Gender Identity: A person's particular gender or non-gender, which may or may not correspond with the sex assigned at birth. A person's innate, deeply felt sense of being male, female, both, or neither. A person's gender identity may or may not match the sex they were assigned at birth.

Scope

This policy pertains to the school district at large, both in the schools and also inclusive of the usage of electronic technology and electronic communication that occurs in the school as well as to the entire school system, including educators, school and district staff, students, caregivers, partner organizations and volunteers.

General Policy Statement

It is our policy to protect all employees from discrimination, including on the basis of gender identity and expression.

In accordance with the School Committee's Non-Discrimination on the Basis of Gender Identity Policy, information about an employee's transgender status, assigned birth name and sex, name change for gender identity purposes, gender transition, medical information related to gender identity or other information of a similar nature, if such information exists, shall be maintained in a separate, confidential file and shall be kept confidential in accordance with applicable federal, state and local privacy laws and regulations. The fact that a staff member chooses to disclose their transgender status to staff or students does not authorize school staff to disclose this information, or other information as detailed above, including without limitation, medical information, about the staff member to others. Information that may reveal a staff member's transgender status to others will not be disclosed to others unless the school is legally required to do so, or unless the disclosure has been authorized in writing by the staff member.

In accordance with the School Committee's Non-Discrimination on the Basis of Gender Identity Policy, staff may access restrooms that correspond to the staff member's gender identity. All staff shall have access to all-gender/gender neutral, physically accessible restrooms at all times.

In accordance with the School Committee's Non-Discrimination on the Basis of Gender Identity Policy, every staff member has the right to be addressed by a name and pronouns that correspond to the staff member's gender identity. Regardless of whether a transgender or gender nonconforming staff member has legally changed their name or gender, the school system will allow such staff members to use a chosen name and gender pronouns that reflect their identity. The district will create and disseminate a protocol for name and gender changes, to be enacted within 10 business days of initiation by the staff member. It is expected that staff members will make reasonable efforts to consistently use colleagues' chosen names and pronouns. The employee's preferred name shall appear on all unofficial records (e.g. staff ID, classroom rosters, telephone directory, Student Information Systems, email and other electronic accounts and District-related applications). Official records, such as payroll and benefits, may require documentation demonstrating a legal name and gender change.
