## Third Community Meeting

Tuesday, August 9, 2022

6:00 p.m. - 8:00 p.m. via Zoom

At the second community meeting on July 12, we presented two layout concepts for Garden Street between Huron Avenue and Mason Street. As requested by the community, we have developed an additional layout concept.

**This new option would convert Garden Street to one-way for vehicles in the eastbound direction between Huron Avenue and Concord Avenue.**

During this meeting we will:

- Discuss three layout concepts for the street: the two initial concepts as well as the new third option
- Give you an opportunity to ask questions and provide feedback

To learn more about this project and to view the presentations and recordings from the first two community meetings, please visit [cambridgema.gov/GardenStHuronMason](https://cambridgema.gov/GardenStHuronMason)
