## APPLICATION FOR CERTIFICATE

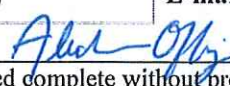

1. The undersigned hereby applies to the Cambridge Historical Commission for a Certificate of (check one box):  Appropriateness,  Nonapplicability, or  Hardship, in accordance with Chapter 40C of the Massachusetts General Laws and/or Chapter 2.78 of the Municipal Code.

2. Address of property:  , Cambridge, Massachusetts

3. Describe the proposed alteration(s), construction or demolition in the space provided below: (An additional page can be attached, if necessary).

To support Harvard's comprehensive renewal of Lowell House, Harvard will temporarily utilize the site at 27 Holyoke Place as construction support space. Unlike other Harvard Houses, Lowell House was designed with two fully enclosed courtyards that preclude easy access to the building and limit any available land around the building. Construction at Lowell House will need to utilize a crane to move materials into the building, and much of the storage and construction support space will need to take place outside of the courtyards to allow the construction work to proceed. The support site at 27 Holyoke Street provides space for materials storage, a construction access route, and a construction trailer (See attached site plan). The entire site will be behind a construction fence. This temporary use of this site as described will last from May 2017 through August 2019.

I certify that the information contained herein is true and accurate to the best of my knowledge and belief. The undersigned also attests that he/she has read the statements printed on the reverse.
