RECOMMENDATION TO TEMPORARILY RELOCATE POLLING SITES IN RESPONSE TO COVID-19

In response to COVID-19, House Bill 4820 was passed and signed into law as Chapter 115 of the Acts of 2020. (See attached) According to Section 11 of Chapter 115 of the Acts of 2020, there are new procedures required when moving precincts or polling locations which affects any polling place changes on or after July 6, 2020. The section states:

“Notwithstanding section 24 of chapter 54 of the General Laws or any other general or special law to the contrary, the select board, board of selectmen, town council or city council may, by recorded and public vote, change any polling place to be used at the primary election or the general election at least 20 days prior to the date of the primary election or general election if it is determined that the public convenience or public health would be better served.

If the select board, board of selectmen or town council determines that the public convenience or public health would be better served, they may house all polling places in a single building within the municipality, if such building is suitably equipped; provided, however, that alcoholic beverages shall not be served or consumed in that portion of a building used as a polling place, during voting hours or while ballots are being counted therein.

In cities, the city council may designate polling places in non-adjacent precincts if they determine the public convenience or public health would be better served.

In making a decision to change a polling place, the select board, board of selectmen, town council or city council shall evaluate and report on whether such change would have a disparate adverse impact on access to the polls on the basis of race, national origin, disability, income or age, and not later than 3 days prior to changing a polling place, shall make publicly available on its website and at the office of the town or city clerk a report on its evaluation.

When the polling places have been designated pursuant to this section, the board of registrars shall post on the municipal website and at other such places as it may determine, a description of the polling places

and shall notify voters by using an electronic means, to the extent available, such as via email or reverse 911 call.”

The City’s primary responsibility for the 2020 elections is to conduct fair elections in a manner that facilitates maximum voter participation while minimizing voter confusion and risk during COVID-19. According to Section 11 of Chapter 115 of the Acts of 2020, “the select board, board of selectmen, town council or city council may, by recorded and public vote, change any polling place to be used at the primary election or the general election at least 20 days prior to the date of the primary election or general election if it is determined that the public convenience or public health would be better served...”

Due to the coronavirus pandemic, it has been determined by the City of Cambridge Board of Election Commissioners (“Board”) that public health would be better served if the polling sites like those in high-risk facilities such as senior care facilities, hospitals and small facilities were relocated for the upcoming 2020 State Primary, September 1st and General Election, November 3rd.

The City of Cambridge has 34 wards and precincts and 30 polling sites. Of those 30 polling sites, the Board recommends that 14 of these polling sites be relocated. The Board has located suitable locations to serve as temporary polling sites that would meet state regulations and be located in the same ward and precinct or in close proximity to the current polling places with hopes of providing voter convenience and to minimize voter confusion. Most of the temporary locations will be inside Cambridge public schools. Discussions between the Board and the City of Cambridge School Committee resulted in permission for the Election Commission to continue using schools that have been designated polling places and to use additional Cambridge Public Schools as polling places for relocation purposes for the upcoming 2020 elections. School buildings will be otherwise closed during the polling. (See adopted Motion #20-149)

Each of the proposed temporary polling locations were evaluated in accordance with Section 11 of Chapter 115 of the Acts of 2020 and the Board determined that these sites will not have a “disparate adverse impact on access to the polls on the basis of race, national origin, disability, income or age...” The proposed locations are accessible for all voters, near previously used polling locations, and provide enough space to accommodate the necessary voting equipment and supplies and social distancing of poll workers, and voters.

In accordance with 950 CMR 51:00 “Polling place accessibility for elderly and handicapped voters” a Polling Place Accessibility Survey was completed for each of the proposed relocation sites to enable the Board to determine that they are fully accessible for all voters and suitable as polling locations. (See attached surveys) In addition, the Board will adhere to public health guidelines and ensure election workers receive training on properly sanitizing equipment, PPE and social distancing to mitigate public health risks.

The following is a list of current polling places and the recommended relocation sites:

Not later than October 9, 2020, and at least once during the voting period, the registrars for each city or town shall post the location of the early voting sites as well as the applicable dates and hours. Notice shall be conspicuously posted: (i) in the office of the city or town clerk or on the principal official bulletin board of each city or town; (ii) on any other public building considered necessary; (iii) on the city or town's website, if any; and (iv) on the website of the state secretary.

(f) Prior to the beginning of early voting, the registrars for each city or town shall prepare a list for the early voting sites, containing the names and residences of all persons qualified to vote at each voting site, as the names and residences appear upon the annual register, and shall reasonably transmit the applicable list to the election officers at each early voting site designated by the registrars.

(g) The registrar or presiding official at the early voting site shall cause to be placed on the voting lists opposite the name of a qualified voter who participates in early voting the letters “EV” designating an early voter.

(h) The registrars shall prepare lists of all voters casting ballots pursuant to this section or section 6 during the early voting period and update the voter list in a manner prescribed by the state secretary.

(i) A city or town may opt to detail a sufficient number of police officers or constables for each early voting site for the primary election at the expense of the city or town to preserve order, protect the election officers and supervisors from any interference with their duties and aid in enforcing the laws relating to elections.

(j)(1) The absentee or early ballot of any voter who was eligible to vote at the time the ballot was cast shall not be deemed invalid solely because the voter became ineligible to vote by reason by death after casting the ballot. For the purposes of this section, the term “cast” shall mean that the voter has: (i) deposited the absentee or early ballot in the mail for ballots mailed; (ii) returned the absentee or early ballot to the appropriate election official either by hand or by depositing in the municipal drop box, where available; or (iii) completed voting in person at the clerk’s office or an early voting location.

(2) Section 100 of chapter 54 of the General Laws shall not apply to the primary election or general election or any other municipal election held at the same time.

(k) Notwithstanding any general or special law to the contrary, any absent ballot cast pursuant to section 86 of chapter 54 of the General Laws or any early voting ballot cast pursuant to this section or section 6 may be deposited into a tabulator or a ballot box in a municipality or precinct that uses paper ballots, in advance of the date of the primary or the general election. All ballots received pursuant to this section or section 6 may be opened in advance of the date of the primary or the general election, in accordance with regulations promulgated by the state secretary; provided, however, that such ballots shall be kept secured, locked and unexamined, and that no results shall be determined or announced until after the time polls close on the date of the primary or the general election. Disclosing any such result before such time shall be punished as a violation of section 14 of chapter 56 of the General Laws. Not later than August 1, 2020, the state secretary shall promulgate emergency regulations regarding the advance depositing of ballots.

SECTION 8. (a) Not later than August 3, 2020, the state secretary shall deliver to each city or town, in quantities as the state secretary determines necessary, the following papers: (i) official absentee and early voting ballots for the primary election, similar to the official ballot to be used at the primary

election; provided, however, that a sufficient quantity of such ballots are printed in the languages necessary to accommodate the selection of a bilingual ballot by voters pursuant to paragraph 5 of subsection (d) of section 6; (ii) envelopes of sufficient size to contain the ballots specified in clause (i) bearing on their reverse the voter's affidavit in compliance with the requirements of subsection (j) of section 25B of chapter 54 of the General Laws; (iii) return envelopes for any ballot requested for voting by mail pre-addressed to the local election official with postage guaranteed; and (iv) instructions for voting by mail to be sent to each voter who requests to cast a ballot by mail.

(b) Not later than October 9, 2020, the state secretary shall deliver to each city or town, in quantities as the state secretary determines necessary, the following papers: (i) official absentee and early voting ballots, for the general election, similar to the official ballot to be used at the general election; provided, however, that a sufficient quantity of such ballots are printed in the languages necessary to accommodate the selection of a bilingual ballot by voters pursuant to paragraph 5 of subsection (d) of section 6; (ii) envelopes of sufficient size to contain the ballots specified in clause (i) bearing on their reverse the voter's affidavit in compliance with the requirements of subsection (j) of said section 25B of said chapter 54; (iii) return envelopes for any ballot requested for

voting by mail pre-addressed to the local election official with postage guaranteed; and (iv) instructions for voting by mail to be sent to each voter who requests to cast a ballot by mail.

SECTION 9. (a) Sections 37 and 38 of chapter 53 of the General Laws shall apply to unenrolled voters and voters enrolled in political designations voting early in the primary election. The registrar or presiding official at the early voting site shall cause the name of the party of the ballot being voted to be recorded on the voting list. Once the party selection has been recorded on the voting list, a voter cannot request or vote on the ballot of another party.

(b) The counting of early voting ballots including, but not limited to, informing election officers and any challengers present under section 85A of chapter 54 of the General Laws shall be set by 950 C.M.R. § 47.00, so far as applicable. All envelopes referred to in this section shall be retained with the ballots cast at the primary election and shall be preserved and destroyed in the manner provided by law for the retention, preservation or destruction of official ballots.

(c) The provisions of 950 C.M.R. § 47.00 shall apply to early voting at the primary election to the extent feasible; provided, however, that the state secretary shall promulgate rules to accommodate the dates set forth herein.

SECTION 10. Notwithstanding section 25B of chapter 54 of the General Laws or any other general or special law to the contrary, the election officers and registrars of every city or town shall allow any qualified voter to vote early by mail for any city or town election held on or before December 31, 2020.

SECTION 11. Notwithstanding section 24 of chapter 54 of the General Laws or any other general or special law to the contrary, the select board, board of selectmen, town council or city council may, by recorded and public vote, change any polling place to be used at the primary election or the general election at least 20 days prior to the date of the primary election or general election if it is determined that the public convenience or public health would be better served. If the select board, board of selectmen or town council determines that the public convenience or public health would be better served, they may house all polling places in a single building within the municipality, if such building is suitably equipped; provided, however, that alcoholic beverages shall not be served or consumed in that portion of a building used as a polling place, during voting hours or while ballots are being counted therein. In cities, the city council may designate polling places in non-adjacent precincts if they determine the public convenience or public health would be better served. In making a decision to change a polling place, the select board, board of selectmen, town council or city council shall evaluate and report on whether such change would have a disparate adverse

impact on access to the polls on the basis of race, national origin, disability, income or age, and not later than 3 days prior to changing a polling place, shall make publicly available on its website and at the office of the town or city clerk a report on its evaluation. When the polling places have been designated pursuant to this section, the board of registrars shall post on the municipal website and at other such places as it may determine, a description of the polling places and shall notify voters by using an electronic means, to the extent available, such as via email or reverse 911 call.

SECTION 12. Notwithstanding section 29 of chapter 53 of the General Laws and sections 11, 11B, 12 and 13 of chapter 54 of the General Laws or any other general or special law to the contrary, for the primary election and general election, if the city or town clerk determines in writing that there is a deficiency in the number of required election officers, then the appointing authority may appoint election officers without regard to political party membership, voter status, residence in the city or town or inclusion on a list filed by a political party committee pursuant to said sections 11B and 12 of said chapter 54. If the position of the warden, clerk or inspector, or the deputy of any such officer, if any, is vacant within the 3 weeks preceding the primary or general election, the city or town clerk may fill the vacancy by appointing a competent person willing to serve, without regard to political party membership,

voter status, residence in the city or town or inclusion on a list filed by a political party committee pursuant to said sections 11B and 12 of said chapter 54.

SECTION 13. Notwithstanding sections 67 and 83 of chapter 54 of the General Laws or any other general or special law to the contrary, for the primary election and general election, the city or town clerk may eliminate the requirement that a voter provide their name or residence to an election officer at the ballot box and that the election officer mark the name off a voting list before the voter may deposit the ballot in the ballot box.

SECTION 14. Notwithstanding any general or special law to the contrary, the state secretary shall implement a system to allow a qualified voter to request an early or absentee ballot on the state secretary's website, to be mailed to the qualified voter's home address or a different mailing address as designated by the voter. The system shall not require the voter's signature. The system shall apply to the November 3, 2020 general election, and, if feasible, to the September 1, 2020 state primaries, and shall in any event be operational not later than October 1, 2020.

SECTION 15. For an election held on or before December 31, 2020, any person taking precaution related to COVID-19 in response to a declared state of emergency or from guidance from a medical professional, local or state health official or any

civil authority shall be deemed to be unable by reason of physical disability to cast their vote in person at a polling location.

SECTION 16. Notwithstanding sections 25B and 89 of chapter 54 of the General Laws or any other general or special law to the contrary, applications for early and absentee ballots for all elections held on or before December 31, 2020 shall be acceptable if they are signed or submitted electronically; provided, however, that any electronic signature shall be written in substantially the same manner as a handwritten signature.

SECTION 17. Notwithstanding any other general or special law to the contrary, subsection (c) of section 91B of chapter 54 of the General Laws shall apply to voters who have been instructed by a medical professional or a local or state health official to self-quarantine in their home beginning after noon on the seventh day before the any election held on or before December 31, 2020.

SECTION 18. Notwithstanding sections 26 and 28 of chapter 51 of the General Laws or any other general or special law to the contrary, the last day to register to vote for any election taking place on or before December 31, 2020 shall be 10 days before the date of such election; provided, however, that the board of registrars shall hold a registration session on that date not less than from 2:00 P.M. to 4:00 P.M. and from

7:00 P.M. to 8:00 P.M. The voting list to be used for any such election shall include all eligible voters registered as of that date.

SECTION 19. The state secretary shall promulgate emergency regulations for the administration and enforcement of this act including, after consulting with the commissioner of the department of public health, regulations requiring public health safeguards at early voting sites and polling places, including required distancing of voters and election officers, frequent use of sanitizers, personal protective equipment and use of marking pens.

SECTION 20. Not later than July 15, 2020, the state secretary shall: (i) promulgate regulations for electronic poll books required by section 33I of chapter 54 of the General Laws; and (ii) certify 1 or more types of electronic poll books in time to be used in the 2020 state primary and the general elections, and all future elections, under said section 33I of said chapter 54.

guaranteed returned requesting a ballot; (iii) the total number of ballots cast by mail; and (iv) total cost and amounts paid for using federal funds.

SECTION 23. Section 109A of chapter 54 of the General Laws shall apply to ballots cast in the November 3, 2020 general election.

SECTION 24. The state secretary shall conduct a public awareness campaign to inform voters throughout the commonwealth of the provisions of this act, including, but not limited to, measures to promote public awareness of expanded early voting options in the 2020 primary and general elections and the requirements and procedures for early voting by mail, including, but not limited to, information related to the ability of a voter who requests but does not return an early voting by mail ballot to vote in person on election day.

Section 3(a) of the Act, 42 U.S.C. § 1973ee-1(a), requires every city and town to assure that all polling places for federal elections are accessible to handicapped and elderly voters, unless the Secretary exempts them. (1) Site Access. A clear, reasonably lit, unobstructed path of travel must be provided from the designated spaces in the parking lot, and from the street, to the accessible entrance to the building where the polling place is located. Such path of travel shall have a continuous common surface, not interrupted by steps or abrupt changes in level greater than 1/2 inch.

(2) Parking. If a parking lot is available on the premises of the polling place, then the following requirements apply:

(a) Pursuant to the Americans With Disabilities Act (ADA) Accessibility Guidelines (4.1.2 (5)), the number of required handicapped parking spaces is:

<u>Total No. of Parking Spaces</u>	<u>No. of Handicapped Required</u>
1 - 25	1

The van accessible space shall be eight feet wide and have an adjacent eight foot wide access aisle which is marked by high contrast painted lines or other high contrast delineation. The lot shall be reasonably lit.

3. Identification of handicapped spaces shall be by a sign at each space or pair of spaces. The signs shall be at a height of not less than five feet nor more than eight feet to the top of the sign. The sign shall also contain the International Symbol of Accessibility and may include wording identifying its use. Van accessible spaces shall include the words "Van Accessible."

(d) If a sidewalk is provided at such parking spaces, a curb cut (sidewalk ramp) shall be installed at each space or pair of spaces. The slope of the curb cut shall not exceed 1:12.

(e) If no parking lot is available on the premises of the polling place, at least one on-street parking place in front of the polling place must be at least temporarily designated as a handicapped parking space. Identification of the handicapped space shall be by the sign provided in 950 CMR 51.02(2)(c)3.

(3) Entrance.

(a) At least one entrance to the building must be accessible to physically disabled persons. If the main entrance to the building is not accessible, signs must be posted directing persons from the ordinary path of travel to the accessible entrance.

1. If the main entrance to the building is not accessible, the path of travel to the accessible entrance shall be the same or a substantially similar distance as the path of travel to the main entrance.

2. If the main entrance is not the accessible entrance, the door to the accessible entrance shall be unlocked and capable of being operated without assistance during the hours the polling place is open and at the same hours as the main entrance.

(b) The approach to the accessible entrance shall be a paved walk or ramp with a non-slip surface, uninterrupted by steps or abrupt changes in level greater than 1/2 inch. Such entrance shall have a level space 60 inches from the door on the interior and exterior of the doors.

(c) Doors to such entrances shall be a minimum of 32 inches clear, measured at 90°. No door threshold shall be higher than 1/2 inch above the floor on either side. Lever handles or other accessible hardware must be provided on doors, so that they may be operated with a closed fist.

(b) If it is impractical to install a permanent ramp, portable ramps shall be provided. Portable ramps shall have a slope as close to 1:12 as possible, and if a portable ramp has no handrails or side walls, it must have wheel guards at least two inches high on both sides. Portable ramps may be used to gain access from the parking lot or street to the sidewalk as well as at the entrance to a building. Portable ramps shall be securely anchored.

(5) Building Interior.

(a) All interior doors, approaches, and ramps necessary within the building to obtain access to the polling place must comply with 950 CMR 51.02(3) and (4).

(b) An accessible route which provides a continuous unobstructed path at least 36 inches wide shall be maintained inside the polling place and shall coincide with the route for the general public.

950 CMR: OFFICE OF THE SECRETARY OF THE COMMONWEALTH

51.02: continued

(6) Voting Equipment.

(a) For every state, federal, municipal election, preliminary or primary, either regular or special, each polling place shall have at least one accessible voting unit that is usable by people with disabilities. Any accessible voting unit must first be approved for use by the state secretary. Accessible voting units shall be located within a polling place so as to be readily available for use by voters during the voting hours.

(b) In every polling place, a specimen ballot must be posted at a height no greater than 48 inches.

(c) Where paper or punch-card ballots are used, at least one marking shelf at each polling place (at a primary where punch-card booklets are used, one for each party) must provide clear space under the shelf not less than 30 inches wide, at least 27 inches clear to the underside of the shelf, and not more than 32 inches in height to the top of the shelf, and must contain privacy barriers on both sides of the shelf. For this special marking shelf, the handle of any stylus used for punching punch-card ballots shall be at least one inch thick and at least three inches long.

(d) Where voting machines are used, a specimen ballot must be placed in at least one machine at each polling place, at a height no greater than 48 inches. For voting machines which have any levers higher than 48 inches above the floor, a "reacher" must be made available to assist disabled persons in reaching the upper levers.

(7) Variations. A city or town may apply to the Architectural Access Board, under 521 CMR 3.00(4.1.1), for a variance from the accessibility requirements of 950 CMR 51.02 or, to the extent that they apply to any polling place, from the requirements of the Architectural Access Board's regulations in 521 CMR 3.00. Notice of an application for any such variance shall be given in the manner required by 950 CMR 51.03(4)(b), and shall also be given to the Director of Elections. No such variance shall be allowed which substantially impairs the accessibility of a polling place to handicapped and elderly voters.

(8) Time Accessibility Required. All non-exempt polling places must be accessible no later than three weeks before the first federal election of an even-numbered year.

51.03: Exemptions

(1) Delegation to Director of Elections. The Secretary delegates to the Director of Elections (the Director) the authority to determine whether a polling place is exempt from the accessibility requirements under 42 U.S.C. 1973ee-1(b), § 3(b), and under 950 CMR 51.03.

(2) Emergency Exemptions. In an emergency under 42 U.S.C. 1973ee-1(b)(1), § 3(b)(1), an exemption may be applied for and determined by telephone, but both the city or town and the Director shall confirm their communications in writing. Mere failure of the city or town to make adequate and timely plans and arrangements does not constitute an emergency. If an exemption is allowed, it applies only to one election, and the city or town must exercise its best efforts to find another accessible polling place, and if none is available, to provide whatever assistance is possible to handicapped and elderly voters. If an emergency exemption is allowed, handicapped or elderly voters assigned to such an emergency exempt polling place may vote by absentee ballot in the office of the city or town clerk or election commission without applying in advance. The procedures set forth in the second paragraph of M.G.L. c. 51, § 59 shall apply to such voters, except that the absentee ballot envelope shall be marked "Emergency Polling Place Exemption".

(3) Non-availability Exemptions: Standards. In determining under 42 U.S.C. 1973ee-1(b)(2)(A), § 3(b)(2)(A), that all potential places have been surveyed and that no accessible place is available, nor is the city or town able to make one temporarily accessible in the area involved, the Director shall consider the following factors:

(a) Whether each location has been studied by a trained person to determine whether or not it is accessible.

950 CMR: OFFICE OF THE SECRETARY OF THE COMMONWEALTH

51.03: continued

1. Polling places should not be presumed to be accessible simply because there are no obvious barriers, but 950 CMR 51.02 must be applied.
 2. A trained person is one with knowledge of what constitute structural barriers to handicapped individuals.
 3. Handicapped persons, representatives of handicap groups or professionals who work with handicapped individuals should be consulted.
 4. If a location is inaccessible, then the city or town should either seek an alternative accessible location or seek to have the barriers removed.
- (b) Whether the owners or proprietors of the building have been consulted regarding the modifications. If the owners or proprietors are unwilling to make the modifications, then an alternative location should be sought. Possible locations include those which are currently accessible and those where the owners or proprietors are willing to make necessary modifications.
- (c) Whether an estimate of the cost to make the modifications has been obtained from a qualified person (construction contractor, carpenter), and whether different options for removing the barriers have been explored (e.g., temporary ramps).
- (d) With respect to polling places in inaccessible government buildings, whether the city or town has urged government officials to make the modifications necessary for the buildings to be accessible.
- (e) The record of the city or town's percentage of polling places in compliance in the past.
- (f) The city or town's expressed plans for providing an accessible polling place in the future.

(4) Non-availability Exemptions: Procedure.

- (a) The city or town body responsible for selecting polling places under M.G.L. c. 54, § 24 (city council, board of selectmen, or election commission) must apply in writing for any exemption under section 3(b)(2) of the Act, 42 U.S.C. § 1973ee-1(b)(2). The application must be filed with the Director of Elections, under the penalties of perjury and in a form prescribed by him, not later than 180 days before the first federal election of an even-numbered year.
- (b) Not later than the application deadline, the city or town must give notice that it has applied for the exemption, by posting notice on the principal bulletin board, sending copies to all local news media, and mailing copies to the local council on aging, to any municipal handicapped office or commission, to the state Office of Handicapped Affairs (One Ashburton Place, Room 1305, Boston, MA 02108), and to any additional organizations which the Director may prescribe. The notice shall state the designation and address of the polling place or places for which exemption is sought, the reasons for the application, the location at which a copy of the application may be inspected, and the fact that any person may file a written response within 30 days with the state Director of Elections, One Ashburton Place, Room 1705, Boston, MA 02108, telephone (617) 727-2828 or (800) 462-8683.
- (c) Any person may file with the Director a written response to an exemption application within 30 days after it is filed.
- (d) The Director may, in his discretion, seek further information from the city or town or hold an informal hearing before himself or his designee.
- (e) Not later than 90 days before the first federal election of an even-numbered year, the Director shall notify the city or town in writing whether an exemption is allowed and of the reasons for the decision. The period of an exemption shall be two calendar years, beginning with an even-numbered year. Renewal of the exemption requires a new application.

(5) Alternative Voting Methods. As required by section 3(b)(2)(B) of the Act, 42 U.S.C. § 1973ee-1(b)(2)(B), handicapped or elderly voters assigned to an exempt polling place may vote by absentee ballot, either by mail or in the office of the city or town clerk or election commission, if they previously apply in writing, under M.G.L. c. 54, §§ 86 through 103Q. Current state law prevents assigning such voters to another polling place, as well as "curbside voting" outside the polling place on election day.
