

SEPARATED BIKE LANES & OTHER SAFETY IMPROVEMENTS ON CAMBRIDGE STREET

Inman Square to Second Street

This fall, learn about the project and tell us what we should think about. Next year, we'll come back to the community with draft designs for review and feedback.

Street Layout Changes

In 2024, the City of Cambridge will add separated bike lanes and make related safety improvements on Cambridge Street. We will:

- Move bike lanes to the curb and add white flex post barriers.
- Shorten crossing distances for people walking.
- Reconstruct existing curb ramps.
- Consider changes to improve reliability and accessibility of MBTA Route 69.
- Accommodate outdoor dining.
- Reduce on-street parking to one side of the street at a time.
