APPLICATION FOR CERTIFICATE

1. The undersigned hereby applies to the Cambridge Historical Commission for a Certificate of (check one box): Appropriateness, Nonapplicability, or Hardship, in accordance with Chapter 40C of the Massachusetts General Laws and/or Chapter 2.78 of the Municipal Code.

2. Address of property: , Cambridge, Massachusetts

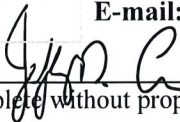

3. Describe the proposed alteration(s), construction or demolition in the space provided below: (An additional page can be attached, if necessary).

Proposed custom fence on granite curb, with main gate and secondary gate, with a USPS approved letter box in fence. Fence design is inspired by existing fences in the Old Cambridge Historical District, notably of residences adjacent and nearby the property, as well as along Brattle St. The fence shall be white and is custom made by carpenters.

As conveyed to the commission previously, there have been multiple instances of trespassing to the rear of the property by passers-by. Waste receptacles have also been used by people who access Willard St. The careless use of the receptacles (open food) have attracted rodents which is at present being addressed. Lastly, the gate provides an additional deterrence from potential package and parcel theft.

All the neighbors to the left and right side of the property have fences. Only this side of Willard is the Old Cambridge Historic District.

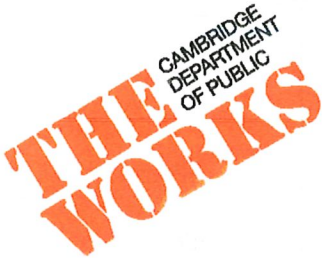

I certify that the information contained herein is true and accurate to the best of my knowledge and belief. **The undersigned also attests that he/she has read the statements printed on the reverse.**
