

# Carl Barron Plaza Design Concepts

## Public Information Session & Virtual Open House

As part of the River Street Reconstruction project, the City of Cambridge is redesigning and reconstructing Carl Barron Plaza in Central Square at the corner of Massachusetts Avenue and River Street. The vision is for Carl Barron Plaza to be a central public plaza and space for all users. The City created the plaza design concepts over the past two years using public feedback from three public meetings, outreach to stakeholders, online surveys and comment maps, and through a stakeholder working group. See below for ways to learn more and provide your feedback.
