

The 2015 Cambridge Bicycle Network Plan identified a number of 'Next Steps' to improve biking in Cambridge. Here are the highlights:

## ONGOING WORK

- 1 Prioritize the development of new bicycle facilities based on the Bicycle Network Vision
- 2 Incorporate the Bicycle Network Vision in the City's Five Year Street and Sidewalk Improvement Plan prioritization process and evaluated annually
- 3 Update the Bicycle Network Vision
- 4 Guide infrastructure improvements undertaken by private development projects to advance the Bicycle Network
- 5 Review Bicycle counts and crash analyses annually
- 6 Review and Update the Next Steps/Action Plan
- 7 Identify streets that are expected to reach BLC 3 but also represent key bicycling route and should receive extra attention in the infrastructure planning efforts

## CURRENT INITIATIVES

- 1 Alewife Pedestrian/Bicycle Bridge Feasibility Study
- 2 Grand Junction Rail-with-Trail
- 3 Watertown-Cambridge Greenway

## SPOT IMPROVEMENTS

- 1 Ft. Washington connection
- 2 Mass Ave/Linear Park Improvements
- 3 Bike ramp on Vassar near Pacific crossing
- 4 Russell Field Path Improvements

## BIKE PARKING

- 1 Add additional public bicycle parking throughout the city
- 2 Install additional sheltered bike parking in key locations

## BIKESHARE

- 1 Add new bikeshare stations
- 2 Enhanced outreach to disadvantaged communities

## EDUCATION

- 1 Focused programs for upper school students
- 2 Expanded bicycle education in high school
- 3 Expanded bicycle classes for underrepresented groups

## NEW INITIATIVES

- 1 Install bicycle counter
- 2 Develop wayfinding strategy
- 3 Attain platinum bicycle friendly community status
- 4 Implement permanent public comment map
- 5 Enhance intersections with signals, signs, and markings

Since **2016** **400+** bike racks installed
