

## EXHIBIT POLICY AND LOAN AGREEMENT FOR EXHIBITORS

The three-fold purpose of presenting exhibits in the gallery spaces of the Cambridge Public Library is to afford artists, photographers, art associations, and civic groups an opportunity to show their work, to stimulate the cultural awareness of the community, and to encourage greater use of the Library's collections and facilities.

In providing exhibit space, the Library adheres to the policies of the LIBRARY BILL OF RIGHTS as published by the American Library Association.

Exhibits are generally planned on a monthly basis and are to be hung by the exhibitors using appropriate hardware.

Suitable works for hanging include paintings, drawings, graphic work, photographs, tapestries, fabric arts, needle arts, etc. Sculptures or other three-dimensional pieces that do not hang on the wall cannot be accepted for exhibit because of space constraints.
