

# SAFETY IMPROVEMENT PROJECT ON CAMBRIDGE STREET

Separated Bike Lanes and Other Safety Improvements from Inman Square to Second Street

## Street Layout Changes

In 2024, the City of Cambridge will add separated bike lanes and make related safety improvements on Cambridge Street. We will:

- Move bike lanes to be along the curb, separated from vehicles by white flex posts.
- Shorten crossing distances for people walking.
- Reconstruct some curb ramps.
- Consider changes to improve reliability and accessibility of MBTA Route 69 bus.
- Accommodate outdoor dining.
- Reduce on-street parking to one side of the street at a time.

## Upcoming Community Events

This fall, learn about the project and tell us what we should think about. Next year, we'll come back to the community with draft designs for review and feedback.
