ALWIFE SEWER SEPARATION PROJECT IMPORTANT NOTICE AND UPDATE

**TO: RESIDENTS AND BUSINESSES LOCATED IN THE HURON A
NEIGHBORHOOD**

RE: Notice of Upcoming Geotechnical Borings and Community Meetings

DATE: October 20, 2011

The City's drilling and boring consultant, Carr Dee Corp., will be drilling geotechnical borings in the Huron A neighborhood starting the week of October 24, 2011 and continuing into mid-November 2011.

Carr Dee Corp. will collect soil and groundwater information within the limits of the roadway that will be used for the engineering and design of the upcoming sewer separation and surface improvements. Since the borings will be obtained within the roadway, parking will be temporarily impacted at various locations throughout the day between the hours of 8:00 AM and 5:00 PM and police details will be present to assist with traffic management.

Please note that the next round of community meetings for the Huron A neighborhood will take place in early December. Please stay tuned for more details.

Sincerely,

Kelly Dunn
