Coronavirus State and Local Fiscal Recovery Fund
Reporting Guide – Metro Cities and Counties

July 2021

All figures subject to change
On May 10, 2021, the U.S. Department of the Treasury ("Treasury") released comprehensive guidance for the Coronavirus State & Local Fiscal Recovery Fund (SLFRF) that outlines the eligible uses of the funds authorized by the American Rescue Plan Act (ARPA).

On June 17, 2021, the Treasury posted the Compliance and Reporting Guidance for the Coronavirus State and Local Fiscal Recovery Funds (SLFRF).

This presentation serves as a guide for the reporting requirements outlined in the Treasury documents.

Please note non-entitlement units ("NEUs") do not have a report due until October 2021; we will hold a webinar for NEUs at a later date.
Reporting Guidance

• The guidance defines four types of recipients; each recipient has different reporting requirements

• The four recipient types are:
  
  A. Metropolitan cities and counties with populations >250K
  B. Metropolitan cities and counties with populations <250K and received more than $5M in funding
  C. Metropolitan cities, and counties with populations <250K and received less than $5M in funding
  D. Non-entitlement units of government

• This presentation focuses on metropolitan cities and counties (Groups A, B, C)
• Metropolitan cities and counties with a population exceeding 250,000 residents:
  
  o Bristol County  
  o Plymouth County  
  o Norfolk County  
  o City of Boston  

• These metropolitan cities and counties are required to submit the following to the Treasury:
  
  › **Interim Report**: One-time report due August 31, 2021 that requires entities to report total expenditures through July 31, 2021 and describe revenue replacement calculation and amount  
  
  › **Quarterly project and expenditure report**: Quarterly spending reports until at least March 2027 (first report due October 31, 2021) that also must include program statistics, performance metrics, and a narrative describing compliance with the Civil Rights Act of 1964  
  
  › **Recovery plan performance report**: Annual report (first report due August 31, 2021) that summarizes efforts to deploy funds in an equitable manner, community engagement efforts, labor practices for infrastructure projects, and use of evidence-based interventions
• Metropolitan cities and counties with a population below 250,000 residents which received more than $5 M in funding:
  o Barnstable Co.
  o Arlington
  o Attleboro
  o Barnstable
  o Brockton
  o Brookline
  o Cambridge
  o Chicopee
  o Fall River
  o Fitchburg
  o Framingham
  o Gloucester
  o Haverhill
  o Holyoke
  o Lawrence
  o Leominster
  o Lowell
  o Lynn
  o Malden
  o Medford
  o Methuen
  o New Bedford
  o Newton
  o Northampton
  o Peabody
  o Pittsfield
  o Plymouth
  o Quincy
  o Revere
  o Salem
  o Somerville
  o Springfield
  o Taunton
  o Waltham
  o Westfield
  o Weymouth
  o Worcester

• These metropolitan cities and counties are required to submit the following to the Treasury:
  › **Interim Report**: One-time report due August 31, 2021 that requires entities to report total expenditures through July 31, 2021 and describe revenue replacement calculation and amount
  › **Quarterly project and expenditure report**: Quarterly spending reports until at least March 2027 (first report due October 31, 2021) that also must include program statistics, performance metrics, and a narrative describing compliance with the Civil Rights Act of 1964
• Metropolitan cities and counties with a population **below 250,000 residents which received less than $5 M in funding:**
  - Dukes County
  - Yarmouth

• These metropolitan cities and counties are required to submit the following to the Treasury:
  - **Interim Report:** One-time report due August 31, 2021 that requires entities to report total expenditures through July 31, 2021 and to describe revenue replacement calculation and amount
  - **Annual project and expenditure report:** Annual spending reports until at least March 2027 (first report due October 31, 2021) that also must include program statistics, performance metrics, and a narrative describing compliance with the Civil Rights Act of 1964
Overview of Interim Report

What is it?

- One-time report that provides initial overview of status and use of funds

When is it due?

- Due on August 31, 2021

What does it include?

- Aggregate CLFRF expenditures by Expenditure Category from the date of award through July 31, 2021

Impact on Municipalities

- Build process to collect data and complete interim report
Project and Expenditure Report

A  B  C

All figures subject to change
Overview of Project and Expenditure Reports

**What is it?**
- Quarterly or annual reports on Projects & expenditures

**When is it due?**
- First report due on October 31, 2021 (award date to 9/30/21)
  - Subsequent quarterly reports cover one calendar quarter; due within 30 calendar days of end of quarter (through Mar. 2027)
  - Subsequent annual reports cover one calendar year; due by October 31 (through Mar. 2027)

**What does it include?**
- Expenditure details, program statistics, performance metrics, Civil Rights Act compliance details

---

**Impact on Municipalities**
- The following slides outline data and information that required for spending reports
- Assess current data and technology infrastructure and its ability to support expenditure reports
- Build sustainable process for completing reports
Unit of Measurement: Projects

• Many of the new reporting requirements for CLFRF will be reported at the project level

• Projects group spending into “closely related activities towards a common purpose”

• Projects must be granular enough to "report these metrics for a reasonable specific activity or set of activities“

Subawards

• Recipients must provide obligation and expenditure information for contracts, grants, loans, transfers to other government entities, and direct payments greater than or equal to $50K

Required data for projects includes…
1. Project Name
2. Project Identification Number
3. Project Expenditure Category – each project must align to one Expenditure Category
4. Description (between 50 – 250 words)
5. Status of Completion
Project and Expenditure Reports

Relationships

Expenditure Category
(e.g., Education Assistance: Early Learning)

Project A

Project B
(e.g., Pre-school services)

Obligations/Expenditures
Subaward (e.g., Contract)
Subaward (e.g., Grant)

Project C

Impact on Municipalities

- As identify use of funds, group spend by project and identify corresponding expenditure category
- Determine how to track obligations and expenditures by project and collect all required data elements
Project Demographic Distribution

- Recipients must identify whether certain types of projects\(^1\) are targeted to **economically disadvantaged communities**

- Recipients may assume projects are targeted towards these communities if funds spent on:
  - Program or service provided at physical location in a Qualified Census Tract (QCT);
  - Program or service where the primary intended beneficiaries live within a QCT;
  - Program or service where eligibility criteria is such that primary intended beneficiaries earn less than 60% of median income for the jurisdiction;
  - Program or service where eligibility criteria is such that over 25% of intended beneficiaries are below the federal poverty line.

**Impact on Municipalities**

- As design programs, make determinations on if project targets economically disadvantaged communities.

---

\(^1\)Information must be reported for projects in Expenditure Categories marked with “^” in Appendix 1

---

**What is a Qualified Census Tract?**

HUD defines as a QCT as having “50 percent of households with incomes below 60 percent of the Area Median Gross Income (AMGI) or have a poverty rate of 25 percent or more.” In the Interim Final Rule, Treasury presumes that certain types of services are eligible uses when provided in a QCT.
Programmatic Performance Indicators (KPIs)

- Some expenditure categories require additional programmatic performance indicators, please see Appendix 2 for details

Civil Rights Act Compliance

- Recipients must provide narrative on compliance with Title VI of the Civil Rights Act of 1964

Impact on Municipalities

- Review Appendix 2 to identify mandatory KPIs associated with project’s expenditure category; identify process to capture and report on KPIs
Recovery Plan Performance Report
Recovery Plan Performance Report

What is it?

• Annual report summarizing deployment of funds in effective, efficient, and equitable manner

When is it due?

• First report due on August 31, 2021
  (award date to 7/31/21)
  › Subsequent reports cover 12-month period; due within 30 calendar days of end of period (through Mar. 2027)

What does it include?

• Descriptions of actual and intended uses, performance outcomes and measurements, and use of evidence-based interventions

Impact on Municipalities

• The following slides outline data and information required for annual report

• Assess current data and technology infrastructure and its ability to support performance reports
  › Build process for completing reports

• Report must be posted on public-facing website
Project Inventory
• Project inventory describing CLFRF funded projects, including project activities, approximate timeline, partners, and intended outcomes

Uses of Funds
• Description of intended and actual uses of funds, grouped by expenditure categories
  › Information on other ARPA funds that may intersect uses

Required Programmatic Performance Indicators (KPIs)
• Certain categories of projects have mandatory performance indicators, see Appendix 2

Impact on Municipalities
• Robustly document intended and actual uses of funds in narrative form
• Review Appendix 2 to identify required KPIs
Recovery Plan Performance Report

Additional Programmatic Performance Indicators (KPIs)

- Additional municipal-identified key performance indicators for "major" projects
- Must include output measures on implementation stages of project and outcome measures on whether a project is achieving its overall goals

Use of Evidence

- Identify extent to which funds are being used for evidence-based interventions
  - Use of online clearinghouses to identify evidence-based models is encouraged

**Impact on Municipalities**

- In program design, identify output and outcome measures that speak to project’s goals and are feasible given data limitations
- Identify if projects utilize evidence-based interventions

---

*Must specify dollar amount of total project spending allocated towards evidence-based interventions for each Expenditure Categories 1, 2, and 3*
Additional Required Information

- **Promoting Equitable Outcomes**: Describe efforts to promote equitable outcomes, including goals to targeted underserved groups and efforts to promote awareness and address barriers

- **Community Engagement**: Describe efforts to capture diverse feedback from constituents, stakeholder organizations, and communities

- **Labor Practices**: For infrastructure projects, describe workforce practices (project labor agreements, community benefits agreements, prevailing wage requirements, and local hiring)

---

*Note: Equity strategy must tie to specific programs in Negative Economic Impacts and Services to Disproportionately Impacted Communities Expenditure Categories*
What does this mean for my municipality?
Municipal Activities

• Municipalities and counties report directly to the federal government. The Commonwealth is providing technical assistance, but municipalities and counties remain responsible for understanding and adhering to all reporting requirements.

• Begin by defining projects and identifying the appropriate expenditure categories. These categories determine which required metrics apply to the project.

• If you must submit the Recovery Plan Performance Report (Group A), as a part of program design, identify and document key outcome and output measures. Measures should speak to the project’s goals and be feasible to collect and report given limited data infrastructure and staff capacity.

• Establish a plan for collecting and reporting data, and ensure you have the appropriate resources. The Treasury guidance states that “recipients are permitted to use funds to make improvements to data or technology infrastructure and data analytics, as well as program evaluations.”
Appendix A: Expenditure Categories
### 1: Public Health

1.1 COVID-19 Vaccination ^

1.2 COVID-19 Testing ^

1.3 COVID-19 Contact Tracing

1.4 Prevention in Congregate Settings (Nursing Homes, Prisons/Jails, Dense Work Sites, Schools, etc.)*

1.5 Personal Protective Equipment

1.6 Medical Expenses (including Alternative Care Facilities)

1.7 Capital Investments or Physical Plant Changes to Public Facilities that respond to the COVID-19 public health emergency

1.8 Other COVID-19 Public Health Expenses (including Communications, Enforcement, Isolation/Quarantine)

1.9 Payroll Costs for Public Health, Safety, and Other Public Sector Staff Responding to COVID-19

1.10 Mental Health Services*

1.11 Substance Use Services*

1.12 Other Public Health Services

---

* Denotes area where recipient must identify amount of total funds that are allocated to evidence-based interventions

^ Denotes areas where recipients must report on whether projects are primarily serving disadvantaged communities
