SUPPORTING STATEMENT FOR A VARIANCE

EACH OF THE FOLLOWING REQUIREMENTS FOR A VARIANCE MUST BE ESTABLISHED AND SET FORTH IN COMPLETE DETAIL BY THE APPLICANT IN ACCORDANCE WITH MGL 40A, SECTION 10.

A) A literal enforcement of the provisions of this Ordinance would involve a substantial hardship, financial or otherwise, to the petitioner or appellant for the following reasons:

Adding leasing contact information will help the client occupy the building faster. This is a large project and having the location at low occupancy for too long will be a detriment to the client.

B) The hardship is owing to the following circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or structures by not affecting generally the zoning district in which it is located for the following reasons:

Unknown

C) **DESIRABLE RELIEF MAY BE GRANTED WITHOUT EITHER:**

1) Desirable relief may be granted without substantial detriment to the public good for the following reasons:

The banners will not affect public way or be of physical harm to the general public. They do not cause a visual nuisance. The aesthetics are neutral and fit the location and neighborhood.

2) Desirable relief may be granted without nullifying or substantially derogating from the intent or purpose of this Ordinance for the following reasons:

The size of the banners are within scale of the building. In order for the copy to be read from a comfortable distance the size of the banners need to be larger to accommodate the copy size.

***If you have any questions as to whether you can establish all of the applicable legal requirements, you should consult with an attorney.**

BZA Application Form

Pacheco, Maria

From: Heather Hoffman <heather.m.hoffman.1957@gmail.com>
Sent: Monday, August 16, 2021 4:29 PM
To: Pacheco, Maria; Joseph, Swaathi; Messplay, Daniel
Subject: 107 First Street variance petition

Please distribute this to the Planning Board for its August 17 meeting and to the BZA for its August 19 meeting with respect to the petition for a variance for over-large, too-high for rent signs for 107 First Street, which just happens to be mostly on Hurley Street, a couple of blocks from my house.

I refer you to Carol O'Hare's letter, to which I can add nothing but admiration and thanks for saying what needs saying. There is no hardship stated, and this application should be rejected immediately for failure to even pretend to comply with the legal standard for a variance.

Thank you for your continued vigilance. Your jobs aren't easy, because you take your legal responsibilities seriously, for which you have my gratitude.

Heather Hoffman

POSTING NOTICE – PICK UP SHEET

The undersigned picked up the notice board for the Board of Zoning Appeals Hearing.

Name: FRANK MCROMEY **Date:** 8/5/21
(Print)

Address: 107 First St.

Case No. BZA-126224

Hearing Date: 8/19/21

Thank you,
Bza Members

Pacheco, Maria

From: Joseph Rose <cambridgemoxie@yahoo.com>
Sent: Monday, August 16, 2021 9:34 AM
To: Pacheco, Maria
Subject: BZA-126224 Letter of Opposition

To the Cambridge Board of Zoning Appeal,

With respect to BZA case BZA-126224, this application does not meet the hardship requirements to allow for the addition of large banners on the outside of this property especially as these signs will be a substantial detriment to the public good, do provide a visual nuisance, and these will be posted for an indeterminate period of time. These signs would detract from the aesthetics and physical appearance of the buildings and surrounding streetscape.

I oppose this petition.

Sincerely,

Joe Rose

GENERAL NOTES

1. Contractor is responsible for all damage due to his operations inside and outside the contract limit line.
2. Contractor is responsible for checking spot elevations and verifying proposed grades by providing grade stakes. Grades must be approved by Landscape Architect prior to proceeding.
3. Contractor shall blend new work smoothly with existing grades at contract limit line and/or limit of construction line.
4. Contractor to verify that subgrades are 6 inches below finished grade prior to spreading top soil for seeded areas.
5. All walks shall have 2% cross pitch, and all step treads and wall caps shall have 1% cross pitch unless otherwise noted.
6. Light fixture locations may be field adjusted with prior Landscape Architect approval.
7. Walkway layout to be approved by Landscape Architect prior to construction.
8. Site furniture and wall locations to be verified by Landscape Architect prior to installation.
9. General Contractor is responsible for all erosion control measures during construction.
10. It is the intent of this contract to avoid any disturbance to existing trees or shrubs on site other than those specifically designated for transplant or removal.
11. Liquidated damages for trees damaged by construction operation shall be $500 per caliper inch. Shrubs shall be $100 each.
12. Base survey prepared by <INSERT SURVEYOR INFORMATION HERE>

TREE PROTECTION NOTES

1. Proposed methods, and schedule for effecting tree and plant protection shall be submitted for approval.
2. Proposed methods, materials, and schedule for root pruning, construction pruning, and tree fertilization shall be submitted for approval.
3. Certain specimen trees adjacent to construction areas and in other key locations will be identified by the Owner and the Architect, and marked with red tags. Loss of any of these trees will result in fines assessed at $5,000 per tree. Damage to all other trees on the property will be assessed at the rate of $500 per inch caliper of the tree.
4. A fine of $1,000 will be levied against the Contractor for each incident of construction inside tree protection areas.
5. Damages to trees, shrubs, and other vegetation will be assessed by the Architect and Owner in accordance with the International Society of Arboriculture (ISA) Guide.
6. Trees or roots visibly damaged will cause the Owner to withhold from the Contractor an assessed amount conforming to the requirements stipulated above for a period of two years. After that period the impact of the damaged to any tree will be assessed accordingly.
7. If any trees or shrubs designated to be saved are damaged and replacement is required, a number and diameter of trees or shrubs of the same species and variety, as specified by the Owner and Architect, shall be furnished and planted by the Contractor. The total inch diameter of the replacement trees or shrubs shall equal the diameter of the tree or shrub to be replaced. The Contractor shall not be liable for any loss or damage which occurs while the Contractor is complying with instructions given by the Owner, Architect, or arborist working on the Project.
8. The Contractor's attention is called to the fact that certain areas on the site exist as natural woodland spaces and are to remain as natural woodlands. Therefore, all construction operations must be performed in such a manner, which will preserve these existing natural environments as wood preserves.
9. Designated areas of trees, understory, and wildflowers are to remain untouched and unharmed.
10. Clearly mark all clearing limits in the field and accompany Architect on a joint review of clearing limits before clearing operations have commenced. Limit of clearing is generally defined as the limit of grading.
11. Galvanized chain link fencing, 4 feet high. Stakes for fencing shall be 8 feet galvanized steel posts, driven a minimum of 3 feet into the ground. Posts shall be spaced 10 feet on center maximum.
12. Prior to start of demolition work and clearing and grubbing operations, tree protection fencing shall be installed in accordance with the following:
13. Fencing shall be installed at the tree protection areas indicated on the Drawings.
14. Fencing shall be installed a minimum of 15 feet beyond the drip line of the trees to be protected, unless otherwise approved by the Architect.
15. Where construction will be in close proximity to existing trees designated to remain, roots shall be pruned. Proximity shall be as determined in the field by the Landscape Architect or Arborist.
16. Suitable means for root pruning include,trenching, vibrating plow, and water jet pruning. Any method which tears roots or disturbs the soil beyond the grading limit is unacceptable.
17. Trees to receive root pruning shall be reviewed by an arborist for canopy pruning, fertilization and trench backfill recommendations.
18. Selective clearing within tree protection areas shall only be performed when and as directed by the Landscape Architect. Refer to Section 02115, selective clearing.
19. Except as otherwise indicated or requested by Landscape Architect, temporary protection devices and facilities installed during course of the work shall be removed only after all work which may injure or damage trees and plants is completed.

SIGN CERTIFICATION FORM COVER SHEET

Sign Text: Flats on First - flatsonfirstapts.com

Location of Sign: 131 First St., Cambridge, MA 02141

Applicant: Frank Meroney o/b/o Fast Signs

Zoning District: Business A Overlay District: PUD-4B

Area of Special Planning Concern: (Sec. 19.46 & 19.42.1) No

Application Date: April 21, 2021

Sketch of sign enclosed: Yes X No

PLEASE NOTE: All signs must receive a permit from the Inspectional Services Department (ISD) before installation. Community Development Department Certification action does NOT constitute issuance of a permit or certification that all other code requirements have been met. Do not contract for the fabrication of a sign until all permits have been issued including City Council approval, if necessary for signs in the public way*.

* Any sign or portion of a sign extending more than six (6) inches into the public way/sidewalk, must receive approval from the Cambridge City Council; a bond must be posted with the City Clerk.

The Sign Ordinance is available online under Article 7.000 at https://www.cambridgema.gov/CDD/zoninganddevelopment/Zoning/Ordinance

Contact Liza Paden at 617 349 4647 or lpaden@cambridgema.gov for further information.

Proposed FREESTANDING Sign

Area in Square feet: 140 SQ/FT **Dimensions:** 35' H **X** 4' W

Illumination: **Natural** X **Internal** ____ **External** ____

Height (from ground to the top of the sign): 20'

---

1. COMPLETE WHEN SIGN IS ACCESSORY TO A FIRST FLOOR STORE

Length in feet of store front facing street: (a)_____. Area of signs allowed accessory to store: outside (1 x a)_____, behind windows (0.5 x a)_____. Area of all existing signs on the store front to remain (including any freestanding sign):_____. Area of additional signs permitted:_____.

---

2. COMPLETE FOR ANY OTHER SIGN

Length in feet of building facade facing street: (a) 289 Linear Feet Area of signs allowed accessory to the building facade: outside (1 x a)_____, behind windows (0.5 x a)_____ Area of all existing signs on the building facade to remain (including any freestanding sign):_____ Area of additional signs permitted:_____.

SUMMARY OF LIMITATIONS FOR FREESTANDING SIGNS (see reverse side for more general summary of the sign regulations; review Article 7.000 of the Zoning Ordinance for all zoning requirements.)

AREA: 30 square feet maximum. HEIGHT ABOVE THE GROUND: 15 feet. ILLUMINATION: Natural or external only. NUMBER: Two per lot (but not exceeding 30 square feet in total area).

COMMUNITY DEVELOPMENT DEPARTMENT CERTIFICATION

Sign conforms to requirements of Article 7.000: YES_____ NO X

Sign requires a variance from the Board of Zoning Appeal: YES X

Relevant sections: 7.16.22(B) limits the size of individual wall signs to no more than sixty (60)

COMMENTS: square feet. Proposed signage is 280 square feet (2x 140 sq/ft signs)

Cc: Messplay, Daniel
Subject: Planning Board & BZA: Urban Spaces, "For Rent" Signs, BZA Variances, 107 First St., Case # 126224

Dear Cambridge Planning Board and BZA Chairs and Members:

It's mid-August, with COVID continuing to surge and so much else of concern.

So, even though I could count many ways in which these 2 proposed, too-large for rent signs do not and cannot qualify for variances, I'll review only the key reasons for denial.
Variances: 2 wrap-around-building-corners, "for rent" banner-signs, each 140 sq. ft. (35'x4'), thus 280 sq. ft. signage total
Legal Maximum Signage: 60 sq. ft. maximum each, thus 120 sq. ft. maximum for both signs.
Zoning District: Business A

Practical, Maybe Time-Saving, Reasons
- Urban's variance application is 54 pages (many irrelevant)
- Building and streetscape: p. 7
- Variance application and supporting information: pp. 1-6 and pp. 45-54.
- **Proposed banner-signs are minimally depicted.** Their image shows: 2 fuchsia-colored banners, only labeled A & B, draped at 2 corners of the building: 5th fl./banner top to 3rd fl./banner bottom. *See* p. 48.
- Urban's application omits their 2 signs' proposed words and graphics. (I'm sure they're not A & B.) **Have you ever seen a variance application for a sign that doesn't "show and tell"?**
- The rest of Urban's 54-page application, including many detailed floor and unit plans, seems irrelevant.

If the Planning Board blesses and the BZA grants variances for these way-too-large, **leave-it-to-your-imagination**, "for rent" signs in a Business A zoning district, on what possible basis could zoning variances be denied for the countless other landlords advertising for tenants for their commercial, business and residential tenants anywhere and everywhere in the City?

Especially now, with so many COVID-caused, tenant vacancies, Cambridge could be flooded with for-rent signs that exceed zoning limits.** Please, not back to Square 1 again!

Legal Reasons
1. In Urban's own Supporting Statement for their zoning variances, they demonstrate that they are ineligible for these zoning variances for their 2 signs.
Why? Urban acknowledges that their claimed "substantial hardship" is no different from other landlords' advertising rental space. And, even more of an irreparable, legal deficiency, Urban cannot and does not distinguish their land and structures from others in their own zoning district.

> Requirement A "A literal enforcement of the provisions of this Ordinance would involve a substantial hardship, financial or otherwise, to the petitioner or appellant for the following reasons":
>
> Urban's answer: "Adding leasing contact information will help the client occupy the building faster. This is a large project and having the location at low occupancy for too long will be a detriment to the client."
>
> Requirement B "The hardship is owing to the following circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or structures by not affecting generally the zoning district in which it is located for the following reasons":
>
> Urban's answer: "**Unknown**" *Emphasis & highlighting added.*

2. If that is not enough, I refer you to Cambridge Zoning Ordinance's "**Temporary Signs**" **section allowing** "**[o]ne for sale or for rent sign not exceeding** six (6) square feet in residential districts or **twenty (20) square feet in nonresidential districts** and advertising only the premises on which the sign is located." CZO, §7.16.12.A. *Emphasis added.*

Especially given the CZO's express limitations on temporary "for rent" signs and its generally applicable limitations on all signs, I cannot imagine how these zoning variance could ever be justified.

Thank you, as always, for your time, service and consideration.

Sincerely,

Carol O'Hare
172 Magazine St.

*Per Urban Spaces' BZA Application, the property owner is "Parcel B, LP." And Lincoln Property Company apparently also has an interest in the property per the 4/29/21 banner-authorization letter. *See* pp. 3 & 44.
