.

Applicants are strongly encouraged to contact Cambridge Arts with any questions regarding their application. One-on-one grant consultations are available.

Who is Eligible to Apply?

Applicants **must be based in Cambridge** (as a resident, an employee, or partnered with a Cambridge organization). For applicants who are not based in Cambridge, a letter of collaboration and support from a Cambridge sponsor is required. All projects must be based in Cambridge and demonstrate a tangible benefit to Cambridge citizens. The location of the project must be at a Cambridge venue. Cambridge Arts only considers projects that demonstrate a direct value to Cambridge and its population. Individual artists, artist groups, arts organizations, community organizations, and municipal agencies are all eligible to apply for Grant Program funds. Funding supports activities in the arts, humanities, and interpretive sciences.

Individuals

Individual applicants must show that the project will benefit the community. (Although funds cannot be used to support activities that benefit only the individual applicant, a public presentation of an individual's work may provide the needed public benefit.)

Private nonprofit organizations

This includes organizations with tax-exempt status under section 501(c)(3) of the Internal Revenue Code.

Associations that can establish a nonprofit objective

This includes organizations that can establish a nonprofit objective– that is, groups of individuals with a common purpose (e.g., local community band, theater group) that do not have nonprofit 501(c)(3) tax-exempt status.

Schools, libraries, or other public agencies

Public agencies are eligible to apply for funding, but funds may not be used to replace municipal funding for the arts, humanities, or interpretive sciences.

Religious organizations

Religious organizations or groups with a religious affiliation are eligible to apply for the same funding of cultural programming available to the general public. However, the Cambridge Arts cannot approve applications that are not primarily cultural in their intent, have the effect of advancing religion, or substantially benefit religious organizations or schools.

What Projects/Activities Can Be Funded

Program Eligibility

All approved projects and field trips must be completed within an 18 month window of eligibility, between the July 1st preceding the application deadline in October, and December 31st of the following year.

Arts, Humanities and Interpretive Sciences

The funds may only be used to support programs in the arts, humanities, and interpretive sciences in Cambridge. This definition includes the study, pursuit, performance, exhibition, and appreciation of cultural activities.

Public Benefit

Projects must demonstrate a community benefit. Funds support activities that contribute to the cultural vitality of the community as a whole, rather than benefiting any one private individual or group. This does **not** mean that a large audience needs to participate in order to satisfy the requirement of community benefit.

Secured Venue

Projects must have a confirmed location for the proposed activities to take place that is located in Cambridge, MA.

Non-Discrimination

Cambridge Arts will not fund projects that discriminate on the basis of race, gender, religion, creed, color, national origin, disability, sexual orientation or age.

No Substitution

Cambridge Arts Grant Program funds are neither intended to replace nor supplement existing public funds for programs in the arts, humanities, or interpretive sciences, nor to be used as the sole source of project funding. Any item or activity that is generally considered the financial responsibility of the city will not be approved, even if funding did not previously exist for that item or activity. Expenses related to classroom or other school-sponsored programs or extracurricular activities are not eligible for funding. Funding for standard extracurricular activities (e.g., school plays, musicals, bands, newspapers, art supplies, library books or audiovisual materials, or salaries for teachers or librarians) will not be approved. Schools and libraries may only request funding for cultural enrichment activities (field trips, artist-in-residency programs, lectures, performances, etc.) that are led by outside artists, humanists or interpretive scientists. The cultural professional cannot be a current employee of the school system.

Access

Applicants must adhere to the Massachusetts Cultural Council's statement on accessibility of cultural programs to underserved populations: "The MCC is committed to access not only in adherence to state and federal laws, but also to encourage the participation of all segments of the Commonwealth's population in MCC funded programs. The Massachusetts Office of Affirmative Action currently designates the following as underserved: African Americans, Asian Americans, Latin Americans, Native Americans, people with disabilities, Vietnam-era veterans, and women. The MCC also considers low-income and rural communities, as well as citizens over 65-years-old, as underserved populations."

Cultural organizations funded by Cambridge Arts that present public programs or offer services to the public must make reasonable accommodations to insure that people with disabilities have equal physical and communications access, as defined by federal law. Accessibility involves both the location (the facility) and the content (the activity or product) of the program. Access refers to, but is not limited to, ramp access or elevators, restroom facilities to accommodate persons using wheelchairs, sign language interpreters, assistive listening devices, Braille and/or large print publications. Technical assistance is available through the Cambridge Commission for Persons with Disabilities [(617) 349-4692 or (617) 492-0235 [TTY/TDD].

Cambridge Arts Grant Program Funding Priorities

Cambridge Arts strives to fund projects that benefit Cambridge citizens. Artists in any discipline may apply for grants. Project must contribute to, involve, and enrich the City (i.e. exhibition, performance, class, lecture, reading, open studio, or a show/event at a public place such as a theater, gallery, library, school, senior center, etc.).

Additional preferences include:

- Projects with high artistic merit
- Projects by or involving Cambridge-based artists or cultural groups
- Proposals that reach an underserved population
- Proposals reaching the broadest spectrum of our community
- Projects promoting education in specific areas
- Projects that lend themselves to public display or presentation and that will attract varied audiences (demonstrated by plans to publicize the project)
- Projects with potential to have a transformative effect upon the artist (s) and community
- New applicants or projects, especially those of experimental or innovative merit
- Projects serving specific ethnic and socioeconomic groups with emphasis on the preservation of cultural identities and activities

Funding Match Guidelines

Matching-funds are defined as any other monies/funds applied to the project/program. Matching-funds are **not required** for basic project/program expenses **but are strongly encouraged** as they show stability and make your application more competitive.

Funding Restrictions

Refreshments: Grant funds may not be used to purchase food or beverages.

Scholarships: Individual students are not eligible to apply for scholarships, however, an organization may sponsor a scholarship provided it shows evidence of an open and fair review process. The applying organization must ensure a public benefit component in which the award recipient “gives back” to the community in the form of a lecture, master class, exhibit, performance, etc.

Capital Expenditures: Applications for capital expenses are not accepted. Capital expenses are defined as items that have a life expectancy of more than three years and a monetary value of more than \$500. Examples include equipment, such as lighting or sound equipment, new construction, or facility renovations.

Repeat Funding: In order to ensure broad distribution of funds and to encourage new applicants, projects may not receive funding for more than two consecutive years. Applicants who received funding for two consecutive years must wait one year before applying again for the same project. However, applicants may receive funding for more than two consecutive years for projects which are conceptually different in nature.

Incomplete Requirements: Grant recipients who have failed to complete the grant requirements, such as not submitting final report documentation or not acknowledging the funding sources in print and online materials, are ineligible to apply for a new grant for two years.

Review Process

Cambridge Arts will confirm the receipt of all completed applications by November 1st. Due to the new online submission process Cambridge Arts will not be able to notify applicants of any missing key application components prior to the submission deadline so make sure to double and triple check the application requirements prior to submitting. Incomplete applications will not be eligible for review.

A volunteer panel of Cambridge residents and arts professionals representing a variety of neighborhoods and backgrounds review all applications. Panels convene in the following discipline areas: *Visual Arts, Film & Video, Theater, Literature, Dance, Music and Multidisciplinary*. Each panel includes individuals with expertise in the disciplines of review, as well as in related fields such as arts-administration and arts education. Panelists evaluate applications and supplemental materials using the review criteria printed in these guidelines. (See pages 8 & 9.)

After careful review and discussion, panelists rate each application. Panelists then recommend applicants for funding. Cambridge Arts and the MCC make final decisions based on these recommendations, neighborhood distribution and available resources.

Reconsideration

An applicant whose funding request was not approved by Cambridge Arts may request a review of the application if the applicant can demonstrate that Cambridge Arts failed to follow published local or state review procedures. Such requests must be submitted in writing within fifteen (15) days of notification. Applicants must also send a copy of the reconsideration request to the Massachusetts Cultural Council with fifteen (15) days of notification. Please note that even if the reconsideration request is granted, the application may again be disapproved. Additionally, reconsideration requests may not be made on the basis of dissatisfaction with the amount awarded or disagreement with judgments made on the basis of artistic quality.

Conflict of Interest

Cambridge Arts observes the Massachusetts Cultural Council’s Conflict of Interest policy regarding review panels: “To ensure that all review panels are free from conflicts of interest, panelists are required to disclose any current or prospective affiliations they or their immediate family members have with an actual or potential applicant. ‘Affiliations’ applies to employment, board memberships, independent contractual relationships, advisory or policy relationships, substantial contributor relationships, or other financial relationships. In addition, panelists are required to disclose any past or current adversarial relationships with actual or potential applicants. Panelists are not permitted to participate in discussions relating to applicants with whom they have an affiliation or relationship.”

New This Year!!

- All grant applications must be submitted online via the MCC's new online application portal!
- Field Trip and Project Grants will utilize the same online application
- **In addition** to the MCC's online application, **all Project Grant applicants** **MUST** log on to the new **Cambridge Arts Grants web portal**, complete the simple application coversheet and upload all required supplementary materials. (This requirement is due to the very limited upload capabilities of the MCC's website.)

More details on these changes can be found in the following pages of this document.

Grant Categories

Cambridge Arts offers **two types** of grants: **Field Trip Grants & Project Grants**

Field Trip Grants

Field Trip Grants are used to purchase tickets for Cambridge youth, grades pre-K through 12, to attend professional arts and cultural events, in or outside of Cambridge. Applicants can request funds for field trips involving children affiliated with Cambridge based schools, afterschool and out-of-school programs, neighborhood and community centers, or civic organizations (public, non-profit, and/or religious). Requests may come from the organization bringing the youth or the organization hosting the field trip. *(See page 8 for more information.)*

Cambridge Arts Field Trip Grants do not cover transportation costs. The MCC's Big Yellow School Bus Grants can be applied for to help cover these costs. Visit www.massculturalcouncil.org/programs/bigyellow.asp to learn more.

Project Grants

Project Grants are the second type of grant offered by Cambridge Arts and are broken out into **two categories**: **Creating & Presenting** and **Education & Access**

Creating & Presenting Grants support the development and/or presentation of visual arts, dance, film/video, literature, music, theater, multidisciplinary and new media arts. Projects must involve a public presentation in Cambridge (e.g. performance, exhibition, publication, screening, reading, class, symposium, festival, or workshop/demonstration). *(See page 9 for more information.)*

Education & Access Grants promote in-depth understanding of and participation in the arts. This category also supports projects that increase participation of populations with limited access to the arts. Projects that bring art into non-traditional, community settings are especially encouraged. Projects may involve education and participation in specific art forms, or employ the arts to explore relevant non-arts areas, such as civic, cultural, or environmental issues. *(See page 9 for more information.)*

Note: Applicants may **submit only one** Project Grant application. When completing the Coversheet questionnaire on Cambridge Arts Grants web portal applicants **must** specify one of the two categories: Creating & Presenting or Education & Access.

Projects and field trips must be completed within the allotted 18 months from July 1st of the submission year to December 31st of the following year.

Recipients who fail to complete their project or submit the required final report and receipt documentation will be ineligible for future grants for a term of two years, will have their final payment withheld and may be required to reimburse Cambridge Arts the initial granted amount.

Field Trip Grants

Review Criteria

Field Trip Grants are used to purchase tickets for Cambridge youth, grades pre-K through 12, to attend professional arts and cultural events, in or outside of Cambridge. Applicants can request funds for field trips involving children affiliated with Cambridge based schools, afterschool and out-of-school programs, neighborhood and community centers, or civic organizations (public, non-profit, and/or religious). In addition to the above listed groups, individuals, and cultural organizations are also eligible to apply.

- ❖ Admission must cost \$12.00 or less per ticket.
- ❖ Due to limited funding, Field Trip Grant funds will **only cover the cost of tickets for students and chaperones**. Transportation costs, lunches, etc. will not be covered with Field Trip Grant funds. (Please refer to the MCC's Big Yellow School Bus program as a possible source for transportation funding: www.massculturalcouncil.org/programs/bigyellow.asp)
- ❖ **Performances may not take place in school, during normal school hours.** A performance may take place in a school only if it is after school hours and is open to the public.
- ❖ Cambridge Arts encourages applicants to submit requests to attend Cambridge-based cultural institutions, though this is not required.
- ❖ Applications will be reviewed according to the following criteria:

• Financial need of the participants	50%

Please contact: Lillian Hsu, Director of Public Art at lhsu@cambridgema.gov with questions or to schedule a meeting.

Applicants are advised that the funding of public artwork through the Cambridge Arts Grant Program is a separate process from the commissioning of artwork through the Cambridge Arts Public Art Program. The commissioning of artwork to be accessioned into the City's permanent Public Art Collection is accomplished through a highly specific public process in keeping with the Cambridge Public Art Ordinance, which is administered by the Cambridge Arts Percent-for-Art Program with oversight from the Public Art Commission. For more information please visit the Cambridge Arts website: www.cambridgeartscouncil.org, or call 617-349-4389.
