

## New Chinese materials available at the Cambridge Public Library

Thanks to the support of our directors, the Cambridge Public Library is now offering more Chinese materials to our patrons. The books that are now available are diverse in nature, including popular fictions, how-to guides, investment tips, and so forth; there are books here to satisfy everyone's tastes! In addition, the books are from mainland China, Hong Kong and Taiwan. So, there is no need to worry if you read only traditional or simplified texts.

In addition, there are also new Chinese DVDs available at the Cambridge Public Library. Due to popular demand by our patrons, we have also purchased some of the latest TV dramas as well. The Main Library and the O'Connell Branch are stocked with the most popular Chinese newspapers, such as the *Daily World Journal*. The *Monthly People's Literature* (Renmin Wenxue) is also available at the O'Connell Branch.

If you would like to get your hands on our wonderful new Chinese materials, any of our friendly and wonderful staff will show you the way. If you come to the O'Connell Branch, then I will greet you when you walk through the front door and be more than happy to assist you on our Chinese offerings.

Please come and visit us! We are always delighted to see a new patron or the smile of an old friend at our libraries.

Yan Qu  
O'Connell Branch Manager
