Contractor responsible for the demolition must provide the following, prior to permit being issued:

- Site safety plan detailing hazards, potential hazards and steps taken to remedy
- Map or drawing (8.5" x 11") indicating structure to be demolished in relation to surrounding buildings.
- \$75.00 check payable to City of Cambridge

***Dust control will be handled by a Cambridge Fire Dept detail. Contractor shall notify fire detail office at [firedetail@cambridgefire.org](mailto:firedetail@cambridgefire.org) to arrange detail 48-72 hours prior to demolition. Cambridge Fire will determine the details required based on scope of work. Contractor is responsible for all permits required through other departments (water, building)***

*All work will be completed in compliance with MGL Ch. 148, 527 CMR Fire Code and all additional applicable requirements. Additional fire details may be required depending on scope of work (hot work, EMS etc.) Permit must remain on job site*
