

Separated Bike Lane Project Starting in Your Neighborhood

Safety Improvement Project on Cambridge Street

Inman Square to Second Street

You can help us improve the street for all users. Turn over this postcard for more info on how to get involved!

Cambridge Street is the heart of eastern Cambridge, a major retail center, and one of the city's busiest streets.

In 2024, the City of Cambridge plans to:

- Install quick-build separated bike lanes on one mile of Cambridge Street between Inman Square and Second Street.
- Make improvements for people walking and riding transit.

This project will:

- Change the layout of the street with new pavement markings, traffic signs, and flex posts.
- Reconstruct curb ramps.
- Reduce the number of on-street parking spaces. We will work with businesses and residents to identify the best locations and regulations for remaining parking.
- Accommodate outdoor street dining.
- Evaluate changes to improve bus service.

Safety Improvement Project on Cambridge Street

Learn more at an upcoming event

We are changing the layout of Cambridge Street using paint, flex posts, new signage, and minor curb changes. Your feedback can help us design this project. This Fall, learn about the project and tell us what we should be thinking about. Next year, we'll come back to the community with draft designs for your review and feedback.

In-Person Open House #1

Wednesday, November 29, 2023 from 4 p.m. to 6 p.m.

Cambridge Public Library - Valente Branch (826 Cambridge St.)

In-Person Open House #2

Saturday, December 2, 2023 from 12:00 (noon) p.m. to 2 p.m.

Millers River Apartments (15 Lambert St.)
