BZA Application Form

SUPPORTING STATEMENT FOR A SPECIAL PERMIT

Please describe in complete detail how you meet each of the following criteria referring to the property and proposed changes or uses which are requested in your application. Attach sheets with additional information for special permits which have additional criteria, e.g.; fast food permits, comprehensive permits, etc., which must be met.

Granting the Special Permit requested for 15 Hutchinson St , Cambridge, MA (location) would not be a detriment to the public interest because:

A) Requirements of the Ordinance can or will be met for the following reasons:

The Petitioner, who recently purchased this single-family home in significant disrepair, wishes to substantially renovate and update the home for his family to reside here. The addition of two dormers will allow for a modest increase in living area on the third floor. New window wells and a basement access stair allow for code-compliant access and egress to a refinished basement home studio area. The proposed second-floor unroofed deck will provide desirable outdoor space for the family.

This legally pre-existing non-conforming single-family home was constructed circa 1939 and sited on a small (2,463 square feet) lot. The existing Gross Floor Area (1,743 square feet) is quite modest, but due to the small lot size the existing Floor Area Ratio (0.71) exceeds the allowable FAR for a Residence B district. The yard area is limited and the structure does not comply with setbacks on any side. The height is less than 30 feet.

The proposed construction of two dormers is necessary to make room for a proper stairwell that will provide safe, code-compliant access and a modest increase of livable space on the 3rd floor. The window wells and basement egress stair are similarly necessary to provide code-compliant access and egress and adequate light and air to the basement area

None of the proposed alterations will create any new non-conformities, and therefore the proposal qualifies for a special permit under Section 8.22.2.d for minor alterations to non-conforming two-family structure.

Renovations include some modifications to windows and addition of a few new windows and doors on exterior walls within the side and rear setbacks, requiring special permit relief from the requirements of Section 8.22.1.d, as may be granted by this Board under Section 8.22.2.c.

B) Traffic generated or patterns of access or egress would not cause congestion hazard, or substantial change in established neighborhood character for the following reasons:

The project meets the general special permit criteria in that it will not substantially impact the established neighborhood character, nor cause congestion hazard, or negative impacts in terms of traffic generated or patterns of access or egress. The dormers are 15 feet and 14 feet wide respectively and are designed to conform with Cambridge's dormer guidelines. The window wells and basement stair egress will not cause any negative impacts on the neighborhood character or otherwise disturb neighboring uses. The increase in GFA/FAR that results is quite minimal and thus should not cause any harm to the neighborhood in terms of traffic, congestion, or the like concerns.

The window modifications and additions are in keeping with the neighborhood character, and will not negatively impact neighborhood uses. It should be noted that the rear façade of the home faces a large

wooded yard at the rear.

The home has a matching sister structure immediately to the right, located at 11 Hutchinson Street, that this Board granted a variance to allow for its expansion in 2019. The design for this project was modeled directly after the project completed at 11 Hutchinson and will further enhance the aesthetics of the neighborhood.

There will be no change to access or egress patterns to and from the home.

The changes proposed are modest and will be in keeping with similar residential homes in the area and will improve (and not harm) the neighborhood character.

C) The continued operation of or the development of adjacent uses as permitted in the Zoning Ordinance would not be adversely affected by the nature of the proposed use for the following reasons:

The continued operation of or development of adjacent uses will not be adversely affected by this proposal. In fact, the renovation and modest expansion that is proposed will result in quality family housing for the benefit of the Petitioner and all future owners.

D) Nuisance or hazard would not be created to the detriment of the health, safety, and/or welfare of the occupant of the proposed use or the citizens of the City for the following reasons:

No nuisance or hazard will be created by the granting of the requested special permit relief, for the reasons described above. The proposal is in keeping with the residential development and density and nature of uses envisioned for the neighborhood.

E) For other reasons, the proposed use would not impair the integrity of the district or adjoining district or otherwise derogate from the intent or purpose of this ordinance for the following reasons:

The requested special permit relief can be granted without impairing the integrity of the districts or adjoining districts, because it will allow for modest changes to a pre-existing non-conforming building, that will be in keeping with the neighborhood uses and beneficial in providing a much-needed, quality housing for the benefit of the District.

***If you have any questions as to whether you can establish all of the applicable legal requirements, you should consult with an attorney.**

Subject: Re: Board of Zoning Appeal Case BZA-218487 for 15 Hutchinson Street, Cambridge

Hi Maria,

I hope you're having a lovely summer so far. I would like to retract my previous objection to the Board of Zoning Appeal Case BZA-218487 for 15 Hutchinson Street in Cambridge please. In the last week, the owner has made revisions to the plans that address our concerns.

All the best,
- Sophie

Subject: Board of Zoning Appeal Case BZA-218487 for 15 Hutchinson Street, Cambridge

Dear Ms. Paceco,

I live in and own 19 Hutchinson St with my family of four which is next to 15 Hutchinson St and am sending a note about the Board of Zoning Appeal Case BZA-218487 for 15 Hutchinson Street in Cambridge.

We have two concerns with the proposed plan as we understand it:

1. The addition of a basement door so close to our property line, driveway, and side entry which is the primary entry point for our home. We are not sure how this basement door would be used, and are concerned about

whether it might be used in the future to create a short term rental or additional apartment. If additional light in the basement is desired, we wonder if a window would be more suitable than a doorway.

2. The addition of dormers with the proposed new windows would create additional sight lines directly into our second floor where we have several windows. We also have dormers on our side, but the windows we have in the dormers are vertically short and are placed at such a height that they are not practical to look out of but still provide light. We wonder if a similar modification might improve privacy while still providing light into any new space.

Unfortunately, we are unable to attend the live meeting as we have a newborn baby.

Thank you so much,

Sophie Higgs

POSTING NOTICE - PICK UP SHEET

The undersigned picked up the notice board for the Board of Zoning Appeals Hearing.

Name:

Scott Kenton
(Print)

Date:

5/11/23

Address:

15 Hutchinson St

Case No.

BZA-218487

Hearing Date:

5/25/23

Thank you,
Bza Members

* * * * *

(8:19 p.m.)

Sitting Members: Jim Monteverde, Wendy Leiserson, Matina Williams, Stephen Ng, and Zarya Miranda

JIM MONTEVERDE: The next case we'll hear is 218487 -- 15 Hutchinson Street. And we are in receipt of a letter from Attorney Sarah Rhatigan asking for a continuance for the above matter. We can do that. They wanted to continue to June 29.

Does that work for each of the Board members, June 29? This will go to 6:00. Steven, that work for you?

STEVEN NG: Yep. That works for me.

JIM MONTEVERDE: Okay. Matina? Well, actually, this is a case not heard.

STEVEN NG: Oh. Don't worry about it.

JIM MONTEVERDE: So I'll make a motion, then, to continue this matter until June 29, 2023, on the condition that the petitioner change the posting sign to reflect the new date of June 29 -- yeah, June 29, 2023 and the new time of 6:00 p.m.

Also in furtherance that the petitioner sign a waiver to the statutory requirement for a hearing. Said

1 waiver can be obtained from Maria Pacheco or Olivia Ratay
2 with the Inspectional Services.

3 We ask that you sign it and return it to us by a
4 week from the Monday before hearing. Failure to do so will
5 de facto cause this Board to give an adverse ruling on this
6 particular case. We would ask that you sign it and get it
7 back to us. This will allow us to hear the case on the June
8 29 date.

9 Also that if there are any new submittals or
10 changes to the drawings, that those would be on file by 5:00
11 p.m. on the Monday prior to the hearing date, June 29.

12 And also if there are any changes to the
13 dimensional form and potentially the supporting statement
14 also be changed and submitted along with the new documents.

15 On the motion, then, to continue this matter until
16 June 29, this will be a case not heard, Steven?

17 STEVEN NG: In favor.

18 JIM MONTEVERDE: Matina?

19 MATINA WILLIAMS: In favor.

20 JIM MONTEVERDE: Wendy?

21 WENDY LEISERSON: In favor.

22 JIM MONTEVERDE: Zarya?
