BZA Application Form

SUPPORTING STATEMENT FOR A SPECIAL PERMIT

Please describe in complete detail how you meet each of the following criteria referring to the property and proposed changes or uses which are requested in your application. Attach sheets with additional information for special permits which have additional criteria, e.g.; fast food permits, comprehensive permits, etc., which must be met.

Granting the Special Permit requested for 18 Clinton St., Cambridge, MA (location) would not be a detriment to the public interest because:

A) Requirements of the Ordinance can or will be met for the following reasons:

The Petitioner recently inherited the property which has been maintained for several decades as a six-unit apartment building. The building needs substantial updates and improvements. The Petitioner wishes to renovate and convert to a two-family home. Originally built in approximately 1856, the property is pre-existing, non-conforming as to its use (as a six-unit multi-family) and its dimensional characteristics (Gross Floor Area/Floor Area Ratio, height, and setbacks (left and rear)).

The Petitioner's proposed alterations will improve the property's current non-conformities since a two-family use is conforming to the District requirements for lot size per dwelling unit. The property will continue to comply with Open Space requirements.

Certain modifications (modest additions and new window wells) to portions of the building already non-conforming within the setbacks require special permit relief. Additionally, since the new window wells change the calculation of average grade and thus increase the calculation of the Height of the structure, the window wells will also require special permit relief. However, it should be noted that there will be no actual increase in the height of the structure. Finally, it should also be noted that none of the proposed alterations will create any new nonconformities, and therefore the proposal qualifies for a special permit under Section 8.22.2.d (for minor alterations to non-conforming two-family structure).

The addition of new, modified and/or enlarged windows, doors and/or skylights on exterior walls of the nonconforming structure located within the side or rear yard setbacks (that would not otherwise be allowed under Section 8.22.1.d), require a special permit under Section 8.22.2.c.

B) Traffic generated or patterns of access or egress would not cause congestion hazard, or substantial change in established neighborhood character for the following reasons:

The project meets the general special permit criteria in that it will not substantially impact the established neighborhood character, nor cause congestion hazard, or negative impacts in terms of traffic generated or patterns of access or egress. In fact, the proposal will result in reducing the non-conformity of the existing use (as a six-unit apartment building), and thereby reduce the areas of the building counted towards Gross Floor Area, since basements of two-family dwellings are exempt.

The changes proposed are modest and will be in keeping with similar residential homes in the area and will improve (and not harm) the neighborhood character. There will be no change to access or egress patterns to and from the home.

The proposed new, modified and/or enlarged windows are necessary to allow adequate light, air, and egress for the improved basement living areas. These windows will largely be unseen and will not be detrimental to abutters, and therefore meet the requirements for a special permit under Section 8.22.2.c.

C) The continued operation of or the development of adjacent uses as permitted in the Zoning Ordinance would not be adversely affected by the nature of the proposed use for the following reasons:

The continued operation of or development of adjacent uses will not be adversely affected by this proposal. In fact, the renovation and conversion of this property will result in quality housing to the benefit of the Petitioner and all future owners.

- D) Nuisance or hazard would not be created to the detriment of the health, safety, and/or welfare of the occupant of the proposed use or the citizens of the City for the following reasons:

No nuisance or hazard will be created by the granting of the requested special permit relief, for the reasons described above. The proposal is in keeping with the residential development and density and nature of uses envisioned for the neighborhood.

- E) For other reasons, the proposed use would not impair the integrity of the district or adjoining district or otherwise derogate from the intent or purpose of this ordinance for the following reasons:

The requested special permit relief can be granted without impairing the integrity of the districts or adjoining districts, because it will allow for modest changes to a pre-existing non-conforming building, to a conversion to a compliant two-family use, that will be in keeping with the neighborhood uses and beneficial in providing much-needed, quality housing for the benefit of the District.

***If you have any questions as to whether you can establish all of the applicable legal requirements, you should consult with an attorney.**

Board of Zoning Appeal

Cambridge, MA 02139

Dear Board of Zoning Appeal,

I am delighted to write a letter of strong support for the proposed changes, improvement and building at 18 Clinton Street. I about the property on two sides, because I own 14-16 Clinton Street and 17 Clinton Street. I have lived on Clinton Street for 41 years and care deeply about my neighbors and my community. We have a variety of small apartments and condos and a few larger ones. Asha's proposal will bring a better balance of unit size and affordability to our street.

The proposed building is excellent. It is a wonderful restoration of a property that has been exploited for years. Many tenants have come and gone in the tiny apartments in this building. The building has suffered from poor or minimal maintenance over the years. It is wonderful that Asha would like to restore the building to something approximating its original use. The front building was very likely a single-family house, similar to number 17 Clinton Street. The building in the back is used as a single-family house now.

The reduction of units is very appropriate. These units will provide housing for families. There are single-family houses and three-bedroom condos on Clinton Street that are lived in by families now. The children living on the street are a wonderful addition to the community. Some years ago, Mahmood Firouzbakht made similar changes to the building at 24 Clinton Street. There are two families happily living there now. Asha's proposed changes are fully fitting with the neighborhood, and I endorse them with unqualified enthusiasm.

Sincerely yours,

Sue Butler, Neighbor.

6 BRENDAN SULLIVAN: The Board will now hear Case
7 No. 203612 -- 18 Clinton Street.

8 SARAH RHATIGAN: Good evening.

9 BRENDAN SULLIVAN: Hi, Sarah.

10 SARAH RHATIGAN: Hi, how are you? This is Sarah
11 Rhatigan, Trilogy Law, LLC, 12 Marshall Street in Boston. I
12 am here representing the owner of this property, which is 18
13 Clinton LP Asha Daniere.

14 Asha, are you online? Yep. I see you. If you
15 don't mind, if you could just turn your camera on so the
16 Board members can see you?

17 BRENDAN SULLIVAN: Now --

18 SARAH RHATIGAN: So --

19 BRENDAN SULLIVAN: -- there were some further
20 discussions regarding the application? And --

21 SARAH RHATIGAN: Yes. Yep.

22 BRENDAN SULLIVAN: Okay. And if you will just

1 give the Board the update on that?

2 SARAH RHATIGAN: Sure. Yes. I'm happy -- happy
3 to do that. And also just for the record, from -- you can
4 see the folks in the -- in the screen together from Sam
5 Kachmar Associates. It's Steve Hoheb, Axel, and Sam.

6 So thank you, Mr. Chairman. I understand that you
7 had posed a question to the Commissioner and Staff about the
8 legal basis for the application. And there was some
9 discussion that happened when I was actually out of town.

10 But I understand that the Commissioner had
11 recommended -- and actually let me back up. Would it be
12 helpful for me to just present the basic bare bones of the -
13 - of the case and what we've requested for relief?

14 BRENDAN SULLIVAN: Well, no. I would actually --
15 if we open it up to merits, then we have to assemble the
16 five.

17 LAURA WERNICK: I see. Yep.

18 BRENDAN SULLIVAN: -- and --

19 LAURA WERNICK: I see --

20 BRENDAN SULLIVAN: So I don't want to do that if -
21 -

22 LAURA WERNICK: -- I'll just answer, yeah, I'll

1 answer your question. I'm sorry. I understand what you're
2 saying. So we had further discussion.

3 And the Commissioner had recommended that we could
4 submit an application to the Building Department to
5 effectuate the conversion of the property from the existing
6 six units to two units.

7 And my client was happy to do so, although a
8 little concerned about the legal implications because she's
9 got -- you know, it's currently a six-unit being used for
10 six units, and she's got six sets of tenants in the
11 property.

12 And then there was also just the question of
13 timing of whether or not the application could actually be
14 submitted in time for the hearing this evening.

15 And so, we decided collectively that we would come
16 to you first this evening and ask if the board felt that by
17 submitting an application for the conversion, if that was
18 going to change your perspective on whether or not this case
19 can be heard as a special permit?

20 I have some arguments for why I think it could be
21 heard as a special permit, regardless of whether we've
22 actually submitted a building permit application, which I'd

1 be happy to discuss.

2 But I understand the desire not to have this case
3 formally opened and heard this evening if -- if in fact
4 we're not going to do the -- you know, if we'd prefer not to
5 do that.

6 BRENDAN SULLIVAN: Right. The question that I --
7 in reviewing it, I questioned the relief under 8.222d.

8 SARAH RHATIGAN: Mm-hm.

9 BRENDAN SULLIVAN: And in further review, the
10 Commissioner got back to me, and he said that I -- my
11 concern was probably correct, and that they would probably
12 need a variance.

13 And so, with that in mind -- again, one option
14 would be to continue this particular matter as still alive,
15 but that do file for your building permit, go through that,
16 but then also that regarding this particular application,
17 that potentially a variance is the route that would have to
18 -- you'd have to go.

19 SARAH RHATIGAN: Mm-hm.

20 BRENDAN SULLIVAN: Is that correct?

21 SARAH RHATIGAN: That is. I think that if it's
22 unlikely that the application for the building permit is

1 going to change your -- Mr. Chair, your opinion on whether
2 this -- this is adequately a special permit, then I think
3 that the -- the approach will be for us to seek a
4 continuance of the special permit for, you know, perhaps
5 several months. And we will go ahead and file a variance
6 application and ask to be heard on the variance prior --

7 BRENDAN SULLIVAN: Yeah.

8 SARAH RHATIGAN: -- to having any special permit.
9 Or actually --

10 BRENDAN SULLIVAN: All right.

11 SARAH RHATIGAN: -- let me clarify. There's --
12 there's -- special permit relief requested for window
13 changes. And those we would probably ask to have heard the
14 same night as the variance.

15 BRENDAN SULLIVAN: Yeah. Well, it can be
16 incorporated --

17 SARAH RHATIGAN: Yes.

18 BRENDAN SULLIVAN: -- as part of that.

19 SARAH RHATIGAN: Yeah. Mm-hm.

20 BRENDAN SULLIVAN: So rather than bifurcate them,
21 you know --

22 SARAH RHATIGAN: I see.

1 BRENDAN SULLIVAN: -- bring it all in together.

2 So --

3 SARAH RHATIGAN: Yep.

4 BRENDAN SULLIVAN: With that being said, how far
5 out do you want to continue this particular one? So here we
6 are in January, and did you want to kick this out until the
7 end of April, the first part of May or something? Or --

8 SARAH RHATIGAN: I think that that's a good idea.
9 I'm not sure when the next hearings are that are open for
10 new cases. Is -- is Olivia on the line? Does she --

11 BRENDAN SULLIVAN: Well --

12 SARAH RHATIGAN: -- happen to know when those may
13 be --

14 BRENDAN SULLIVAN: -- February 23 --

15 SARAH RHATIGAN: Uh-huh.

16 BRENDAN SULLIVAN: -- if we want to get something
17 in quickly, the next one is March 9 is somewhat open.

18 SARAH RHATIGAN: Mm-hm.

19 BRENDAN SULLIVAN: And March 23 has --

20 SARAH RHATIGAN: Okay.

21 BRENDAN SULLIVAN: -- absolutely no cases at this
22 point.

1 SARAH RHATIGAN: Okay.

2 BRENDAN SULLIVAN: So we go from February 23 to
3 March 9 to March 23, we'd probably do your variance
4 application.

5 SARAH RHATIGAN: Okay. Great.

6 BRENDAN SULLIVAN: So with that being said --

7 SARAH RHATIGAN: So with that being said, yeah, so
8 I would say that an April continuance --

9 BRENDAN SULLIVAN: -- so April 27?

10 SARAH RHATIGAN: -- would work for the --

11 BRENDAN SULLIVAN: April 27, we'll mark this
12 particular case up for, and it may go away.

13 SARAH RHATIGAN: And -- and if you don't mind, I
14 apologize, Mr. Chairman, as we're remote, I do want to just
15 make sure I'm on a text communication with my client and the
16 --

17 BRENDAN SULLIVAN: Yep.

18 SARAH RHATIGAN: -- SKA team. So if you don't
19 mind, just bear with me for one moment.

20 BRENDAN SULLIVAN: No, no, that's alright. No,
21 take -- sure.

22 [Pause]

1 BRENDAN SULLIVAN: April 27. Yeah. There's
2 nothing right now, so.

3 SARAH RHATIGAN: Okay. Just one moment. Just
4 checking something here. March 23. Okay, yes. So -- so
5 the date that you had for the April continuance, I apologize
6 was -- was what again?

7 BRENDAN SULLIVAN: April 27.

8 SARAH RHATIGAN: April 27. So that's for the
9 special permit if the variance --

10 BRENDAN SULLIVAN: That's --

11 SARAH RHATIGAN: -- application doesn't proceed?

12 BRENDAN SULLIVAN: That's for this particular case
13 before us.

14 SARAH RHATIGAN: Okay. Great.

15 BRENDAN SULLIVAN: All right. Let me make a
16 motion, then, to continue this matter to April 27, 2023 at
17 6:00 p.m. on the condition that the petitioner sign a waiver
18 to the statutory requirement for a hearing and a decision to
19 be rendered thereof. Such waiver would ask that it be
20 returned in the file by one week from tonight, be returned
21 to Ms. Maria Pacheco or Ms. Ratay.

22 And that the second condition is that the

1 petitioner change the posting sign to reflect the new date
2 of April 22, 2023 at 6:00 p.m., and that such sign be
3 maintained at least 14 days prior to the April 27 hearing.

4 Any new submittals regarding this particular
5 application be in the file by 5:00 p.m. on the Monday prior
6 to the 04/27/2023 hearing.

7 On the motion, then, to continue this matter, Jim
8 Monteverde?

9 JIM MONTEVERDE: In favor of the continuance.

10 BRENDAN SULLIVAN: Laura Wernick?

11 BRENDAN SULLIVAN: Laura Wernick in favor.

12 BRENDAN SULLIVAN: Wendy Leiserson?

13 WENDY LEISERSON: In favor.

14 BRENDAN SULLIVAN: Slater Anderson?

15 SLATER ANDERSON: In favor.

16 BRENDAN SULLIVAN: And Brendan Sullivan yes.

17 [All vote YES]

18 BRENDAN SULLIVAN: Five affirmative votes; this
19 matter is continued until 04/27/2023.

20 SARAH RHATIGAN: Thank you --

21 BRENDAN SULLIVAN: Okay. --

22 SARAH RHATIGAN: -- members of the Board.

1 BRENDAN SULLIVAN: Yep.

2 SARAH RHATIGAN: Thank you.

3 BRENDAN SULLIVAN: Is it 7:45 yet? Even? Just
4 about, huh?

5 JIM MONTEVERDE: Just about.

Cambridge, MA 02139

The Mid Cambridge Neighborhood Conservation District Commission hereby certifies, pursuant to Title 2, Chapter 2.78, Article III, Section 2.78.140-270 of the Code of the City of Cambridge and the City Council order establishing the Commission, that the construction described below is not incongruous to the historic aspects or architectural character of the building or district:

Construct 2nd floor addition, alter fenestration, replace siding and trim, and remove chimneys.

The Commission approved the proposal as submitted with the following recommendations.

- 1. Consider additional plantings and landscaping on the site.**
- 2. Reduce pervious paving as much as possible.**
- 3. Consider delineating the addition from the original house on the façade facing the driveway, such as a corner board or change in color tone.**
- 4. Consider keeping the more visible chimney above the roofline, or install faux chimney, to preserve the historic character of the neighborhood.**
- 5. Consult with CHC staff on paint colors and architectural details.**

The plans and specifications that were submitted with the application are incorporated into this certificate, which is non binding on the applicant.

This certificate is granted upon the condition that the work authorized is commenced within six months after the date of issuance. If the work authorized by this certificate is not commenced within six months after the date of issuance, or if such work is suspended in significant part for a period of one year after the time the work is commenced, this certificate shall expire and be of no further effect; provided that, for cause, one or more extensions not exceeding ninety days each may be allowed in writing by the Chairman.

Re: [18 Clinton Street, Cambridge, MA 02139](#)

To Whom it May Concern,

Our names are David and Patricia Wagner and we live at [12 Clinton Street](#). We live two buildings away and are **writing to voice our support for Asha's proposed project for 18 Clinton Street.**

Asha has shared with us the plans for the project. The overall transformation will greatly improve the current conditions of the building, which has not been updated in a long time and could benefit from some updates. After reviewing these proposed changes, we feel that these renovations will be a positive improvement to our street and to the overall neighborhood. We have numerous young families on the block with children, and feel the transformation into two larger units (vs six small rental units) could be a beneficial change for the community on the block. As a resident on Clinton Street, I look forward to the completion of this project and welcoming new community members to our street.

My biggest concern has been about professionalism of contractors on-site and site management in executing the project; Asha has emphasized that she will actively ensure this concern will be attended to and monitored to ensure neighborly relations. We hope that she will continue to consider neighbors like us during the construction process, particularly regarding safety with so many children on the block. While construction is never convenient for anyone, we recognize and support her efforts.

Asha has been transparent about her goals to improve her childhood home for the better, and we appreciate her status updates along the way. We worked with SKA (her architect) on our own renovation, and we feel tremendously confident that the ongoing project management and subsequent outcome will be in good hands.

Thank you for your consideration, and appreciate your time.

Best,

Patricia & David Wagner
