

Charles Sullivan, Executive Director
Cambridge Historical Commission
159 Brattle Street
Cambridge, MA 02138

Dear Honorable Charles Sullivan and Members

On behalf of Kirsh, LLC, owner of 10 Church Street, Cambridge, Massachusetts, I am writing to request an extension of our next certificate of Appropriateness Leasing until June 30, 2019. As you know, we are working on a detailed onsite demonstration to be available for specific periods of two days. Our plan is to do this early to mid-May on a consecutive Friday and Saturday. The materials and lightning are coming from international locations and need to be constructed and installed. We will ask for at least one of the showings to be a "public meeting". It is likely we will have to close a portion of Church Street to safely accommodate the audience and also have a permit to redirect sidewalk traffic. The onsite demonstration will be larger than originally requested by the Commission and will give much context and detail. In the mean-time, we are working with your staff to respond to all non-expressive façade related issues.

Sincerely,

Anthony D. Galluccio, Esq.
