NEW BUSINESS/ UPDATES

Michael Haran and Neal Sharma left the room.

131 Harvard Street

Staff presented a request from CASCAP for an acquisition and predevelopment loan of $500,000 for the property owned by Neighbors for A Better Acre (NBC) on Harvard Street. CASCAP’s offer of $450,000 was accepted by NBC. The request includes $50,000 in predevelopment funds for environmental testing, design, taxes, legal and recording.

The property was transferred to NBC in 1998 by the developers of 210 Broadway. A Restriction Agreement was placed on the property at the time to limit development to uses with a community benefit, including affordable housing. The property sat vacant and undeveloped since the transfer.

CASCAP is completing construction of a 24-unit affordable homeownership project on the site adjacent to the parcel. CASCAP and CDD have completed preliminary feasibility studies that indicate the NBC site could accommodate approximately eight units in a mix of two and three bedrooms with parking.

The Trust discussed the provision that net proceeds from the sale be used for the benefit of the community as has been contemplated by CASCAP and NBC. The Trust members agreed that net proceeds should be returned to the City for use for the benefit of low and moderate income residents of the Area IV neighborhood.

Upon a motion and seconded, with Michael Haran abstaining and absent from the room, it was:
Voted: To approve CASCAP’s request for an acquisition and predevelopment loan of $500,000 with the following conditions: 1) Trust standard terms and conditions and 2) net of sales proceeds be granted to the City for use for the benefit of low and moderate income Area IV residents.

Michael Haran and Neal Sharma return to the room.

**Marketing and Tenant Selection Plan**

Staff presented for Trust approval a Marketing and Tenant Selection Plan for rental units developed under the inclusionary housing program. During the initial years of the Inclusionary Housing Program, a marketing and tenant selection plan was attached to the Inclusionary Housing Covenant as an illustration of how the tenant selection process worked. The plan was informational and subject to change from time to time.

Staff reported that the attachment of the sample plan to the Covenant has created some confusion about the process and requirements for marketing and tenant selection. To create clarity and consistency, the staff requested that the Trust approve the Marketing and Tenant Selection Plan. The Trust discussed the Tenant Selection Plan and the process the City uses for monitoring rental units.

Upon a motion and seconded, it was:

Voted: To approve the Inclusionary Housing Program Marketing and Tenant Selection Plan as presented.

**NEW BUSINESS**

The Trust discussed the City’s success in housing Cambridge residents in affordable homeownership units. Staff pointed out that when units are more expensive due to the higher prices of new units, particularly three bedroom units, many applicants do not have sufficient income to purchase. The prices of resale units tend to be more affordable and meet the needs of a larger group of applicants.

The Trust discussed using buy down assistance to assist applicants who cannot afford the higher priced units, and asked the staff to report back with information on residents served in these units and changes in the program that might be advisable to ensure units continue to meet resident needs.

**ADJOURNMENT**

The meeting adjourned at 4:54 pm. The next meeting is scheduled for October 22, 2009, at 4 pm in the Ackerman Room. Confirmation of this time and date will follow.
