2022 NOV -9 PM 2:59
OFFICE OF THE CITY CLERK
CAMBRIDGE, MASSACHUSETTS

BZA Application Form

BZA Number: 201432

General Information

The undersigned hereby petitions the Board of Zoning Appeal for the following:

Special Permit: X Variance: X Appeal:

PETITIONER: CM-CHR, Inc, Trustee of 1640 Mass Ave Realty Trust C/O Sarah Like Rhatigan Esq, Trilogy Law LLC

PETITIONER'S ADDRESS: 12 Marshall Street, Boston, MA 02108

LOCATION OF PROPERTY: 1640 Massachusetts Ave, Cambridge, MA

TYPE OF OCCUPANCY: Mixed-use (retail, office, lodging house).

ZONING DISTRICT: Residential C-2 and Residential B Zone

REASON FOR PETITION:

/Additions/ /Conversion to Additional Dwelling Units/ /New and enlarged windows and doors within side and rear yard setbacks/

DESCRIPTION OF PETITIONER'S PROPOSAL:

Renovation and additions to a preexisting nonconforming structure, creating seven (7) residential units within the existing building.
Extension of less restrictive zoning into Residential B district. New and enlarged windows and doors within side and rear yard setbacks.

SECTIONS OF ZONING ORDINANCE CITED:

- Article: 2.000 Section: Footnote 16 (Exemption for basement uses)
- Article: 3.000 Section: 3.32 (Extension of less restrictive dimensional provisions)
- Article: 5.000 Section: 5.31 (Table Dimensional Requirements).
- Article: 8.000 Section: 8.22.3 (Alteration to Non-conforming structure)
- Article: 8.000 Section: 8.22.1.d (New and modified windows within setbacks)
- Article: 10.000 Section: 10.30 (Variance) and Sec. 10.40 (Special Permit).

BZA APPLICATION FORM - OWNERSHIP INFORMATION

(To be completed by **OWNER**, signed before a notary, and returned to Secretary of Board of Appeal).

CM-CHR, Inc., Trustee of 1640 Mass. Ave. Realty Trust, under a Declaration of Trust dated January 27, 2001

(OWNER)

Address: with a principal place of business at 300 Independence Drive, Chestnut Hill, MA 02467

states that **CM-CHR, Inc., Trustee of 1640 Mass. Ave. Realty Trust, under a Declaration of Trust dated January 27, 2001** owns the property located at **1640 Massachusetts Avenue, Cambridge, MA 02138** which is the subject of this zoning application.

The record title of this property is in the name of **CM-CHR, Inc., Trustee of 1640 Mass. Ave. Realty Trust, under a Declaration of Trust dated January 27, 2001**

pursuant to a deed dated **February 1, 2021** and duly recorded in the Middlesex South County Registry of Deeds on **February 2, 2021**, at Book **76865**, Page **377**;

CM-CHR, Inc., Trustee of 1640 Mass. Ave. Realty Trust, under a Declaration of Trust dated January 27, 2001

BY: _____

Name: **Peter F. Poras**

Title: **Treasurer of CM-CHR, Inc., duly authorized
As Trustee of 1640 Mass. Ave. Realty Trust**

*Written evidence of Agent's standing to represent petitioner may be requested.

Commonwealth of Massachusetts, County of Middlesex

The above-named **Peter F. Poras, Treasurer of CM-CHR, Inc., Trustee of 1640 Mass. Ave. Realty Trust**, personally appeared before me, this 27th day of October, 2022, and made oath that the above statement is true.

Notary
My commission expires (Notary Seal).

BZA Application Form

SUPPORTING STATEMENT FOR A VARIANCE

EACH OF THE FOLLOWING REQUIREMENTS FOR A VARIANCE MUST BE ESTABLISHED AND SET FORTH IN COMPLETE DETAIL BY THE APPLICANT IN ACCORDANCE WITH MGL 40A, SECTION 10.

- A)** A literal enforcement of the provisions of this Ordinance would involve a substantial hardship, financial or otherwise, to the petitioner or appellant for the following reasons:

BACKGROUND AND INTRODUCTION:

This project entails the renovation of and addition to a preexisting, nonconforming structure, currently a mixed-use building including two illegal uses, a bookstore (basement), architect's office (1st floor), and one legal use, a lodging house (2nd and 3rd floors). This mid-19th Century structure is located on an oddly shaped lot that is essentially landlocked nestled behind a commercial building, with a footpath extending out to Massachusetts Avenue. The majority of the lot is located within a Residential C-2 district, while the rear of the lot is in a Residential B district. The structure is set close to the front, right side, and rear lot lines and does not comply with current yard setback requirements for either district. Whereas most of the structure sits within the Residential C-2 district, the rear portion is located in the Residential B district.

The Petitioner is proposing to renovate and construct modest additions to the building in order to preserve the building's architectural integrity, while allowing for the creation of seven (7) residential apartments. This proposal involves the following modifications to the existing building requiring relief from the Cambridge Zoning Ordinance (the "Ordinance"):

1. Renovate and improve basement to convert from substandard retail use to two residential units
2. Construct window wells within side yard setbacks for emergency egress as required by code
3. Construct additions above the one-story and two-story portions of the building within side and rear setbacks
4. Construct deck at 2nd floor within side and rear setbacks
5. Construct side entry stairs within side setback
6. Convert use within the building to seven (7) residential dwelling units

LITERAL ENFORCEMENT WOULD INVOLVE SUBSTANTIAL HARDSHIP REQUIRING VARIANCE:

Nearly any modifications to the existing building would trigger a requirement for a variance due to the odd size and shape of the lot, the shape and oddly configured mid-19th Century structure, its siting on the lot, and the fact that the lot and structure lie partially within the restrictive Residential B district. Specifically, the project requires the following variances:

- a. The Petitioner seeks a variance under Section 8.22.3 to allow for renovation of and additions to a nonconforming structure that will violate the right-side and rear yard setbacks requirements of Section 5.31; and
- b. The Petitioner seeks a variance under Section 3.32.2 to allow additional residential units (that are allowed per calculations of allowable density for the whole lot) to be located partially on the Residential B portion of the lot, thereby allowing for the conversion to seven (7) residential dwelling units.

The aging structure is in disrepair and in need of substantial renovation. The existing mix of uses is not ideal, with illegal commercial uses operating in a building tucked behind the commercial street front, and substandard living conditions for lodgers on the upper floors. The building predates zoning, and thus requires variances due to its nonconforming location on the lot and its placement on a lot located in these two districts. The Petitioner would face substantial hardship if the Board were to require strict adherence to the dimensional (yard setbacks) and the use limitations (for the Residential B portion of the lot) that are triggered by the Ordinance. A literal enforcement of the Ordinance in this instance would result in severely constraining the ability of the Petitioner to renovate, improve and modestly expand the existing structure in order to provide for updated, code-compliant, residential housing within the existing structure.

B) The hardship is owing to the following circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located for the following reasons:

The hardship described in this application is owing to the following unique circumstances: (a) the extraordinarily oddly-shaped polygon lot, (b) the oddly-shaped, multiple-level, mid-19th Century structure, (c) the location of the existing structure very close to the front, right and rear lot lines, and (d) the siting of the lot and the structure in both the Residential C-2A and the more restrictive Residential B district. These circumstances are extremely unique to this Property and generally do not affect other properties in these zoning districts. An alternative of demolishing the structure and constructing a new conforming building on the lot would be both extremely costly and undesirable. Due to the existing structure's age and substandard conditions, the necessary improvements and upgrades to the structure will be extremely costly. The renovations, modest additions, and conversion to multi-family residential use while largely preserving the existing building are necessary to make the project financially feasible. Constrained by the combination of hardship factors described here, the Petitioner's options for renovations and modest expansion are extremely limited.

C) DESIRABLE RELIEF MAY BE GRANTED WITHOUT EITHER:

1) Desirable relief may be granted without substantial detriment to the public good for the following reasons:

The requested relief may be granted without detriment to the public good. The renovation and additions to the existing structure will have limited to no impacts on its abutters, and will not substantially, or negatively affect the residents or neighboring uses. The additions to the rear portions of the structure will be minimal. The change of use from its current mix of illegal commercial uses to multi-family residential use will result in a diminishment of impacts on the neighbors, resulting in less traffic, congestion, noise, and nuisance than the existing mix of commercial uses would impose. The substantial upgrading of all systems, new fire-code compliance, and other code improvements will result in improved safety and benefits for the abutters and the neighborhood. Moreover, the project will result in the addition of much-needed, modestly-sized, residential apartments located close to public transit.

2) Desirable relief may be granted without nullifying or substantially derogating from the intent or purpose of this Ordinance for the following reasons:

The granting of variance relief in this instance will be consistent with the intent and purpose of the Ordinance, as detailed in Section 1.30 of Article 1.000 Preamble of the Zoning Ordinance as well as M.G.L. Ch. 40A Zoning Section 10 Variances, the proposed project will:

1. Create quality housing with valued open space for the benefit of the residents and abutters.
2. Not result in use or activity not otherwise permitted in the ordinance.
3. Not result in negative impacts listed in Section 1.3 regarding traffic, population density, blight, and pollution.

***If you have any questions as to whether you can establish all of the applicable legal requirements, you should consult with an attorney.**

BZA Application Form

SUPPORTING STATEMENT FOR A SPECIAL PERMIT

Please describe in complete detail how you meet each of the following criteria referring to the property and proposed changes or uses which are requested in your application. Attach sheets with additional information for special permits which have additional criteria, e.g.; fast food permits, comprehensive permits, etc., which must be met.

Granting the Special Permit requested for 1640 Massachusetts Ave , Cambridge, MA (location) would not be a detriment to the public interest because:

A) Requirements of the Ordinance can or will be met for the following reasons:

With the granting of variance relief requested herein, the project will otherwise comply with the dimensional and other requirements of the Ordinance, and meet the requirements for the following special permits:

- (i) The Petitioner seeks a special permit under Section 3.32.1, which would allow the less restrictive dimensional regulations of the Residential C-2 district to be extended twenty-five (25) feet into the more restricted district Residential B area at the rear of the lot. The lot meets the requirement that more than one-half of the lot (5,168 square feet, 78%) lies within the less-restrictive Residential C-2 district; and
- (ii) The Petitioner seeks a special permit under Article 2.000, footnote 16 of the Ordinance which allows the Board to exempt areas in the basement from the calculation of Gross Floor Area by special permit, where the Board finds that “the uses occupying such exempted GFA support the character of the neighborhood or district in which the applicable lot is located”; and
- (iii) The Petitioner seeks a special permit under Section 8.22.2.c to allow for new, modified, and/or enlarged windows, doors, and/or skylights or similar openings on exterior walls of the nonconforming structure located within the side or rear yard setbacks (that would not otherwise be allowed under Section 8.22.1.d), where such new, modified and/or enlarged openings will not be detrimental to abutters or the district.

B) Traffic generated or patterns of access or egress would not cause congestion hazard, or substantial change in established neighborhood character for the following reasons:

The project meets the general special permit criteria in that it will not substantially impact the established neighborhood character, nor cause congestion hazard, or negative impacts in terms of traffic generated or patterns of access or egress. The changes proposed are consistent with a modest change to a preexisting nonconforming structure that will bring the Property’s uses into conformity with neighboring multi-family residential uses. There will be no change to access or egress patterns. Parking requirements (per the existing Article 6 of the Ordinance) are the same for both the existing and proposed uses, and thus the lack of onsite parking does not require zoning relief. Moreover, the Property is located on several bus routes and within a 5-minute walk to Harvard Square MBTA Red Line Station.

The existing neighborhood consists of a mix of commercial (retail and office) and densely built, large condominiums and apartment complexes, with a lower-density residential neighborhood behind. The proposed construction allows for the creation of much-needed, moderately-sized apartments within an existing mid-19th Century building, and the preservation of open space on an otherwise very constrained lot, in such a manner that is consistent with the area. The project also importantly allows for revitalization, upgrading, and improvement of the aged structure.

Specifically, with regards to the special permit requested to exempt basement uses, the Petitioner notes that the Property is located within the Basement Overlay District (Section 20.600), the purpose of which is “to allow for the creation of studio or one-bedroom apartment units in appropriate unused basement level space of certain existing multifamily residential buildings...” See Section 20.610. Although the Property does not meet all requirements for a special permit under the Basement Overlay, the proposed conversion of the

basement is consistent with the policies promoted by the Basement Overlay. “[I]t is in the public interest to permit the creation of additional units under circumstances which promote the maintenance and improvement of older buildings, including improved stormwater and wastewater management, and which provide additional housing without building new structures or increasing the size of existing structures.” See Sec. 20.610. The purpose and intent of the Overlay support a finding in this instance that the conversion of the existing basement areas of this historic building (most recently a bookstore) for one and two-bedroom residential apartments, particularly where the modifications to the basement will not have a negative impact on abutting uses.

Additionally, with regards to the special permit to allow for additional residential units within the Residential B portion of the lot, it should be noted that this will allow for a more sensible floor layout for the units in the building and will not be perceptible to the neighbors of the Property.

- C) The continued operation of or the development of adjacent uses as permitted in the Zoning Ordinance would not be adversely affected by the nature of the proposed use for the following reasons:

The continued operation of or development of adjacent uses will not be adversely affected by this project; nor will the project impair the adjacent commercial and large, multi-family residential condominiums and apartment buildings abutting the project. In fact, the development of this Property will bring about welcome quality housing to the neighborhood.

- D) Nuisance or hazard would not be created to the detriment of the health, safety, and/or welfare of the occupant of the proposed use or the citizens of the City for the following reasons:

No nuisance or hazard will be created by the granting of the requested special permit relief, for the reasons described above. The proposal is in keeping with the residential development and density and nature of uses envisioned for the neighborhood.

- E) For other reasons, the proposed use would not impair the integrity of the district or adjoining district or otherwise derogate from the intent or purpose of this ordinance for the following reasons:

The requested special permit relief can be granted without impairing the integrity of the districts or adjoining districts because it will allow for sensible and modest changes to a preexisting nonconforming use and structure that will be in keeping with the neighborhood uses and beneficial in providing much-needed, moderately-sized, residential apartments to the benefit of the district and City residents.

***If you have any questions as to whether you can establish all of the applicable legal requirements, you should consult with an attorney.**

LOCUS MAP N.T.S.

Expanded Coverage Residential Loan Policy No. 5021000319904e dated 02/02/2021

EXHIBIT A

PREMISES: 1640 Massachusetts Avenue, Cambridge, MA 02138

A certain parcel of land with the buildings thereon situated in Cambridge, being now numbered 1640 Massachusetts Avenue and begin shown as Lot A on a plan entitled "Plan of Land in Cambridge, Mass. Being a Subdivision of a Plan Made by W.A. Mason & Son Co. dated April 1923" dated June 4, 1941, by W.A. Mason & Son Co., Surveyors, recorded with Middlesex South District Deeds, Record Book 6510, Page 419, being bounded and described as follows:

- EASTERLY by said Massachusetts Avenue, three and 49/100 (3.49) feet;
- SOUTHEASTERLY by land of owners unknown, one hundred twelve and 23/100 (112.23) feet;
- SOUTHWESTERLY by Lot B on said plan, seventy-one and 22/100 (71.22) feet;
- NORTHWESTERLY by land of owners unknown, seventy-seven (77) feet;
- NORTHERLY by land of owners unknown, twenty-one and 17/100 (21.17) feet;
- EASTERLY again by Lot R on said plan, sixty-five and 16/100 (65.16) feet;
- NORTHERLY again by said Lot R, forty-four and 98/100 (44.98) feet.

GENERAL NOTES

OWNER OF RECORD: CM-CHR, INC., TRUSTEE OF 1640 MASS. AVE. REALTY TRUST
300 INDEPENDENCE DR. CHESTNUT HILL, MA 02467

DEED REFERENCE: BOOK 76865, PAGE 377
PLAN REFERENCE: PLAN 678 OF 1941
TAX MAP REFERENCE: MAP 173 LOT 75

The Parcel shown on this survey lies within a Zone "X", as described on the Flood Insurance Rate Map No. 25017C0438E, dated 6-4-2010, in which the property is located.

GENERAL UTILITY NOTE

The underground utilities depicted hereon are from field locations of observable evidence and/or compiled according to available record plans and are approximate only. The surveyor makes no guarantee that underground utilities depicted comprise all such utilities in the area, either in service or abandoned. The surveyor further does not warrant that the underground utilities are in the exact location indicated hereon although they are located as accurately as possible from the information available. Otte & Dwyer, Inc. and its surveyor assume no responsibility for damages incurred as a result of utilities, shown or not shown on this plan. Always call DIGSAFE at 811 before you dig.

To CM-CHR Trustee of 1640 Mass. Ave. Realty Trust; Stone Mortgage LLC, its successors and/or assigns and First American to Title Insurance Company;

This is to certify that this map or plat and the survey on which it is based were made in accordance with the 2016 "Minimum Standard Detail Requirements for ALTA/NSPS Land Title Surveys", jointly established and adopted by ALTA and NSPS, and includes Items 2, 3, 4, 6(b), 7(a)(1)(c), 8, 9, 13 & 20 of Table A thereof. The field work was completed on Dec. 1, 2020.

1/5/22
Name: David A. Dwyer Jr., PLS
Licensed Land Surveyor No. 46707
ddwyer@ottedwyer.com

EXCEPTIONS

Exceptions, as numbered in Expanded Coverage Residential Loan Policy No. 5021200-0319904e, dated 02/02/2021, issued by First American Title Insurance Company.

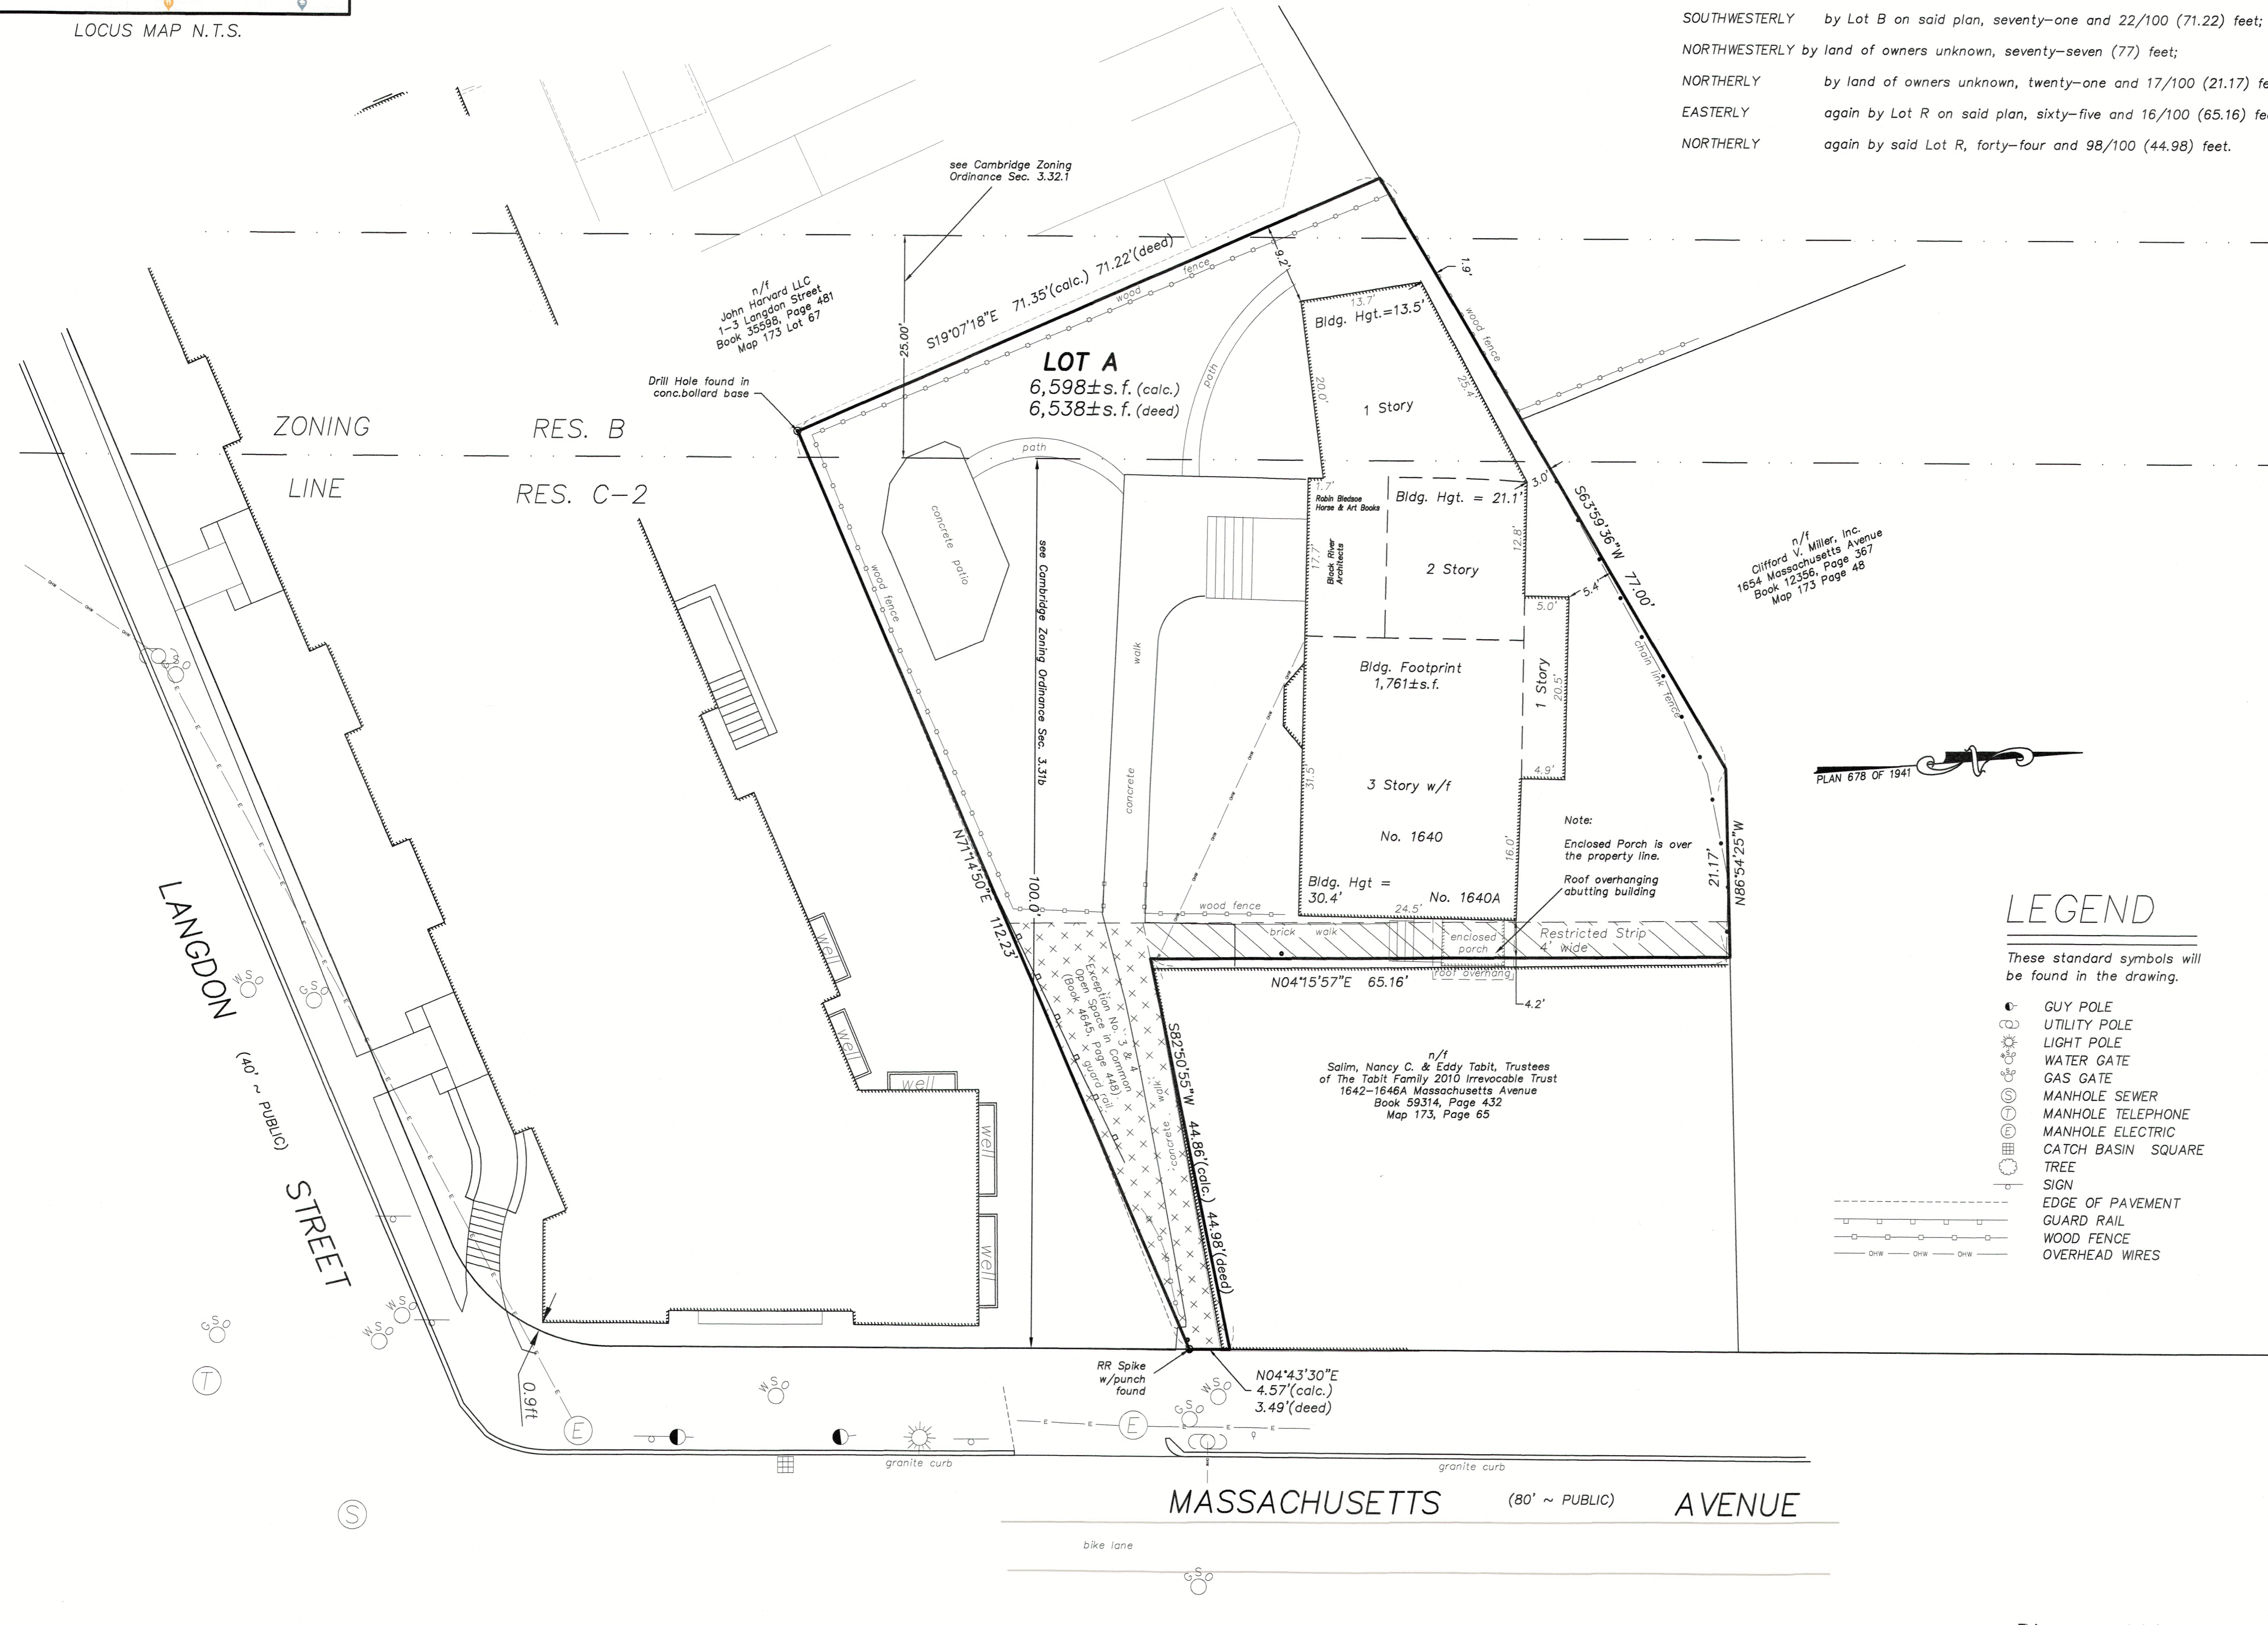

With regard to exceptions 1 & 2. Our certification is limited to only matters observed on the ground or of record.

No. 3 Open Space in common with Lot R as more particularly described in the instrument dated August 7, 1923 and recorded in the Middlesex South Registry of Deeds in Book 4645, Page 448. See Open Space in Common as shown on this survey.

No. 4 Utility easement, if any, for the benefit of Lot B as set forth in the instrument dated August 7, 1923 and recorded in the Middlesex South Registry of Deeds in Book 4645, Page 448. See Open Space in Common as shown on this survey.

NOTE:

The surveyor has relied upon the Expanded Coverage Residential Policy issued by First American Title Insurance Company Number 5021200-0319904e, dated 02/02/2021 with regard to any recorded easements, rights of way or setbacks affecting the subject property.

CONSTRUCTION NOTES

- A. GENERAL**
- REPAIR ANY DAMAGED STAIR TREADS AND RISERS.
 - ALL NEW WINDOWS AND EXTERIOR DOORS ARE TO MEET THE REQUIREMENTS OF THE STRETCH ENERGY CODE. REPLACE ALL OLD WOOD WINDOWS.
 - G.C. IS RESPONSIBLE FOR MAINTAINING THE FIRE RATING INTEGRITY AT ALL DEMISING & FIRE RATED WALLS AS WELL AS AT THE SLAB AND THE CEILING/ROOF.
 - WHEREVER WALL OR ROOF CAVITIES ARE OPENED, INSULATE EXISTING CAVITIES AT MINIMUM R3.5/INCH TO THE THICKNESS OF THE EXISTING CAVITIES.
 - PROVIDE R-49 INSULATION AT ROOF. SLEEVE, FIRESTOP, AND CAULK ALL PENETRATIONS OF FLOORS SO THAT ODORS AND/OR LIQUIDS WILL NOT PENETRATE THE CONCRETE SLAB.
 - PROVIDE A FULL CLEANING, BROOM-SWEEP, OF BUILDING PRIOR TO OCCUPANCY.
- B. LAYOUT**
- PARTITIONS STARTING FROM CONDITIONS WHERE ALIGNMENT WITH EXISTING CONDITIONS IS SHOWN, U.N.O.
 - DRAWINGS ARE NOT TO BE SCALED. DIMENSIONS GOVERN. IF DIMENSIONS ARE MISSING G.C. SHALL NOTIFY ARCHITECT FOR DIRECTION.
 - ALL DIMENSIONS ARE FROM GWB FINISH SURFACE TO GWB FINISH SURFACE, U.N.O. APPLIED MATERIALS ARE TO BE APPLIED AFTER THE FINISH DIMENSIONS HAVE BEEN CONFIRMED.
 - G.C. TO VERIFY THAT ALL EXISTING DEMISING WALLS ARE PLUMB. IF NOT, G.C. TO PROVIDE AND INSTALL FURRING AND GWB TO MAKE PLUMB.
 - LAYOUT SHALL BE APPROVED BY ARCHITECT PRIOR TO THE COMMENCEMENT OF ANY FRAMING.
 - ALL STRUCTURE IS TO BE PROTECTED IN ACCORDANCE WITH TYPE 5B CONSTRUCTION AS REQUIRED BY 780 CMR. REFER TO THE CODE REVIEW AND THE STRUCTURAL DRAWINGS.
 - ALL STUDS WITHIN 24" OF THE BASEMENT FLOOR SHOULD BE P.T.
 - ALL GWB WITHIN 24" OF THE BASEMENT FLOOR SHOULD BE M.R.
 - PROVIDE ALL REQUIRED FIRESTOPPING AT EXTERIOR WALLS.
 - COORDINATE STRUCTURAL ELEMENTS WITH STRUCTURAL ENGINEERING PLANS.
- C. COORDINATION**
- G.C. SHALL VERIFY ALL DIMENSIONS AND NOTIFY ARCHITECT IMMEDIATELY OF ANY DISCREPANCIES.
 - G.C. TO COORDINATE ALL TRADES PRIOR TO COMMENCING ANY WORK.
 - G.C. TO NOTIFY ARCHITECT AFTER LAYOUT AND PRIOR TO FRAMING IF:
 - DIMENSION LABELED "+/-" VARIES MORE THAN 2" FROM ACTUAL FIELD MEASUREMENT.
 - ANY DISCREPANCY, OMISSION OR UNANTICIPATED FIELD CONDITION ALTERS THE INTENT OF THESE DRAWINGS.
 - ANY DIMENSIONS LABELED "MIN" CANNOT BE ACHIEVED
 - G.C. SHALL SUPPLY FIELD CONDITIONS AND DIMENSIONS TO THE ARCHITECT, OWNER AND OWNER'S CONTRACTORS UPON REQUEST.
 - G.C. SHALL BE RESPONSIBLE FOR ALL PREPARATION WORK REQUIRED TO INSTALL NEW FLOORING TO MANUFACTURER'S SPECIFICATIONS.
 - G.C. TO COORDINATE WITH OWNER'S VENDORS TO ALLOW FOR PROPER INSTALLATION OF ALL OWNER SUPPLIED ITEMS. G.C. TO SCHEDULE DELIVERY / INSTALLATION DATES AT THE BEGINNING OF THE JOB TO GUARANTEE COMPLIANCE WITH CONSTRUCTION SCHEDULE.

CONSTRUCTION PLAN KEY NOTES

- TYPICAL: PROVIDE BLOW-IN IGLOO CELLULOSE INSULATION INTO ANY UNINSULATED EXTERIOR WALL AND CEILING CAVITIES. R VALUE 3.5 OR BETTER. REPLACE INTERIOR CASINGS WHERE DAMAGED AND WORN, MATCH EXISTING. PROVIDE STAINED RED OAK FLOORING IN ALL AREAS EXCEPT BATHROOMS.
- PROVIDE A ONE HOUR HORIZONTAL & VERTICAL SEPARATION BETWEEN UNITS AND BETWEEN UNITS AND STAIRWELL.
- PROVIDE 1 HOUR STAIR ENCLOSURE. ALL INTERIOR OPENING TO HAVE 60 MINUTES RATING AND CLOSERS. STAIRS TO HAVE 11" TREADS AND 7" MAX RISERS. PROVIDE 1 1/2" DIAM. WOOD HAND RAIL EACH SIDE, 36" ABOVE NOSING. 1 1/2" CLEAR TO SUPPORTS, AT SHAFT. ALSO PROVIDE GUARD RAIL AT 42" ABOVE NOSING OR LADDINGS, WITH BALUSTERS AT 4" O.C.
- TYPICAL: PROVIDE BLOW-IN OR MINERAL WOOL ACOUSTIC INSULATION IN DEMISING WALLS INCLUDING STAIR WALLS AND BETWEEN FLOORS AND CEILINGS OF UNITS.
- PROVIDE STACKED LAUNDRY UNIT IN NEW LAUNDRY CLOSET. PROVIDE DRAIN PAN.
- BATH: PORCELAIN FLOOR, SHOWER OR TUB ENCLOSURE. PROVIDE WATERPROOFING MEMBRANE, RUN 8" UP SURROUNDING WALLS. ALL PLUMBING TO BE ROUTED IN INTERIOR WALLS. USE KERDI OR EQUAL SHOWER BACKER BOARD SYSTEM. INCLUDE WALL SHELF. USE TYPE X MOISTURE RESISTANT BACKER BOARD AT UNIT DEMISING WALLS.
- KITCHEN: PROVIDE NEW CABINETS, MDF OR PLYWOOD, SOFT CLOSE HARDWARE. NEW APPLIANCES. PROVIDE TILE BACKSPLASH AT COUNTER. PROVIDE TAPE LIGHT UNDER UPPER KITCHEN CABINETS. ALL PLUMBING TO BE ROUTED IN INTERIOR WALLS. INCLUDE HOOD VENT TO EXTERIOR PER CODE.
- PAINTING (TYPICAL): WALLS AND DOORS TO BE EGGSHELL. TRIMS TO BE SEMI-GLOSS. CEILINGS TO BE FLAT FINISH. FOR CEILING PAINT USE ONE COAT: SW PROMAR 200 ZERO VOC PRIMER AND TWO COATS: SW PROMAR CEILING PAINT. USE LOW-VOC PAINT. CLEAN, PREP AND PAINT ALL INTERIOR SURFACES. PAINTING SHALL CONSIST OF AT LEAST ONE COAT OF PRIMER AND TWO COATS OF FINISH PAINT. FORMULATED FOR MATERIAL AND LOCATION OF USE, INCLUDING WALLS, CEILING, WINDOW SILLS AND TRIM CASINGS. PAINT TO BE SHERWIN WILLIAMS OR APPROVED EQUAL. COLORS TO BE SELECTED BY OWNER.
- PROVIDE 1 HOUR FLOOR/CEILING ASSEMBLY BETWEEN UNITS.
- PROPOSED SUNKEN PATIO. SET TOP OF BRICK PAVERS 8" BELOW INTERIOR FINISH FLOOR. SET ON SAND AND GRAVEL. INCLUDE FRENCH DRAIN.
- CONSTRUCT PEDESTAL - SUPPORTED (BISON OR EQUAL) ROOF DECK. PROVIDE COMPOSITE GUARD RAILS, 42" HIGH, WITH BALUSTERS AT 4" O.C. AND BOTTOM RAIL 4" ABOVE DECK.
- CONSTRUCT STAIR ENCLOSURE TO ADDITION. TO BE ONE HOUR RATED.
- CONSTRUCT BUILDING ADDITION, 2X6 EXTERIOR WALL, R20 INSULATION.
- PROVIDE EPDM ROOF ON R30 MIN. INSULATION, SLOPE MINIMUM OF 1/4" PER FOOT. PROVIDE INTERIOR ROOF DRAIN.
- EXISTING ROOF TO REMAIN. PATCH AND REPAIR AS NEEDED.
- TYPICAL: DIG OUT ENTIRE BASEMENT AND LOWER FINISH FLOOR TO PROVIDE 9'-0" CEILING HEIGHT. SEE SECTIONS AND STRUCTURAL DRAWINGS. PROVIDE HAUNCH AT PERIMETER WALLS.
- EXCAVATE EMERGENCY ESCAPE AND RESCUE WINDOW WELL. WINDOW WELL TO BE MIN. 9 SF IN PLAN. B.O. WINDOW WELL TO BE GRAVEL; 5" BELOW WINDOW SILL. INCLUDE FRENCH DRAIN. INCLUDE HEAVY-DUTY REMOVABLE STAINLESS STEEL GRATE AT GRADE. POURED CONCRETE RETAINING WALL. REFER TO ARCHITECTURAL AND STRUCTURAL DETAIL.
- EMERGENCY ESCAPE AND RESCUE OPENING. WINDOW SILL TO BE MAX 44" AFF. MIN. NET CLEAR OPENING OF 5.7 SF. MIN NET CLEAR OPENING DIMENSIONS OF 20" X 24" IN EITHER DIRECTION. WINDOW TO BE CASEMENT; SWING WINDOW INWARD.
- CONCRETE RETAINING WALL FROM 4' BELOW WELL TO 8" ABOVE GRADE.
- KITCHEN ISLAND WITH CABINETS ON COOKING SLOE AND KNEE SPACE AT STOOLS.
- INFILL PREVIOUS OPENING.
- BLACK ALUMINUM GUARDRAIL TOP RAIL TO BE 42" ABOVE ADJACENT GRADE. BALUSTERS 4" ON CENTER; BOTTOM RAIL 4" ABOVE RETAINING WALL. MOUNT ON TOP OF CONCRETE RETAINING WALL.
- CONSTRUCT DECK/STAIR WITH P.T. FRAMING AND COMPOSITE DECKING. PROVIDE COMPOSITE RAILING SYSTEM, WITH TOP OF GUARDRAIL AT 42" ABOVE DECK OR NOSING. BALUSTERS AT 4" O.C. BOTTOM RAIL 4" ABOVE DECK. STAIR TREADS TO BE 11". RISERS TO BE 7" MAX HT.
- PROVIDE CONCRETE LANDING, <8" ABOVE GRADE AND LEVEL WITH ENTRY.
- PROVIDE DECORATIVE PVC BALUSTRADE.
- USE ONE HOUR RATED SHEATHING WITHIN 5'-0" OF PROPERTY LINE (FIRE SEPARATION DISTANCE).
- EXISTING MANSARD TO REMAIN. PATCH AND REPAIR AS NEEDED.
- PROVIDE MANSARD / PARAPET WITH IRW SHIELD & ASPHALT SHINGLES TO MATCH EXISTING MANSARD. SEE ELEVATION / SECTION FOR HEIGHT.
- AT EXISTING DORMER, CONVERT EXISTING WINDOW OPENING INTO A DOOR OPENING.

- ELEVATION KEY NOTES**
- 1 EXISTING SIDING TO REMAIN
 - 2 PROVIDE SIDING, TRIM, MOULDINGS, AND CORBELS TO MATCH EXISTING BUILDING.
 - 3 PROVIDE ASPHALT SHINGLES ROOF, CERTAINTED OR EQUAL.
 - 4 CONSTRUCT PARTIAL HEIGHT MANSARD PARAPET.
 - 5 REMOVE ARCHITECTURAL ORNAMENTATION FROM EXISTING VESTIBULE EXTERIOR.
 - 6 AT SUNKEN PATIOS, PROVIDE BLACK ALUMINUM GUARD RAIL SYSTEM, RAILING TO BE 42" ABOVE GRADE, WITH BALUSTERS AT 4" O.C., <6" BETWEEN DECK AND BOTTOM RAIL.
 - 7 PROVIDE WOOD DOOR / SIDELIGHT / TRANSOM SYSTEM AT ENTRY. INCLUDE POWERED ELECTRONIC ENTRY SYSTEM PER CHR SPECIFICATION.
 - 8 P.T. WOOD GUARDRAIL, 42" ABOVE DECK SURFACE, BALUSTERS @4" O.C., <6" BETWEEN DECK AND BOTTOM RAIL. AT STAIRS, PROVIDE ADDITIONALLY A 1 1/2" DIAM. HAND RAIL, 36" ABOVE NOSING, 1 1/2" CLEAR FROM POSTS.
 - 9 PROVIDE BLACK HINGED STEEL GRATE AT TOP OF WINDOW WELLS, OPERABLE FROM BELOW FOR EMERGENCY ESCAPE.
 - 10 PROVIDE P.T. STAIR & DECK FOR UTILITY / STORAGE ROOM ACCESS.
 - 11 PROVIDE ARCHITECTURAL PORTICO WITH GFRC TUSCAN COLUMNS, PVC TRIM, AND DECORATIVE BALUSTRADE ON EPDM ROOF.
 - 12 FORMER VESTIBULE WALL ABUTS NEIGHBORING BUILDING. PROVIDE 2 LAYERS 5/8" TYPE X GWB ON INTERIOR WALL AGAINST LOT LINE.
 - 13 REPLACE WINDOW.

Subject: Regarding Case No. BZA-201432, 1640 Mass Ave. BZA Meeting of the 15, December, 2022

Dear Ms. Pacheco,

We received the notification today, Saturday November 26th. After reading it over this weekend, we have the following initial informational requests from the petitioners. We are certain that we will have further issues and questions of fact after we have more time to properly review the proposal.

1. We do not see shadow or sight lines projected onto our house and property. We have reason to be concerned that morning sunlight in our garden, bedroom, and kitchen will be blocked by the proposed new additions and that part of the new building will block our view and constrict our light, and air. Please ask the petitioners to project the new shadow configurations to our house and property so that we may review them prior to the hearing.
2. We request that they provide us with information regarding their proposed management of all trash from the building. Exactly how and where will it be collected, stored, and picked up? We have a severe rat problem in the neighborhood so understanding this is critical to the health of the entire community and their proposed tenants. Where trash storage will be located is not presented in their proposal.

Finally, we request a delay of the first BZA presentation. We are the most affected abutter and its consequences are serious for us. This is a complicated proposal with no less than six violations requiring variances and special permits. The proposal raises some knotty issues, as they point out themselves. We have only two weeks in this very busy holiday season to find

expert help to analyze and develop questions and responses to their proposal.

We simply do not have the time to do our own due diligence of this complex, multifaceted proposal nor to meet with the proposers to understand our mutual interests. We think this is a too restrictive timeline for us and the affected neighborhood. We request a delay in the hearing to enable us to secure legal and other expert help, analyze the issues, discuss in the neighborhood, gain a good understanding from Chestnut Hill of their project, and prepare a thoughtful response for the BZA hearing.

Please give us the time to do this review properly.

Sincerely yours,
Gordon and Charlotte Moore

Subject: BZA meeting of December 15, 2022 regarding a petition for 1640 Massachusetts Ave

Dear Ms. Rhatigan,

I have three questions of fact regarding the petition. The BZA staff person, Ms. Pacheco, informed me that these should be submitted to you for the petitioner's response, hopefully prior to the meeting.

1. We do not see shadow or sight lines projected onto our house and property. We have reason to be concerned that morning sunlight in our garden, bedroom, and kitchen will be blocked by the proposed new additions and that part of the new building will block our view and constrict our light, and air. Please ask the petitioners to project the new shadow configurations to our house and property so that we may review them prior to the hearing.
2. We request that you also provide us with information regarding the proposed management of all garbage and trash from the building. Exactly how and where will it be collected, stored, and picked up? We have a severe rat problem in the neighborhood so understanding this plan is critical to the health of the entire community and your proposed tenants. Where trash storage will be located is not presented in your proposal.
3. Will the units be air-conditioned and how will that be done. Specifically, are there any planned exterior compressors and fans?

I will also post this as a letter to you at Trilogy Law, but I thought it would be helpful to let you know asap so that you have the time to answer.

Sincerely yours

Gordon and Charlotte Moore

Subject: Re: BZA meeting of December 15, 2022 regarding a petition for 1640 Massachusetts Ave

Dear Dr. Moore—

Thank you for your email. I read your email to Ms. Pacheco (from yesterday) which was posted to the application portal, noted your questions and concerns about the project, and immediately forwarded your email to my client (Mr. Martineau (cc'd here)). Mr. Martineau informed me that he had received a call from you and had already scheduled an on-site meeting for this morning (I believe). I am pleased that you will have a chance to view the conditions and discuss these issues directly with Mr. Martineau. We will work to provide you with information responsive to your concerns below as soon as possible.

Sincerely,
-Sarah

December 2, 2022

Cambridge Board of Zoning Appeals
831 Massachusetts Avenue
Cambridge MA 02139

RE: 1640 Massachusetts Ave Proposal

Dear Board Members,

I am writing to express my support for the proposal to convert 1640 Mass Ave into seven apartment units. The proposal will greatly improve the use of site as the use is consistent with the surrounding neighborhood. The applicant's efforts to largely preserve the building's architecture, are greatly appreciated. As the closest abutter to this project, we also appreciate their efforts to ensure the project's impacts to our property are minimized.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Salim Tabit', with a large, sweeping flourish above it.

Salim Tabit

Subject: Re: Regarding Case No. BZA-201432, 1640 Mass Ave. BZA Meeting of the 15, December, 2022

Dear Ms. Pacheco

In accordance with the suggestion from the Chairman, I am requesting the following be brought to the attention of the BZA members before next Monday.

BZA Commissioners:

The 1640 Mass Ave proposal (BZA 201432) is very complicated, as will be our presentation that it does not meet Zoning Ordinance standards. There are two petitions and two variances about which we will have something to say.

We respectfully ask if we could have an extension of time (3 minutes for each of their four requests would be the most helpful) for making our case.

Please let me know your answer so that we can plan accordingly.

Thank you,

Gordon Moore

Hi,

I emailed the Chair, and this is what he said:

I will probably allow a little more flexibility, time in their testimony. I would ask that they send a letter to the board, by next Monday before 5:00 p.m., so that members of the board will be aware of their position and have time to reflect on their views, and hopefully, council for the applicant, Sarah Rhatigan ???? will also be aware.

Maria

Chestnut Hill Realty

November 22, 2022

Dear Neighbor,

I am writing on behalf of 1640 Mass Ave Realty Trust to introduce myself and to make you aware of our proposed renovations to 1640 Mass Ave. Our proposal consists of primarily interior renovations to the existing building to create seven apartment units, including four 1-bedroom units and three 2-bedroom units. The proposal largely preserves the existing building with the exception of minor additions to the front and sides of the building. The courtyard in front of the building will be improved with new landscaping and hardscaping. No new surface parking will be created and access to the building will not change. We anticipate the Board of Zoning Appeals will be reviewing our application in mid-December. A date for our hearing has not yet been scheduled.

In the interim, I am more than happy to answer any questions you may have and to share our plans with you.

Please feel free to contact me at 978-551-3169 or via email at amartineau@chestnuthillrealty.com

Cambridge, MA 02139

Attn: Maria Pacheco, Zoning Administrator

Re: BZA Case No. 201432-2022—1640 Massachusetts Avenue, Cambridge

Dear Ms. Pacheco:

Enclosed here for filing in connection with the above-referenced Board of Zoning Appeal application are the following additional materials:

- a) Certified Plot Plan – 1640 Massachusetts Avenue – showing the proposed conditions, dated December 5, 2022; and
- b) Solar Studies – 1640 Massachusetts Avenue – dated December 4, 2022.

Thank you for your assistance.

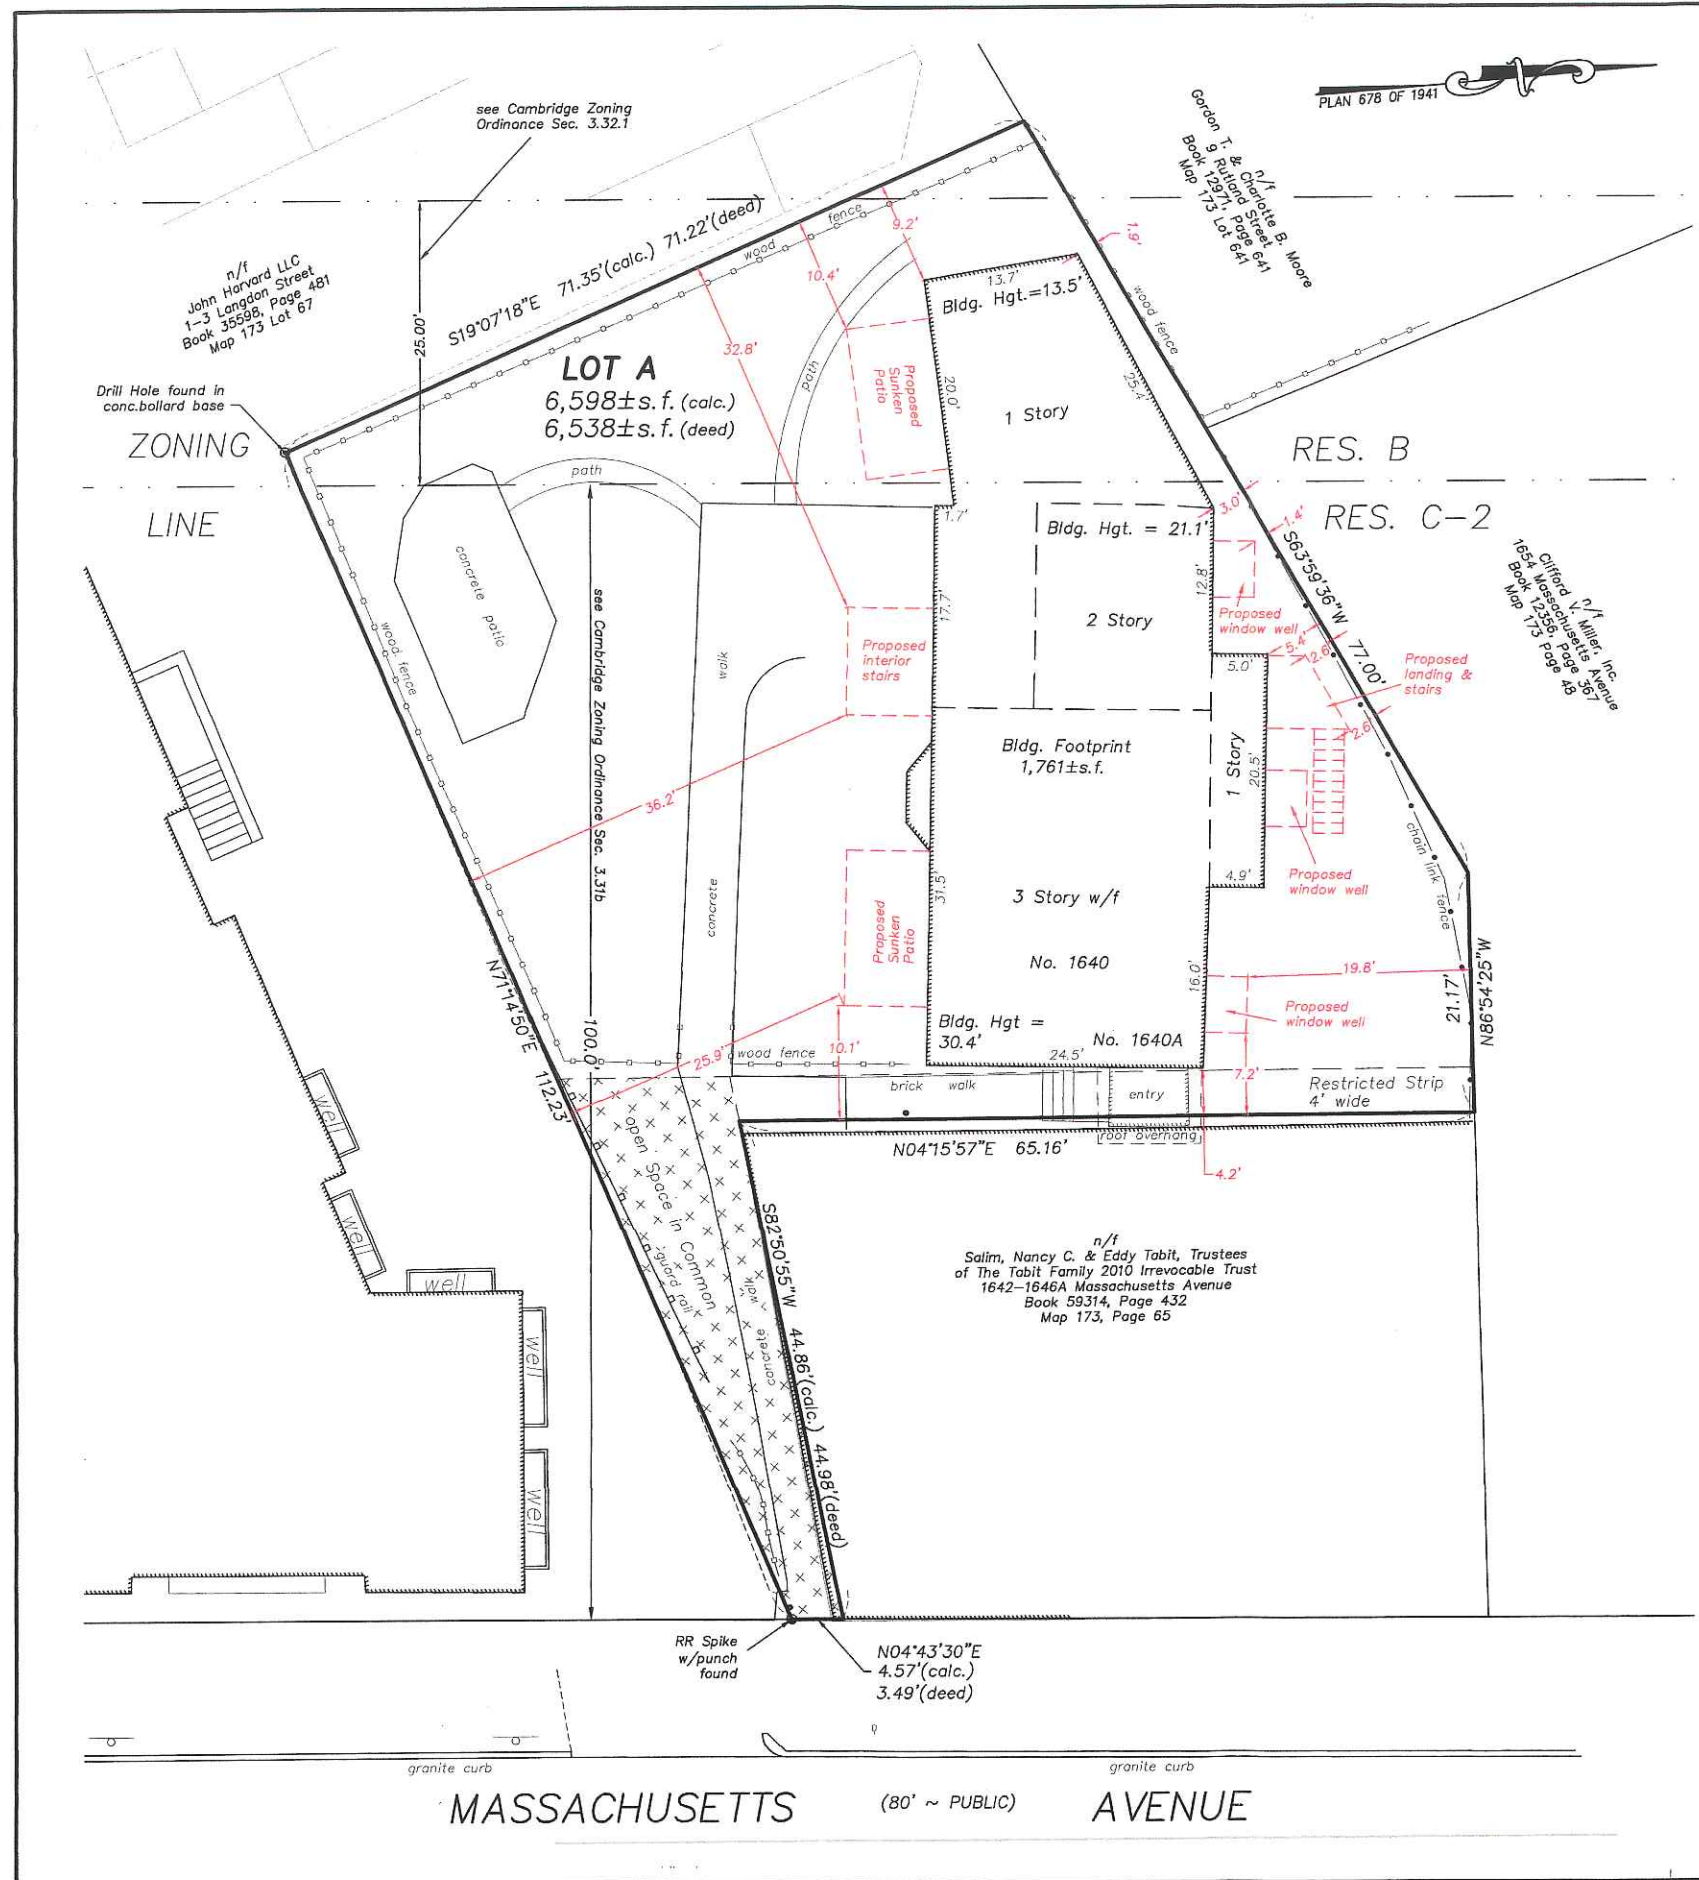

Sincerely,

Sarah Like Rhatigan, Esq.

BZA 1640 Mass Ave

Thursday, December 15, 2022

Charlotte and Gordon Moore, abutter

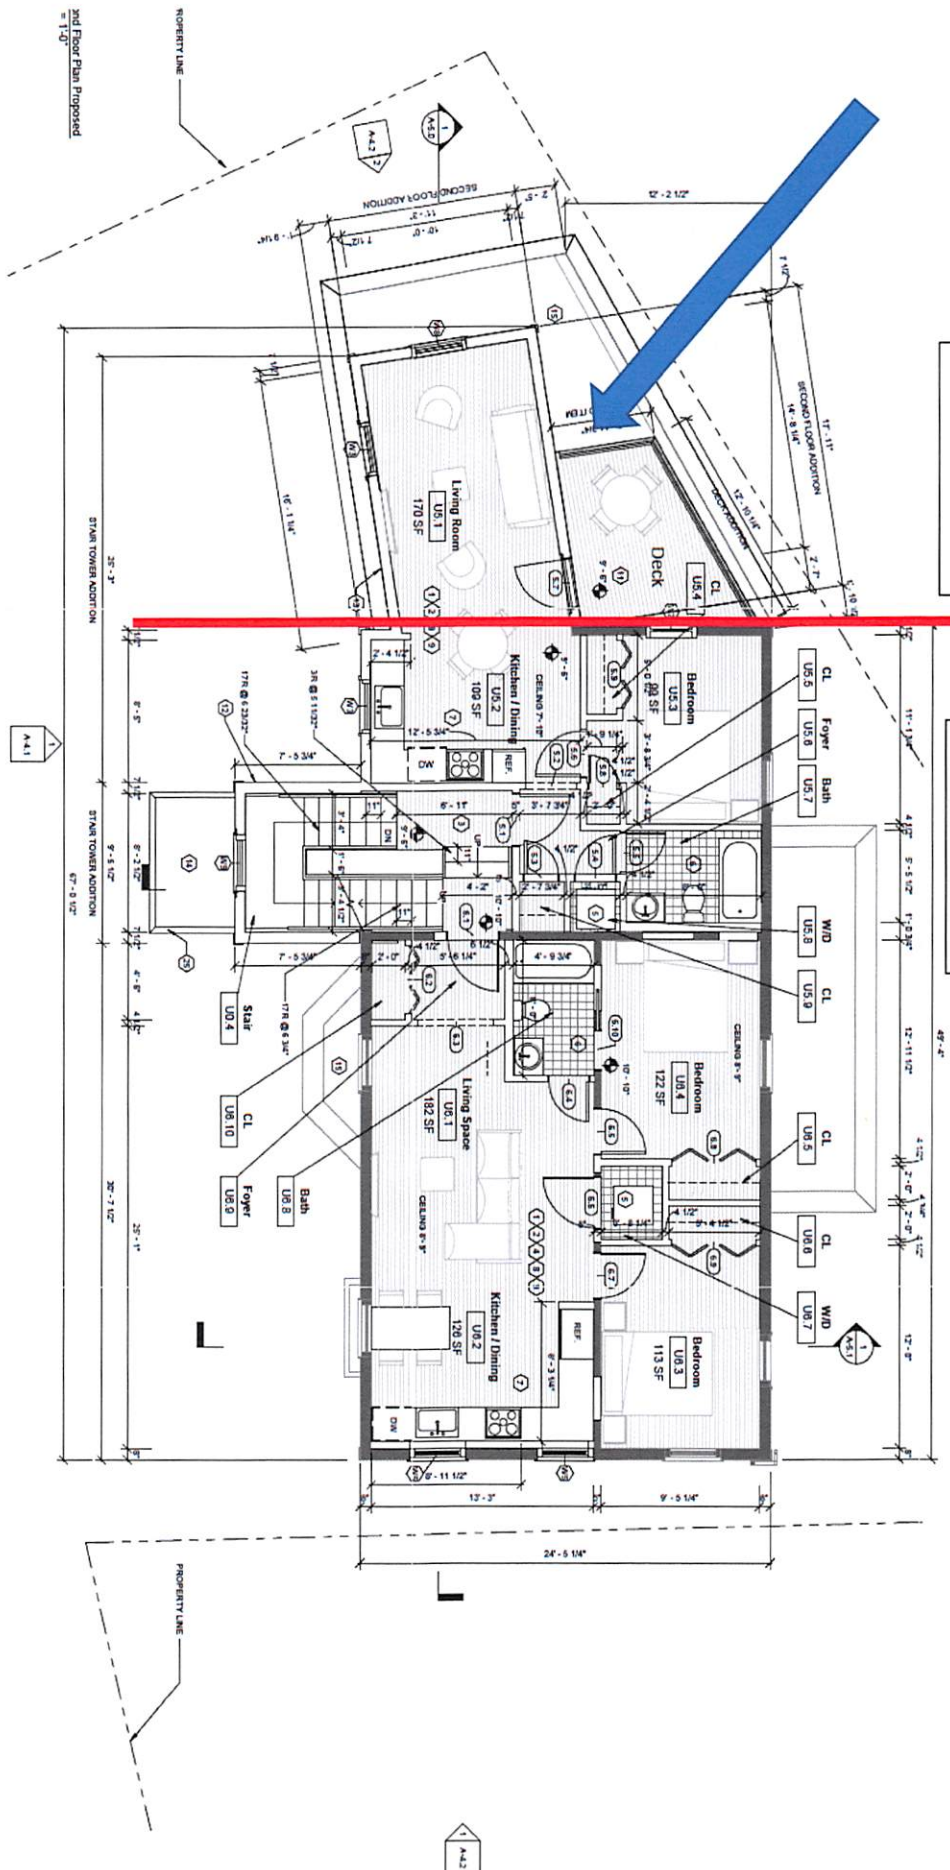

9 Rutland Street

Variance Category 1

- The Petitioner seeks variances under Section 8.22.3 to allow for renovation of and additions to a nonconforming structure that will violate the right-side and rear yard setbacks requirements of Section 5.31

Residence B

Residence C2

2nd Floor Plan Proposed = 1-0

PROPERTY LINE

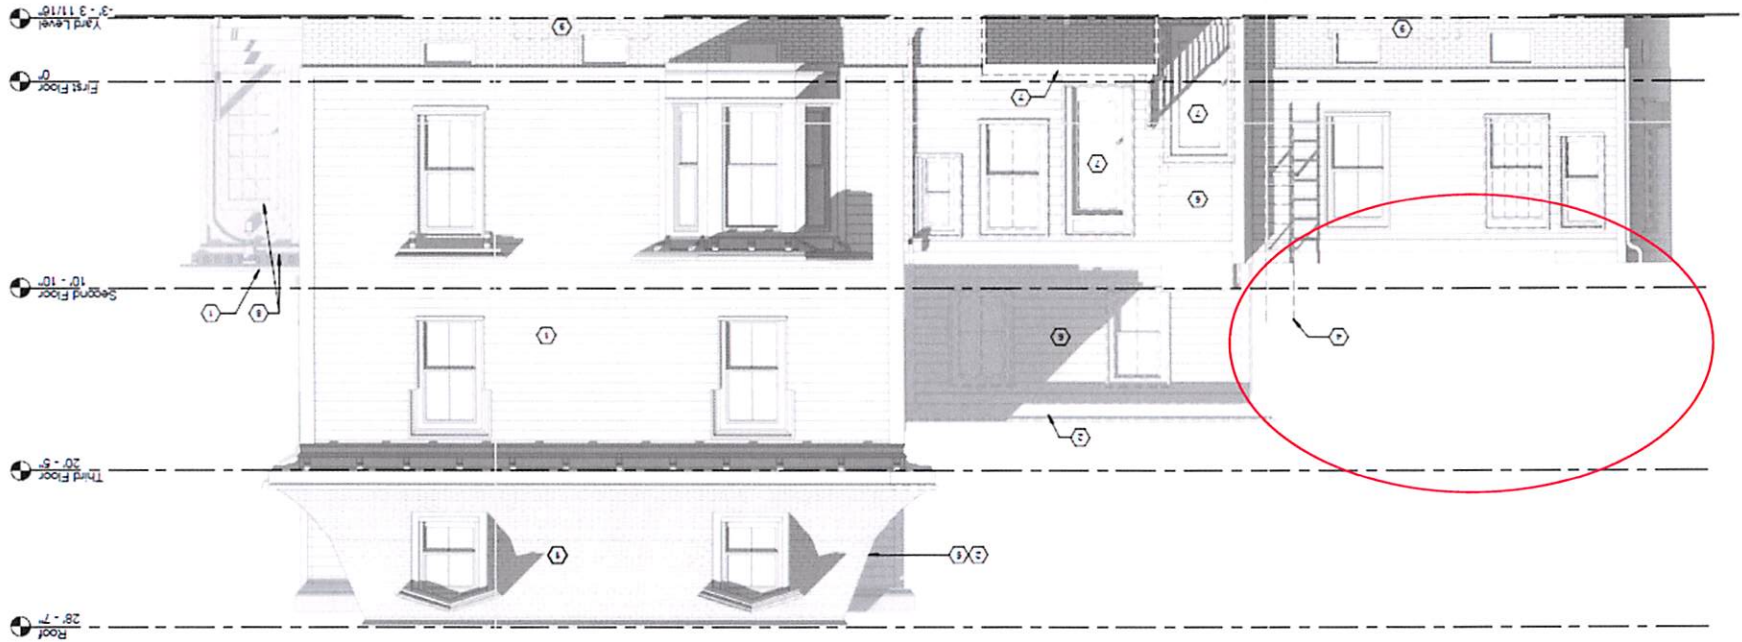

STAR TOWER ADDITION

STAR TOWER ADDITION

4-4-1

4-4-2

PROPERTY LINE

Petitioner's claim for hardship for both proposed variances

"....a substantial hardship, financial or otherwise to the petitioner or appellant"-----
the ordinance requirement for a variance

- Hardship = "severely constraining the ability of the Petitioner to renovate, improve and modestly expand the existing structure in order to provide for updated, code-compliant, residential housing within the existing structure."
 - No reason why removing the small additions on the second floor would in any way constrain their ability to renovate, improve, or offer seven units.
- "The renovations, modest additions, and conversion to multi-family residential use while largely preserving the existing building are necessary to make the project financially feasible."
 - We do not believe that adding 150 square feet (2.5% of gross floor area) and the small deck are necessary to make the project financially feasible.
 - Financial feasibility here doesn't seem to us to qualify as a hardship. It was their risk, they knew what they wanted to do, and it was a known hardship when they knowingly bought the property in its existing structure and constraints.

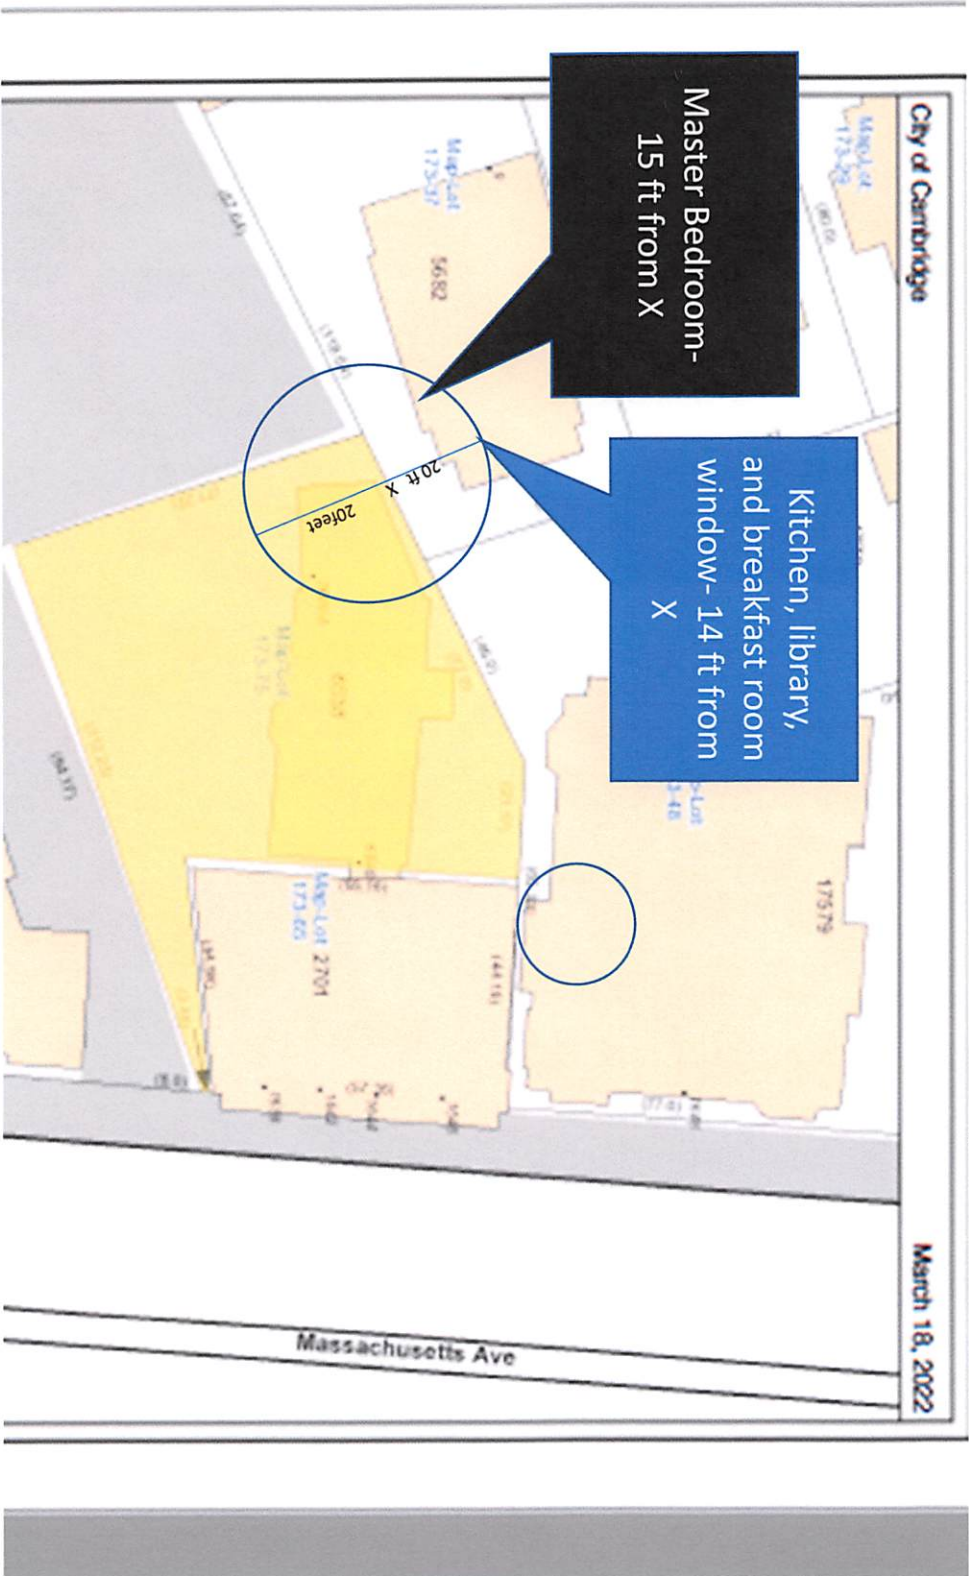

We do not believe the petitioner has made
a persuasive case for hardship for relief from setback requirements

Their claim of benefits for abutters from Floor 2 addition and attached deck

Their Proposed benefits to abutters

1. “Create quality housing with valued open space for the benefit of the residents and abutters”
 1. No addition of open space for this project. In fact it is visually reduced by the new structures
 2. No addition of affordable housing
 3. Exterior building quality is excellent as is. Roof replaced two or three years ago. No evidence of deterioration in area of the variance request.
2. “Not result in use or activity not otherwise permitted in the ordinance.”
 1. Agree. We support conversion of use to residential.
3. “Not result in negative impacts listed in Section 1.3 regarding traffic, population density, blight, and pollution.”
 1. presented in the next slide about the hardship for the abutter created by awarding the two variances.

Abutter's objections to the variances are only those requested for the second floor addition and roof deck. We are directly affected.

Hardship for abutters from Floor 2 addition and attached deck.

- **Hardships and nuisances experienced by the abutter (detailed documentation of evidence is available):**

1. Sunlight

1. In kitchen, dining area, the addition blocks morning sunlight at the darkest time of the year from October to March

2. Light, air, and openness

1. Blocks wind circulation in back half of the house

2. Blocks view from library and master bedroom

3. Closes in abutters and contiguous residences. Closed in, tenement feeling in confluent back yards

3. Density and crowding

1. Completely closes in the now open backyard areas of us and three multifamily residences and two apartment buildings

2. Violates density requirement for Residence B.

4. Noise

1. Deck and windows are 13 feet from kitchen and library and 15 feet from master bedroom

2. Both their proposed deck and the new living room window are less far away than their required rear setback, with noise to our bedroom and library

5. Privacy and intrusiveness

1. Looks directly into our bedroom and bed

2. Total distance of 15 feet from deck to our house

6. Vermin (rats causing health problems, blight, and pollution)

1. By adding a second bedroom, they are increasing the garbage going outside and worsening the rat problem they have proven to create and they have no plan for how garbage collection and storage will meet state code

2. The petitioners, Chestnut Hill Realty, have a long history of non compliance with the garbage code

1. Rat problem was created when garbage was displaced outside when basement units in their abutting apartment building were created a decade ago.

2. Regular spilling and over flowing of recycling and garbage, documented by photos over ten months

3. We have fought rats invading our house for ten months while CHR ignored repeated citations for code violations from Inspectional Services

4. Density → more tenants → more garbage → more rats → neighborhood health problems.

Their proposed living room window

Variance category 2: Density relief in Residence B

“Section 3.32.2 to allow additional residential units (that are allowed per calculations of allowable density for the whole lot) to be located partially on the Residential B portion of the lot, thereby allowing for the conversion to seven (7) residential dwelling units.”

Their claimed hardship for variance 2 is the same: “to make the project financially feasible” by building 7 units.

If the petitioner is awarded Variance 1 (the non-conforming use variances) then we object to Variance 2 (the density variance) to deny the proposed second floor additions in Residence B.

If the setback variances are awarded, then we extend our claims of hardship to Variance 2 (density). The negative effects on us caused by their expanding into the Residence B zone are the same as for the variances. These effects are the result of increasing project density. Changing the triangle of Residence B to C2 by permit doesn't change the deleterious effects on us and seems to us to negatively influence and subvert the general purpose of the City codes regarding density.

If Variances (category 1) are denied, then we do not object to awarding Variance 2 (for density) to apply to the remaining existing space use in the basement and 1st floor units in Residence B. Allowing these uses in existing space means that seven units can be still be created by the proposer and the reduction in the second floor non-conforming exterior additions greatly reduces the density hardship to us and others.

If Variance 2 (density relief) is awarded, then they no longer have a project need for a permit to extend zone C2 into Residence B.

No need for Permit to extend Residence C2 into Residence B

Special permits will normally be granted except when particulars of the location or use, not generally true of the district or of the uses permitted in it, would cause granting of such permit to be to the detriment of the public interest because:

(e) For other reasons, the proposed use would impair the integrity of the district or adjoining district, or otherwise derogate from the intent and purpose of this Ordinance

- The Addition and Roof Deck are non-compliant with setback requirements in both Residence B and C2
- The zoning requirements and non-compliance status are unaffected by whether the Addition or the Roof Deck are in Residence B or C2
- If the density variance is awarded, extension of Residence C2 into B, is not needed for the relief they request
- **BUT** the Residence C2 extension would not be reversable, once permitted
- The triangle of land abutting us, were it to become Residence C2 in what was formerly Residence B, would allow onerous height and setback changes encroaching on our home
- Remedy:
 - Do not grant permit for extension to Residence C2,
 - rather wait until a future development is actually proposed where the extension of C2 would make a difference
 - More appropriate to apply and decide on the zoning extension in relation to a specific project and to conditions extant at the time it is proposed. Otherwise, it is a taking.

Our request to the BZA

- Deny the petitioner's variance request (1) for the non-complying second floor addition and the roof deck.
- If 1 is denied, accept their petition for the variance (2) for density relief. Our major objections on density as an abutter will have been eliminated.
- If Variance 1 is accepted, deny variance 2 on grounds of density inconsistent with Ordinance section 1.3 (Purpose)
- Reject the permitting request to extend Residence C2 into the current B on the basis that this privilege is not used and creates a taking of our rights under Residence B and eliminates the chance to review any future proposal at the time and under the terms when it is made.
- Make acceptance of other variances or permits contingent on acceptable rat-proof garbage management and placement of air conditioning equipment so that it is not a hardship to us.

The End

Dear Board Members,

I am writing to you in support of 1640 Mass Ave Realty Trust's application for zoning relief to renovate 1640 Mass Ave into seven apartment units. The proposed changes to the building are modest and will greatly improve this underutilized property with no perceptible impact on the neighborhood.

Sincerely,

A handwritten signature in black ink, appearing to read "Kurt Miller", written over a horizontal line.

Board of Zoning Appeal
City of Cambridge
831 Massachusetts Avenue
Cambridge, MA 02139

Attn: Maria Pacheco, Zoning Administrator

Re: BZA Case No. 201432-2022—1640 Massachusetts Avenue, Cambridge

Dear Members of the Board of Zoning Appeal:

The Petitioner requests a continuance of the hearing on the above-referenced matter, currently scheduled for 6:00 p.m. on March 9th, 2023.

As grounds therefore, the Petitioner is working with its design team to modify plans for the property in response to comments of this Board at the initial hearing held on December 15, 2023.

The Petitioner respectfully requests that this case be scheduled for a hearing on April 6, 2023 or for the soonest hearing date on which all five Board Members (who heard the December 15th hearing discussion of this case) will be available.

Thank you for your assistance.

Sincerely,

Sarah Like Rhatigan, Esq.

Address: 1640 Mass Avenue

Case No. BZA-201432

Hearing Date: 3/9/23

Thank you,
Bza Members

1 * * * * *

2 (6:08 p.m.)

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Jim
4 Monteverde, and Laura Wernick

5 BRENDAN SULLIVAN: Next case we'll hear is BZA
6 201432 -- 1640 Massachusetts Avenue. Sarah Rhatigan?

7 Sarah, you're on.

8 SARAH RHATIGAN: Good evening. Sarah Rhatigan,
9 Trilogy Law, LLC, on behalf of the petitioners for this
10 case. We too have requested a continuance, and there's a
11 letter in the file requesting a continuance for -- until I
12 believe the date we had requested was April 6. But hearing
13 your discussion earlier, I'm guessing that it maybe that
14 we're looking at April 27 as well.

15 We are still in the process of working out some
16 alternatives to the design in response to the concerns
17 raised at the last hearing.

18 BRENDAN SULLIVAN: Yeah. The April 13 is
19 8,9,10,11,12,13 cases that night. So that's full. The
20 first available would be April 27.

21 SARAH RHATIGAN: Mm-hm.

22 BRENDAN SULLIVAN: And I don't know if you just

1 heard me, but Mr. Marshall, who sat on this case initially,
2 will no longer be on the Board as of tonight. He stayed
3 around until this particular case.

4 And so, again, I give you the option that you can
5 either go with four members or if you wish that we could try
6 to empanel another member to be the fifth member to hear
7 this case on the twenty-seventh.

8 SARAH RHATIGAN: We would like to ask you to try
9 to empanel a fifth member, if you are able to.

10 BRENDAN SULLIVAN: Okay. So what I'll do is make
11 a motion, then, to continue this matter to April 27, 2023 at
12 6:00 p.m. on the condition that the petitioner change the
13 posting sign to reflect the new date of April 27, 2023 at
14 6:00 p.m.

15 Any new submittals, drawings, dimensional forms,
16 supporting statements be in the file by 5:00 p.m. on the
17 Monday prior to the April 27 hearing.

18 Additionally, the Board will reach out to another
19 member of the Board to see their availability on April 27,
20 to be able to sit on this and that they will have time to
21 review the entire file regarding this matter and be
22 comfortable to be the fifth member of that night.

1 So where, again, as we said, Sarah, on the first
2 case, we're going to need somebody to probably be available
3 -- it maybe the same person, it may be a separate person on
4 these two cases. So we have to have somebody who's
5 available and somebody who can read all the correspondence
6 up to now.

7 So on that motion, now, to continue this matter to
8 April 27, Jim Monteverde?

9 JIM MONTEVERDE: In favor.

10 BRENDAN SULLIVAN: Andrea Hickey?

11 ANDREA HICKEY: In favor.

12 BRENDAN SULLIVAN: Laura Wernick?

13 LAURA WERNICK: In favor.

14 BRENDAN SULLIVAN: There's -- Matina, are you on
15 the line?

16 And Brendan Sullivan. All we need is four votes -
17 - Brendan Sullivan yes.

18 [All vote YES]

19 BRENDAN SULLIVAN: On the motion to continue this
20 matter, four affirmative votes, this matter is continued
21 until April 27. See you then.

22 SARAH RHATIGAN: Thank you very much.

Re: BZA Case No. 201432-2022—1640 Massachusetts Avenue, Cambridge

Dear Members of the Board of Zoning Appeal:

The Petitioner requests a continuance of the hearing on the above-referenced matter, currently scheduled for 6:00 p.m. on April 27, 2023.

As grounds therefore, the Petitioner needs additional time to modify its plans in response to concerns raised at the hearing on December 15, 2023.

The Petitioner respectfully requests that this case be scheduled for a hearing on or after June 22, 2023.

Thank you for your assistance.

Sincerely,

Sarah Like Rhatigan, Esq.

Re: BZA Case No. 201432-2022—1640 Massachusetts Avenue, Cambridge

Dear Members of the Board of Zoning Appeal:

The Petitioner requests a continuance of the hearing on the above-referenced matter, currently scheduled for 6:00 p.m. on June 29, 2023.

As grounds therefore, the Petitioner and its team have been working on developing a revised design that will respond to concerns raised by the Board and a neighbor of the project.

The Petitioner respectfully requests that this case be scheduled for a hearing on or after September 1st, 2023.

Thank you for your assistance.

Sincerely,

Sarah Like Rhatigan, Esq.

2 (6:03 p.m.)

3 Sitting Members: Brendan Sullivan, Jim Monteverde, Andrea
4 A. Hickey, Laura Wernick, Matina Williams,
5 and Slater Anderson

6 BRENDAN SULLIVAN: First case I'm going to call is
7 on the Continued agenda; Case No. 201432 -- 1640
8 Massachusetts Avenue. Is there anybody representing the
9 petitioner?

10 Sarah?

11 SARAH RHATIGAN: Yes. Sarah Rhatigan, Trilogy
12 Law, LLC. I am representing the petitioner. Good evening.

13 We submitted a letter requesting a further
14 continuance of this case. The owner has been working with
15 the architect to try to propose a redesign of their proposed
16 renovations and addition. That would be responsive to the
17 concerns that were raised at the last hearing.

18 They just have been working through some both
19 technical issues and also just programmatic issues to see if
20 they can come up with something that is going to be
21 workable, and they're needing some additional time to do
22 that.

1 Once plans are resolved internally, they also will
2 obviously be wanting to reach out to their neighbor, who was
3 most concerned about the impacts of the original design and
4 are expecting to require a few weeks to meet with that
5 neighbor and address any concerns.

6 BRENDAN SULLIVAN: Okay.

7 SARAH RHATIGAN: I'd suggested a date in the cover
8 letter. Obviously, I don't know what this Board's schedule
9 is like. But I think we were looking at at soonest June 22
10 or a hearing after that.

11 BRENDAN SULLIVAN: After that would be June 29.

12 SARAH RHATIGAN: Correct.

13 BRENDAN SULLIVAN: So we have nothing on the
14 twenty-second. We don't have a meeting that night; we have
15 a meeting on --

16 SARAH RHATIGAN: Oh, I'm sorry.

17 BRENDAN SULLIVAN: -- June 15, and the one after
18 that --

19 SARAH RHATIGAN: Mm-hm.

20 BRENDAN SULLIVAN: -- would be June 29.

21 SARAH RHATIGAN: Okay. So I think that June 29 St
22 date that would work best for us.

1 BRENDAN SULLIVAN: All right. So let me see if I
2 can empanel the Board that night.

3 Jim Monteverde, are you available on the twenty-
4 ninth?

5 JIM MONTEVERDE: I am.

6 BRENDAN SULLIVAN: Andrea Hickey, are you
7 available on the twenty-ninth?

8 ANDREA HICKEY: That's June 29?

9 BRENDAN SULLIVAN: June 29, yes.

10 ANDREA HICKEY: I am available.

11 BRENDAN SULLIVAN: Matina Williams, are you
12 available on June 29?

13 MATINA WILLIAMS: Yes. I'll be available.

14 BRENDAN SULLIVAN: And Slater, would you be
15 available on June 29?

16 [Pause]

17 BRENDAN SULLIVAN: Sarah, Slater Anderson is --

18 SLATER ANDERSON: I'm here.

19 BRENDAN SULLIVAN: -- definitely --

20 SLATER ANDERSON: Hold on.

21 BRENDAN SULLIVAN: -- Slater Anderson is taking
22 the place of Jason Marshall.

1 SARAH RHATIGAN: I see.

2 BRENDAN SULLIVAN: And he has read the transcripts
3 and all the pertinent --

4 SLATER ANDERSON: Yeah.

5 BRENDAN SULLIVAN: -- documentation and what have
6 you, so is -- will be empaneled.

7 SLATER ANDERSON: Yeah. I think I'm available.

8 BRENDAN SULLIVAN: Okay. All right. So -- and
9 I'm also available. So on the motion, then, to continue
10 this matter to June 29, 2023 on the condition that the
11 petitioner change the posting sign to reflect the new date
12 of June 29, 2023 and the time at 6:00 p.m.

13 That any new submittals not currently in the file
14 regarding plans, supporting statements, dimensional forms,
15 be in the file by 5:00 p.m. on the Monday prior to the June
16 29 hearing. Just write this down.

17 And I would hope, Sarah, that this would be the
18 last continuance, so that the petitioner should be ready to
19 go forward that night.

20 SARAH RHATIGAN: Yes.

21 BRENDAN SULLIVAN: Okay. On the motion, then, to
22 continue this matter, Jim Monteverde?
