

## Animal Control Presentation

Thursday, December 17

1:00-2:00

Come meet your Cambridge Animal Control Department:

The Cambridge Animal commission invites you to come join them on zoom to meet your Animal Control Officers. Here you will learn about our services to protect the health, safety, and welfare of all animals and people, our increasingly diverse wildlife population, and guidance for pet care and services you might need. We hope you join us to listen, share ideas, ask questions, and get answers.

**To register, call The Council on Aging at 617-349-6220**
