DOCUMENTS SUBMITTED

Documents Submitted by Permittee

1. Request for Minor Amendment to PUD Development Plan from New England Development, dated 2/13/2026.

SUMMARY OF REQUEST

The Special Permit for the CambridgeSide Planned Unit Development (PB-364) was granted by the Planning Board on December 22, 2020. This plan involves retaining the core part of the mall building and constructing four new buildings in two phases. The Initial Phase Buildings are 20 Cambridgeside Place and 60 First Street, containing all office/laboratory development. The Subsequent Phase Buildings are 80 First Street and 150 Cambridgeside Place, which include office/laboratory development along with mixed-income housing.

Amendment 3 of Special Permit PB-364 allowed the Planning Board to grant an extension of the Design Review approval period by increments of up to two (2) years as a general business item at a regularly scheduled Board meeting. The requested Minor Amendment would extend the Design Review approvals of 80 First Street and 150 Cambridgeside Place for two additional years and to update the Phasing Timeline included in Appendix A.

FINDINGS

1. Minor Amendment to Planned Unit Development Special Permit (Section 12.37)

The following standards are set forth in the Zoning Ordinance regarding Minor Amendments to Planned Unit Development Special Permits.

12.37.1 Amendments to the Final Development Plan shall be considered major or minor. Minor amendments, as specified in Section 12.37.2 shall be authorized by written approval of the Planning Board. Major amendments, as specified in Section 12.37.3, shall be considered as an original application for a Special Permit to construct a PUD and shall be subject to procedures specified in Section 12.34 through 12.36. The Planning Board shall decide whether proposed changes are major or minor.

12.37.2 Minor amendments are changes which do not alter the concept of the PUD in terms of density, floor area ratio, land usage, height, provision of open space, or the physical relationship of elements of the development. Minor amendments shall include, but not be limited to, small changes in the location of buildings, open space, or parking; or realignment of minor streets.

Condition 5 of Special Permit PB-364 (Timing and Phasing) also provides the following guidance:

Modifications to the Phasing Plan or to this Condition #5 may be approved by the Planning Board as Minor Amendments pursuant to Condition #15 of this Decision, provided that all other Conditions of this Decision and requirements of the CZO continue to be met, in particular the requirements of Section 13.104.1(d) of the CZO.

The Board finds that sufficient information has been provided in the Request for a Minor Amendment dated 2/13/2026 to determine that the proposed modifications are consistent with the Conditions of Special Permit Decision PB-364 and do not alter the concept of the PUD in terms of density, floor area ratio, land usage, height, provision of open space, or the physical relationship of elements of the development, and therefore may be approved as a Minor Amendment.

The Board finds that the proposed amendment would not change the design or program of the Subsequent Phase buildings and would not change the location of any buildings, parking, or open space. If any significant changes to the design are proposed, the Applicant will need to return to the Planning Board to approve the design changes.

DETERMINATION
