Why We're Here

“The Bicycle Committee works to improve conditions for bicycling in the City of Cambridge, to promote bicycling as a means of transportation, and to improve safety conditions for bicyclists.”

Bicycle Committee Bylaws, Updated 2009

The Bicycle Committee meets monthly.

- The **purpose** is to get feedback from appointed members of the Committee, the City’s “community experts” on bicycle transportation issues
- The **outcome** is an understanding by City staff of the Committee’s consensus on priorities and reactions to street projects and development proposals
- The **process** to achieve that outcome includes presentations by Committee members and City staff, discussion following presentations, and a public comment period
