# RIVERSIDE PLACE RECONSTRUCTION PROJECT

*Residents' meeting scheduled for Tuesday, February 12, 2013*

Dear Riverside Place Resident,

The on-going Western Avenue project includes the reconstruction of Riverside Place. The new 4" water main and 10" sewer main have been completed and a temporary asphalt patch has been placed on the street. The street and sidewalks are scheduled to be reconstructed in 2013.

City staff would like to meet with the residents of Riverside Place to discuss potential changes to the street and sidewalks and opportunities for additional tree plantings.

### Residents' Meeting

<u>Date:</u>	Tuesday, February 12, 2013
<u>Time:</u>	6:30 – 8:00 pm
<u>Location:</u>	46 Blackstone Street – Room 105 (1 <sup>st</sup> floor)

### OVERALL PROJECT GOALS

- Improve deteriorated city utilities – water, sewer and drain.
- Improve deteriorated roadway and sidewalk infrastructure.
- Provide accessible route for pedestrians.
- Provide opportunity for additional greenspace / tree plantings.

*Please join us at the neighborhood meeting to share your thoughts about Riverside Place, learn more about alternatives for final restoration and meet project staff managing the design and construction of the Western Avenue project.*

For any questions please contact Juan P. Avendano, Project Manager, 617. 349.4655 or [javendano@cambridgema.gov](mailto:javendano@cambridgema.gov). To receive future updates via email, please contact Chris Neil, Community Relations Manager, at [cneil@cambridgema.gov](mailto:cneil@cambridgema.gov) or 617.349.4825.

Sincerely,

Chris Neil  
Community Relations Manager

### Additional Assistance

The City of Cambridge does not discriminate on the basis of disability and will provide auxiliary aids and services, written materials in alternative format, and reasonable modifications in policies upon request.
